TEDERAL BUREAU OF INVESTIGATION

CARL E. HENNRICH

I am the Director of the Federal Bureau of Investigation, United States Department of Justice.

The Federal Bureau of Investigation, United States Department of Justice, has been designated by the President to take charge of investigative work in matters relating to espionage, sabotage and violations of the neutrality regulations. This Bureau is also charged with the cuty of investigating other matters bearing upon the maintenance of the internal security of the United States. The duties thus imposed upon this Bureau constitute a vital function in the national defense program of this country. At the present time this Bureau is required by Act of Congress to expand its personnel in order effectively to discharge the important duties devolving upon it.

Carl E. Hennrich is a trained Special Agent and has been continuously employed by the Federal Bureau of Investigation since February 3, 1934. He has been employed as a Special Agent by this Bureau since October 7, 1935. He cannot be replaced satisfactorily because of the shortage of persons with his qualifications and experience in such activity, and his removal for induction would cause material loss of effectiveness in the conduct of the national defense work of the Federal Bureau of Investigation. Extreme difficulty is being experienced at present in obtaining a sufficient number of qualified applicants to take care of the increasing expansion of this Bureau and it is impossible to consider a replacement of any individual for this reason. Turnover of personnel is extremely detrimental to efficiency, as trained and experienced members of the staff, such as Carl E. Hennrich, must form the nucleu of the expanded staff which this Bureau must recruit in order to fulfill its function

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to April 15, 1941, and who dies from any cause, while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of five dollars (\$5), made payable to the Chief Clerk of said Bureau, to be included in said fund. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping, and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$5,000.

Dear Sira

I have reviewed your letter dated October 10, 1941, together with the correspondence thereto attached concerning your telephone conversation with Chief of Police John Webb of Staunton, Virginia, and I desire to inform you that in my opinion you exercised extremely poor judgment in this matter.

I believe that you displayed a lack of tact and diplomacy during your conversation with Chief Webb, especially when you inquired af him as to the investigative steps he would take to apprehend the Subject in this case. Such a remark on your part obviously contributed to the already strained relationship between your office and Chief Webb which heretofore for the past two years had enjoyed excellent cooperation.

It is desired that you be more cautious in the future in your dealings with other members of the law enforcement profession.

MEMORANDUM FOR THE DIRECTOR.

RELATIVE STANDING OF THE SPECIAL AGENTS IN CHARGE

As requested I have endeavored to group the various Special Agents in Charge according to their relative standing and ability, considering their investigative and executive possibilities. In the various groups I have endeavored to give each a numerical relative standing, however in many instances there is very little choice as between them based upon my knowledge and opinion of them.

As to the employees who would be of the calibre to handle the entire New York situation, Mr. Nathan would present the only possibility. As to Mr. Nathan, however, I believe he would be eliminated by reason of his age and the difficult job necessary from a physical stand point as well as the other problems. This also determined the placing of him third on the list.

My listing is attached herewith.

Respectfully submitted,

C. JOHN WIFE, Chief of Police, Stannton, Virginia; <u>ack of Cooperatio</u> Dear Sire There are transmitted herewith copies of a meso-random submitted by by Special Agent Bugh Victillan dated October 3, 1941, and copies of a memorandum submitted by Special Agent J. E. Lewler dated October 6, 1941, regarding in instance of lack of cooperation on the part of John lebb, Chief of Police, Staunton, Virginia. The instant incident arose on October 3, when woon receipt of a teletype from the St. Louis Field Division. Office requesting information concerning the facts surrounding the that of an automobile at Otaunton, Virginia, I instructed Special Agent Mackillan to call Chief Webb and request him to furnish this office the information desired. It is noted that Special Agent MacMillan has handled police cases in the Richmond Office during the past several months, and on the occasion of the recent police conference at Harrisonburg, Virginia. personally met Chief Webb. DAM TOPAL Shortly thereafter special Agent MacLillen?ader vised that Chief Webb was still on the 'phointe and thet he was terribly woset because he thought the FEI had the childet in constody, and he requested that I talk with Chief Webb. moon the writer did talk with the Chief for appreci

minutes during which time Chief Webb advised the writer that he believed the FSI was not playing fair with him in that he had placed a stop notice in the files of the Identification Division in Tashington and requested that he be notified in the event of the apprehension of the subject in this case, and that he could not understand way

this had not been done.

He stated that the subject was wanted by his office for a number of crimes and that he intended to have him. I advised the Chief that the subject definitely was not in custody and that if any representation had been made that subject was in custody, that it was arreneous. I explained to him that the only information I had was the information contained in the above referred to teletype, and, in fact, I read the teletype to the Chief ver batim, over the Tphone.

I explained to him that while the subject was not in oustody, there was, revertheless, an allegation of a Federal violation, and that under the law it was the responsibility of the FBI to conduct investigations of any complaints received alleging a Federal violation. He stated that if a warrant were obtained by the FBI, and the FBI caught the individual, we would then so shead and prosecute him and he would be left holding the bag.

I told Chief Webb that if it were established that a Federal violation had occurred, the facts would be presented to the United States Attorney, and in the event he authorized presention, a warrant would be obtained and the apprehension of the subject would be sought. I told him that once the subject was apprehended, either by his office or ours, that it would then be a question for the United States Attorney to determine who should presente him first, and that so far as the FEI was concerned that it made no difference who presented first, and that our only responsibility was to see that an appropriate investigation was made as to the alleged Federal violation.

b6 • b7C I told him that the request which had been made of his office to furnish us with information concerning the facts surrounding the theft of the car was made in good faith and not for the purpose of "stealing" a case from him. He again requested that the writer promise in the event he furnished the information desired, that if the individual were caught, he would be turned over to the Steamton Police Department. I told him that I would not make such a promise because it was not within my province to do so.

I further toild him that in the event he did not cers to furnish the information desired, that it would be necessary to send an agent to Stannton to obtain this information so that our investigation could proceed. He stated that he guessed it would be necessary for me to take this action. It should be stated that during the course of my conversation with Chief Webb, I pointed out to him that if it were established the a Federal violation were involved and a warrant were issued, that the facilities of the FSI would be thrown into the location of the fugitive and an investigation could be conducted all over the country, wherever it might be necessary in an effort to locate him and see that he was brought to justice. Whereupon he stated that he would be able to effect the apprehension of the subject, and I asked him of the investigative steps he would \emptyset talte to do this. He answered that he had a stop notice in the files of the Identification Division and questioned, "They'll advise me if he is apprehended, won't they?" To which I answered that they would. He also stated he had placed a mail cover on relatives of the subject in Stannton, Virginia.

In view of the definitely unsatisfactory attitude of Chief Nebb during the conversation and his refusal to cooperate in furnishing the information requested, I instructed
\$pecial Agent J. E. Lewler, who was then in Rosnoke, Virginia,
to proceed to Staunton, Virginia, to talk with Chief Webb and
to be sure that Chief Webb understood definitely the position
of the FEI in connection with this matter and also to obtain
the information desired for transmittal to the St. Louis Office.
The results of Special Agent Lawler's conversation with Chief
Webb appear in his memorandum above referred to.

The files of the Bureau will reflect that some difficulty has been encountered with Chief Nebb several years ago, following which it was indicated that he should be comtacted with extreme cantion. However, his cooperation with this office has been execulent during the past two years. He is presently president of the Police Breentives Association of the State of Virginia and is considered among law enforcement officers as a good police officer with little education and "bull headed". I am of the opticion that the instant incident would not have occurred had not Special Agent MacMillan, through a misconstruction of the telegreen non-une structure of the telegreen under the costody. However, there is no exense whatever for Chief Webb's maintaining his "bull beaded" attitude and for his refusal to cooperate after the explanation which was given by the writer to him immediately following the conversation with Special Agent Machillan. For that reason I believe that caption should be exercised by the agents of this office in contacting Chief Webb, and in the absence of instructions to the contrary from the Bureau, I shall so instruct the agents of this office.

It is recommended that a letter be directed to Special Agent Mackillan by the Director, advising him of the Burean's displeasure at the manner in which he handled this mater.

Very truly yours,

Special Agent in Charge

On October 3, 1941, pursuant to instructions from SAC HEMMRICH, the writer telephonically contacted Chief JOHN WHEE of the Staunton Police Department with regard to the above-captioned matter. The writer identified himself as having met Chief WHEE at the recent police conference at Herrisonburg, Virginia, with Mr. HEMMRICH and inquired as to the condition of the Chief's injured arm.

The writer furnished the feats contained in the telltype deted October 3, 1941, from the St. Louds Office to Chief WEER and cordially requested bin to furnish the facts surrounding the theft of instant extomobile. Chief Wees edvised that he himself, was looking for the subject for this identical theft an that the Commonwelth!s Attorney had all of the information in his office with regard to the instant theft and that the subject was to be indicted next Thursday, October 9, 1941. He advised that he also had additional obarges against subject such as destroying property, killing dogs, etc., which he considered to be misdemenfors. It is pointed out that Chief will was recalcitrent about furnishing information as to the theft, asking why this office was interested in seme. He was advised that there might be a possible violation of the National Motor Vehicle Thaft Act and the White Slave Traffic Act, and the St. Louis Office had requested information in order that it might be properly bendled end that this office in no way wished to interfere with his local charges.

Chief WHB edvised that the subject had been raised near Stewaton and had lived in Stewaton for approximately the past two years and had been employed by Mrs. S. B. RANDAL of 221 North New Street as a text driver for approximately the past six months. He advised subject had no authority to leave Stewaton, Virginia, with the textenh and that subject was reportedly married to the victim but he had not checked into the same. When interrogeted further with regard to the facts of the case, Chief WHH indicated that he did not wish to furnish them as he felt that the FBI had railed in advising him of the apprehension of the subject which he had placed a wanted notice with the FBI at Washington.

ACTION OF PELD OF PRO

It is to be pointed out that the writer in the course of his conversation with Chief Webb may have indicated that the subject was apprehended; however, any such statements were, in the course of the conversation, subsequently qualified to the effect that the teletype wasn't definite in this respect; that it constituted all the evailable information in this office and that it was possible that the subject may have been apprehanded, but that the writer was not positive, nor could be definitely so state. Chief webb was advised, therefore, that the teletype itself did not reveal that the subject had been apprehended by the St. Louis Office and that our information concerning the case had come from St. Louis and not from Washington the writer further stated that if and when the subject is apprehended, the Bureau at Washington would immediately advise Chief

Chief Weel indicated that he did not appearantly clearly understand the situation and was becoming hostile, so the writer, therefore, suggested that he speak with Mr. Henneld regarding instant case. It appeared that Chief Weel was mader the impression that if he furnished the information regarding the theift to the FeI that he would lose his local case, and, therefore, declined to furnish the writer with any information although his cooperation was solicited.

The writer ascertained prior to telephining Chief

The eccordance with your instructions, the writer interviewed JOHN WIED, Chief of Police, Stewaton, Virginia, Police
Department, at Stewaton, Virginia, on October 4, 1941, in connection with his fellure to provide this office with information concerning the theft of the entomobile involved in the case entitled

— Victin, NWTA, WILATO

Obdef 1978 stated that on October 3, 1941, he had received a telephone call from Special Agent HUGH MacMillan, of the Bichingad Office, requesting information concerning the theft of a 1941 Chevrolet Seden, Motor Number M-157973, beering 1941 Virginia registration H-4-935, from Staunton, Virginia. Objet Will replied to Agent MacMillan that he was familiar with the facts in the case and had placed a stop notice with the Identification Division of the Fed<u>eral Bureau</u> of Investigation against the fingermaints of **399)(dag** Object Wills stated that Agant Madvillan replied desired elected foodstaggered and being mont foodstaggered and the contract of Agant MacMidison who the ingreen had testled to advise him of the no deerm ed delative eeleton goës eds of taeus wa hed pleaced with the Identiffication bivision of the Bureau. Chie Wills stated that upon receiving this information, he became greatly concerned, believing that he had received a "double cross". At While point, Agent Medullian referred Oblef While to Speedel Agent in Charge C. B. Hennitali.

Which will edviced that one word lead to enother with Mr. However the line fact lead to enother with had told him while had explained to him definitely that neither subject are vietim was in custody and further substantiated that statement by reading to him the teletype which this office had received from the St. Louis Office. to the theft of instant car, he could send an agent there for that purpose. Obtef will stated that he told Mr. Himming! it would be necessary for him to do so.

After hearing Chief Wills version of the case, the wealter told <u>boin that it appeared that the whole incident binar</u> excound a misrepresentation as to subject being in oustody. To this statement, Obiet Will agreed. He further agreed that the statement of Mr. Himnelich was made after considerable words had been passed and that he was probably as such as Mr. Howards in prompting this statement. I told whilef wish that the winter wished to correct definitely with win the missistement as to the subject os being in custody however, it was not belileved that he should allow such a missible ment to prompt a lack of cooperation in furnishing to this office the information relative to the theft of the antomobile. He was further informed that the Federal Bureau of Investigation was a fact finding body and whenever there was an allegation of a violation entrusted to us by Congress, it was necessary that we investigate the case for the purpose of determining if it were a violation of a statute over which we would have investigative jurisdiction.

Object Will stated that he was very much interested in preserving locally in that subject had, on August 15, 1941, taken two of dogs, on valued at \$200 and the other valued at \$50, and shot them at the estry dring. He stated that had told overyond in the eithy of Staumton mount the incident and it had caused him considerable emberressment. He stated that for this offense, he held a grand larceny warrant for the arrest of subject. Object
WEEL further related that subject had married viotin in West Virginia, and as bad a wife living neer Standon, Virginia, he held a warrant charging the subject with bigany. He advised that in connection with the that of the instant automobile, subject ්තුවේ ර්ලා ය රුතුර්ලවර් diriver in the city of Stannion and that custody of this our had h region each vid artid of beforetage ased Religious or objective instant our as a text in the State of Virginia. Special Agent

Special Agent in Charge/C. E. Hennrich/seems to be a sincere individual. He is fairly capable as an investigator, based upon my prior knowledge of him. He does not definitely impress me as to executive capability and forcefulness. Norfolk can be a very important location and a definitely forceful type of individual would be desirable at this

location if one is available. Ordinarily I believe he would be entirely satisfactory as a Special Agent in Charge, notwithstanding the various limitations previously above indicated. However, should a major disaster occur in the area, I would not have particular confidence in what he might do, particularly where he is left to his own device without the benefit of some rule or regulation. It is believed that the general disorganization as to the setup at Norfolk, particularly as to the work available is in part due, of course, to the move from Richmond to Norfolk. However, as to this, Special Agent in Charge Hemrich, having moved from Richmond, is responsible for the general condition as it exists. This disorganization is somewhat due, of course, to the necessary arrangements being made as to space, and it is believed that they will work it out in a very short time.

As to the handling of the various boats coming to Norfolk, they did not have any particular plan as to checking persons arriving on the boats, as well as the list of suspects who should be checked, and inamuch as he had to leave for Now York, it was suggested to Special Agent in Charge Hennrich that he consult particularly the New York Office personnel as to the setup which has been provided for handling the arrival of boats, the checking of suspects and searching of their baggage, in order that he might pattern his activities semewhat along these same lines at Horfolk. It is believed that this presents considerable possibility at Norfolk, and that it probably has not been developed sufficiently in the past. There are a number of boats arriving and departing from Horfolk at this time.

Hennrich makes a good appearance. His personality is of the "strictly business" type until one is permitted to become better acquainted with him.

Recent comments made by Chief of Police John Fulton Woods was that they really appreciated the fact that Mr. Hennrich was in Norfolk, and that he was very happy to cooperate with Hennrich, of whom he spoke in most favorable terms.

I would rate him as a Special Agent in Charge of above average intellectual ability. He stated that the training school of which he was a members was excellently planned, carefully operated, and he could make no

suggestions for its improvement. Status as a Special Agent in

Charge: Good.

Due to a lack of time, the manual tests were not afforded to Special Agent in Charge Henrich. I consider him an excellent Special Agent in Charge. He is thoroughly acquainted with the work of his office, has the respect and admiration of all of the employees in his office, is human, can properly discipline employees, making the employee feel that he and not the Special Agent in Charge or the Eureau is wrong, and is universally liked by law enforcement officials and civic leaders. He was sought out at a Kiwanis luncheon which I attended during my inspection, he has control in so far as O.N.I. and G-2 are concerned and all in all he is doing a good job and could handle a bigger office. I feel, however, at the present time due to the importance of the Norfolk Office it might be well to let him stay there.

Norfolk Office Inspection June 22 - June 27, 1942, inclusive Agent in Charge, C. E. Hennrich Inspector, W. R. Glavin NUL BEOCH DED

I am of the definite opinion that Special Agent in Charge Hennrich is doing a good job at Norfolk. It was encouraging to observe the manner in which he performed his work and the confidence the personnel had in him. He is well known to law enforcement officials and other persons in the Norfolk Division. The Chief of Police at Norfolk, John Woods, and the Chief of Police at Newport News, James M. Peach, both M. P. A. graduates, were high in their praise of the manner in which Hennrich is functioning at Norfolk. He appears to have his finger on the pulse of law enforcement in Norfolk.

that on the day of his arrival at Norfolk from In-Service Training he ascertained that the City Manager at Norfolk had called a meeting of law enforcement officials to discuss the May Act. This matter was a continuation of a previous meeting held several years ago and Hennrich, in ascertaining this fact, immediately called upon the City Manager and attended the meeting when it was held. The City Manager, at the time the meeting was hold, according to information furnished to me by the Chief of Police at Norfolk, issued instructions to all attending officials that Mr. Hennrich was going to hold a meeting at a later date and that they all must be there and that Mr. Hennrich was the Eureau representative in the Norfolk area and the responsibility for coordinated action under the provise of the May Act was his and the City Manager further stated he would insist on complete cooperation with the Special Agent in Charge in his meetings covering this and other law enforcement matters.

It was also brought personally to my attention while in Norfolk that Hennrich is held in high regard by the naval and military officers there. If anything happens, he is immediately called. I had opportunity of meeting a number of naval officials who stated that Hennrich was doing a good job.

With reference to the personnel, Hennrich has the knack of getting the most from his personnel. I found no disgruntled employees in the Norfolk Office. They feel that at any time they have a problem that Hennrich can be of material assistance to them. They do not hesitate to discuss their problems with him.

He has a good recreational program set up and during my visit there a ball game was had and a bowling league was in operation. I attended both the ball game and the bowling while there and found that these activities were participated in by the majority of the personnel in the office both Agent and Clerks.

I feel that Hennrich could efficiently handle a larger office. I do feel, however, that at the present time, considering the importance in the scheme of national defense of the Norfolk area with the many military and naval activities, that he is most valuable to the Bureau there.

Mr. Glavin reports that Special Agent in Charge Hennrich is doing a good job; he is well known to law enforcement officials and others. The Chief of Police at Newport News, James of Posch, both NPA graduates praised the SAC highly. The military and naval authorities apparently hold the SAC in high regard. He seems to have the ability to get along with his personnel. He has set up a good recreational program. Mr. Glavin feels that he could efficiently handle a larger office but should be left at Norfolk because of the important national defense activities there.

MEMORANDUM FOR MR. GLAVIN

RE: CARL E. HENNRICH
Special Agent in Charge
Norfolk Field Division

EOD

Reported to field Grade and Salary Last Salary Change Marital Status Age Education Legal Residence Present Assignment Status 2/3/34 - SFC 10/7/35 - SA 1/4/36 CAF-13 \$5600 3/16/41 Married (2 children) 33 (7/15/09) LL.B. - National U Arlington, Va. SAC, Norfolk Good, on basis of Inspection 6/42

REMARKS

Mr. Hennrich has served in the New York, Boston, and Washington field divisions as a Special Agent. In May, 1938, he was designated a Supervisor in the Investigative Division and in Sept., 1938, was designated a Supervisor in the Identification Division. As a Special Agent and Supervisor he has been characterized as having a good appearance, a good, pleasing personality, as making a good impression, as being aggressive, determined and energetic, as exercising good common sense and judgment, as being quick-witted, resourceful, industrious, enthusiastic, interested and intensely loyal, and as being a very good Agent and an excellent Supervisor. His early development was good. It was early reported he had definite qualities of leadership which were soon evidenced as being administrative and executive capabilities. He has been reported as being too sensitive and as not making a very impressive appearance.

On August 18, 1940, he was designated Acting Special Agent in Charge of the Richmond Field Office and on Feb. 28, 1941, was designated Special Agent in Charge of the His work as Special Agent in Charge of the Richmond Field Office was entirely satisfactory.

When the new field office at Norfolk was opened, Mr. Hennrich was designated as Special Agent in Charge on December 24, 1941. On Jan. 5, 1942, Assistant Director E. J. Connelley made a spot inspection of the Norfolk office and advised that Mr. Hennrich seemed to be a sincere individual but did not definitely impress him as having executive capabilities and the necessary forcefulness for an SAC. Mr. Connelley made the observation that Norfolk

Meno Mr. 201000 1-20-43 could be a very important location and a definitely forceful type of individual would be desirable at that location if one was available. Mr. Connelley said ordinarily he believed Mr. Hennrich would be entirely satisfactory as an SAC; however, should a major disaster occur in the Norfolk area, he would not have particular confidence in what Mr. Hennrich might do, particularly where he was left to his own device without the benefit of some rule or regulation. Mr. Connelley reported the office to be in a somewhat disorganized condition. However, it is noted the Norfolk office was opened on December 24, 1941, and Mr. Connelley visited the office during the first week of January, 1942.

On the March, 1942, annual efficiency ratings, Mr. Hennrich was rated as EXCELLENT by Mr. Glavin.

From June 22 - 27, 1942, Mr. Glavin made an inspection of the Norfolk office. On the basis of this inspection the Norfolk office was found to be generally in good condition. Mr. Glavin said he considered Mr. Hennrich an excellent Special Agent in Charge who was thoroughly acquainted with the work of his office, had the respect and admiration of all the employees in his office, was human, could properly discipline employees, was universally liked by law enforcement officials and civic leaders, and that all in all he was doing a good job and could handle a bigger office. Mr. Glavin said he felt, however, at that time due to the importance of the Norfolk office it might be well to let Mr. Hennrich stay there. Mr. Glavin also reported that Military and Naval authorities apparently held Mr. Hennrich in high regard; that he had set up a good recreational program and generally was doing a good job at Norfolk.

During Mr. Hennrich's attendance at In-Service Training School in June, 1942, Mr. Clegg said he made a good appearance, his personality was of the "strictly business" type until one became better acquainted with him, and Mr. Clegg said he would rate him as an SAC of above average intellectual ability and considered his status GOOD.

By letter dated Sept. 9, 1942, Mr. Hennrich reported that all of the delinquencies observed and commented upon by Mr. Glavin during the June Inspection had been removed.

A review of Mr. Hennrich's personnel file and the Norfolk Field Office file reflects that he has been unusually free from criticism regarding the work in the Norfolk territory.

For the Director's information, Mr. Hennrich was the proud father of a son born on December 26, 1942. Mr. Hennrich now has a boy and a girl.

MEHORANDUM FOR MR. TOLSON

Testerday I saw Special Agent in Charge C. E. Hennrich of the Norfolk Office, who is attending the In-Service Class. I'r. Mennrich has developed considerably since I last saw him. His personality has become somewhat warmer and he has developed a maturity that he did not have before. His previously somewhat cold manner and reaction have changed for the better. He seems to be thoroughly informed upon matters prevailing in his field division and I would rate him above average as a Special Agent in Charge.

REMARKS:

Interviewing Official - Mr. H. H. Clegg

I interviewed Special Agent in Charge Carl E. Hennrich. He appears interested. I believe that he has improved in maturity of thought and action, and I was impressed by his improved confidence. He apparently occupies a rather dominating position among the law enforcement officers of his division. His personality has improved somewhat since the last time I saw him. I believe that Mr. Hennrich is about an average Special Agent in Charge in a status of Good.

Dear Sir:

I am becoming most concerned over the fact that you have failed in an ever increasing number of instances to acknowledge or comply with instructions contained in my letters and teletypes to you. Since no organization, most certainly one engaged in counter-intelligence and law enforcement, can operate with any degree of efficiency without correlated supervision, I cannot help but fear the Bureau's high standard of efficiency will come to an end if this trend is permitted to continue.

As you have no doubt noted in recent months, it has been necessary for me and those who assist me here at the Seat of Government to leave more and more to your discretion the following of the individual cases in your division. This has, of course, been due to the tremendous increase in the demands made upon the Bureau because of the war. At the present time and for some months past I have not directed to you any so-called routine follow-ups. Only in those instances in which the White House or some other executive basish of the government with responsibilities for the proper conduct of the warmas a special interest or in which I have a special interest because of some well founded reasons, do I write to you or follow you otherwish to expedite your handling or to request information or other out-of-the-ossigs of action.

Dear Major Hoodson:

I have your letter of February 24, 1960, and it is certainly good to learn of your regard for Pr. C. Mennrich, formerly special Agent in Charge of our Norfolk Field Tivision. He has often mentioned the fine cooperation rendered by you and the newbers of your department, and it is encouraging to have your reasourance of this same spirit toward Dr. J. D. Mittle, our new Special Agent in Tharge at Horfolk.

It th best wishes and kind regards.

Dear Sir:

On April 14, 1943, you telephonically contacted Supervisor Martin, of the Bureau, regarding the need of your office for 3-D recorders.

The Bureau is of the opinion that this matter could have been handled appropriately by teletype or letter, rather than by a long distance telephone call. As I have indicated, it is imperative that the use of long distance telephone facilities be drastically curtailed and limited to only important matters justifying the use of the long distance telephone.

It is noted that the practice has developed whereby an official in the field will telephone to Eashington on a particular matter, and subsequently will request to be transferred to other officials to discuss matters with them. Please see that in the Mr. Tolson Mr. E.A. Tamo future the use of long distance telephone facilities between your office and the Seat of Government, to Mr. Clegg they field divisions and within the Baston Field Mr. Coffey Vision is reduced to an absolute mixinum. Dear Sir:

This is in reference to my letter to all Special Agents in Charge dated April 9, 1943, concerning the educational program to acquaint the public with the jurisdiction and responsibilities of this Bureau, and my letter dated April 15, 1943 to each of the offices receiving copies of this letter concerning the establishment of Resident Agencies with offices, telephones and clerical personnel.

I am transmitting this letter to re-em hasize my interest in this project and my concern that it be carried out with the greatest possible thoroughness and efficiency. You will recall that you were to have these Resident Agency offices fully set up and in operation by May 1, 1943 so that each could have a fair and full 60-day trial period by July 1, 1943.

Should you encounter any problems which are hindering or may prevent a full utilization of this project, I want you to advise me immediately, or should you have any suggestion for improvement of the plan, I would like to know without delay so that it may be passed on to the other offices if it merits.

PERSONAL ATTENTION

RE: RESIDENT AGENCY AUGUSTA, MAINE

Dear Sir:

You have been advised of my desire that you establish a Resident Agency Office at the captioned city with a listed office telephone and with a staff including a clerical employee. I desire that if such has not already been completely effected, you bend every effort to do so immediately.

I have chosen the above city in your district asone of five on the Atlantic and Gulf of Mexico coast lines to undertake this project on a 60-day basis in connection with my strictly confidential letter to you bearing date of April 9, 1943, Number 159, Series 1943, which outlined an educational program for the public to insure compliance with the President's efforts to fix responsibility and avoid duplication in safeguarding the internal security of the country.

It is contemplated that the establishment of this Resident Agency with proper notice to the public provided for under the reference letter will make available to the citizens of that area sufficiently ready access to the FBI for the transmittal of data pertinent to intelligence work generally so that it will not be necessary for the bureau to be faced with the problem of expending personnel for the relatively unproductive task of maintaining liaison with a so-called information center which might otherwise be established in that vicinity. An office at the point designated here would appear to provide such ready availability of an intelligence agancy that it will obviate any justification for an information center.

The successful realization of my hope in t is regard cannot be expected, however, unless you properly inform the public in the area of the availability of the office. I therefore desire that in complying with my reference letter of April 9, 1943, in the area to which this Resident Agency is nearer than your office, you give its location and telephone number equal prominence with those of your office. It is contemplated that the posters referred to on pages one and two of the reference letter will bear full identifying data such as the address and telephone number of this Resident

O'MY TOM

Agency as well as of your office as provided in the second full paragraph on page two of the above reference letter in all instances in which the posters are distributed to persons who could communicate with the Resident Agency with equal or greater facility than with your office. I also desire that the availability of t is Resident Agency be given full prominence in the handling of the other projects in my communication of April 9, 1943, such as the development of coastal sources of information, the mass contact plan, Quarterly Conferences, speeches and newspaper articles.

So that I may be in a position to judge the progress of this undertaking and decide upon the advisability of continuing it in effect, it will be necessary for you to maintain complete records of the number of complaints received at the Resident Agency and to be able to furnish me generally the comparative worth of it in effecting the prompt and direct reporting of complaints in the area. Furthermore, as you know, consideration has been given from time to time before the question fo information eneters arose to the advisability of the establishment of Resident Agencies with stenographic or typing personnel to permit more efficient operation by Resident Agencies. It is desired that you therefore keep this question in mind and maintain appropriate records so that I may evaluate the desirability of such a system apart from the first mentioned problem. If such a set-up proves to be of real value, consideration will, of course, be given to extending it beyond the five points now involved in this trial.

The various educational facilities mentioned in my letter of April 9, 1943, such as the posters and motion picture trailers are being prepared and should soon be ready for distribution. Presumably also you will have instituted the other local projects such as the coastal sources of information, mass contact plan, Quarterly Conferences, etc., and will have the Resident Agency fully set up by the end of the current month. You should therefore consider the period cowering May and June as the 60-day trial period, and not later than July 5, 1943, transmit to me a detailed letter furnishing all pertinent data relative to the accomplishments and problems of the undertaking and your comments as to the desirability or undesirability of continuing it.

Very truly yours,

John Edgar Hoover Director LAH: BG

June 24, 1943

Mr. C. E. Hennrich Federal Bureau of Investigation 100 Hilk Street Boston, Massachusetts

Dear Mr. Mennrich:

Reference is made to your letter of June 5, 1943, in which you suggest that the explanation with reference to the submission of a copy of an investigative report for information only should be placed at the end of the report under a caption such as "Explanation for Sending Information Copies." It is recognized that in closing reports there will not be any "Undeveloped Leads" caption and therefore the present regulation does not specifically cover closing reports.

The Bureau does not feel it would be desirable to issue general instructions on this subject inasmuch as no difficulties are being encountered. It will be appropriate for you to instruct the personnel of your office that such a cuption as you suggest may be placed at the end of a closing report when copies are being sent for information only to other offices.

Your thoughtfulness in submitting this suggestion to the Bureau is indeed appreciated.

Director, FBI

Dear Sir:

The attention of the Bureau is invited to Section 11-M(14) of the Manual of Rules & Regulations, which sets out the rule with reference to the preparation of investigative reports, copies of which are to be transmitted to other offices for information only.

It is noted therefrom that the present rule is that in such instances, under the heading "Undeveloped Leads" there shall be an explanation as to the specific reason why the report has been sent to that office when there was no other undeveloped lead and the case was not pending in such office. It is assumed that this constitutes a change from prior rules and regulations in that even though the report has already been closed, it will be necessary to set out the above under a caption of "Undeveloped Leads". Of course prior to the issuance of this regulation there was no such thing as a closing report with Undeveloped Leads. It is requested that the Bureau advise this office whether its interpretation of the present rule is correct.

It is also desired to suggest that if interpretation of the present rule is correct, that, in order to prevent confusion, the explanation for sending the information copies of reports to other offices, should be preceded by a caption such as "Explanation For Sending Information Copies" and this, in order that there may be no possibility that the explanation may be mistaken for Undeveloped Leads.

MEMORANDUM FOR THE DIRECTOR

SAC C. E. Hennrich RE:

Mr. . Hennrich telephoned me this morning advising that his wife is mentally ill, that her physicians recommend that she be brought back to Washington which is her home. The physicians indicate Miss Gandy that there are two alternatives, either to bring her to Washington, or place her in a sanatorium. However, they feel that it is possible she may recover after several months if brought here. They indicated to Mr. Hennrich that if she remained away from Washington and out of a sanatorium she might become a suicidal risk. Mr. Hennrich indicated that he hated very much to do so, but he could see no alternative but to request a transfer to Washington.

Following my conversation with you, I told Mr. Hennrich that, of course, you would want to accede to his request and that he would be transferred from Boston to the Washington Field Division as Assistant Special Agent in Charge. I indicated that, of course, it would not be possible to retain him in his present, salary in this latter capacity and this Mr. Hennrich understands.

I have asked Mr. Glavin to prepare orders/of transfer for Mr. Hennrich from Boston to the Washington Field Division as Assistant Special Agent in Charge and JUL 16.1943 RECORDE reducing his salary from CAF 13, \$5600 per annum to CAF 12, \$5200 per annum.

Soucy, it appears, has police conferences beginning on June 29th which have been played up considerably and Soucy is anxious to carry them through. He has further not heard when SAC Vincent will arrive in Baltimore. Soucy planned on getting into Boston around July 5. Hennrich stated that he had been away most of the month handling police conferences and would leave again tomorrow for several days. He, accordingly, wanted to be able to make his plans now.

I told him that unless advised to the contrary to leave on the 28th as he had suggested. I mentioned this matter to Ur. Tolson, who approved of Hennrich's leaving as above indicated.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Carl E. Hennrich, Order No. 1122

Dear Sir:

This will acknowledge receipt of Form 42-A on the above named registrant, which is being placed in his file.

When Mr. Hennrich's case comes up for further attention, you can rest assured the information in this Form will be given due consideration and you will be notified of the

Board's decision.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to August 31, 1943, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

Dear Sir:

During the course of the inspection of the Boston Office it was discovered that a number of Agents of that office had failed to submit daily reports during the months of May. June and July as required. There was some indication that there had been a misinterpretation of the rules which led to this large number of delinquencies; however, the Bureau feels that you should have discovered and corrected this flagrant violation of the rules by the Special Agents of that office. It is suggested that you review the Bureau's regulations with reference to the submission of daily reports and that you communicate with Bureau officials promptly in the event you have any misunderstanding in the future with reference to Bureau requirements, in order to prevent such a prolonged and aggravated delinquency in the future.

Yery truly yours.

Dear Sir:

Reference is made to the teletype to all SAC's, dated September 6, 1943, wherein you request to be advised as to the number and names of Special Agent personnel who are performing desk duties. You also request information as to Agents who spend time in the Office regularly assigned to interviewing complainants, handling telephone calls pertaining to investigative and other matters, those who handle Selective Service work on a regular duty basis, and advice as to any Agents assigned to the night shift and whether same could be replaced by a Special Agent- Limited.

Please be advised that the following Special Agents are assigned to desk duties in this Division: Special Agent in Charge: Carl E. Hennrich, Assistant Special Agent in Charge; George D. King, Number Two Man: Carl J. Martin, Number Three Man; Robert E. Newby, Number Four Man. You are further advised that one Agent is regularly assigned on a full-day basis interviewing complainants. There is no Agent handling applicant interviews or handling telephone calls pertaining to investigative or other matters. You are also advised that no Agent handles Selective Service work in this Office on a regular basis.

You are further advised that one Special Agent is assigned to the night shift, and it is my opinion that this Agent could very well be replaced by a Special Agent-Limited. For your further information, the Agent who handles complaints, as well as the one assigned to the night shift, is changed every week.

ASAC Hennrich was reduced in salary from CAF-13, \$5600 per annum, effective 6/1/43 as a result of his assignment as ASAC to the Washington Field Office. He requested this assignment in view of the illness of his wife which made it imperative that he reside in Washington, D. C.

Inasmuch as his last promotion was on 3/16/41 when he was promoted from CAF-12, \$4600 per annum, to CAF-13, \$5600 per annum, he is eligible at this time for a \$200 increase under the Uniform Promotion Act. He is in Cof12, 5200 per annual at present time _5400 is top of grade 12.

As a result of a recent inspection of the Boston Field Division,

the office was found to be in a very unsatisfactory condition. Inasmuch as Mr. Henrrich was SAC at Boston during the time that many of these conditions must have existed, he was interviewed by Mr. Clegg who pointed out to him the matters which were wrong at Boston. Ir. Hennrich in his interview with Mr. Clegg did not offer excuses for the delinquencies and Mr. Clegg points out that he did not refer to the illness of his wife. However, he was away from the office quite a bit during the short period he was in Boston on Police Conferences. He expressed his appreciation to Mr. Clegg for being advised concerning the Boston delinquencies and for suggestions which Mr. Clegg gave him.

RECOMMENDATION:

It is recommended that Mr. Hennrich be afforded a \$200 increase under the provisions of the Uniform Promotion Act effective 10/1/43.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

When an appeal is taken from the classification or reclassification of a registrant and when such appeal is upon the ground that the registrant should have been deferred by reason of his occupation, the appeal shall be transferred to the board of appeal having jurisdiction over the area in which the registrant is employed, provided all of the following conditions are met (but not otherwise):

- (1) The first person to appeal from such classification or reclassification files with his appeal a written request for such transfer;
- (2) The written request states in what respect an occupational question is involved; and
- (3) The written request states the name of the registrant's employer and the street address, county, and State where the registrant is employed.

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

Mr. Telson

ASAC Hennrich was reduced from Caf-13, \$5600 to Caf-12, \$5200 on June 1, 1943, in view of his assignment as Assistant Special Agent in Charge at the Washington Field Division, which assignment he requested, inasmuch as his wife was ill and it was necessary that he reside in Washington, D. C. Mr. Hennrich is eligible for a \$200 increase under the UPA at this time and was considered for such an increase on October 1, 1943, when he was first eligible.

At that time he was passed over, inasmuch as Mr. Tolson recommended that he not be increased pending an inspection of the Washington Field Division, as the Boston Field Division, as a result of an inspection after Mr. Hennrich had been relieved as SAC there, was found to be in an unsatisfactory status and many of the delinquencies were attributed to Mr. Hennrich.

The Training Division advises that Washington Field Division is tentatively assigned to Mr. Egan for inspection in 1944, but at this time it is not known exactly when it will be inspected.

HENNRICH, CARL E. Special Agent Annual Efficiency Report

This employee has been functioning as Assistant Agent in Charge of the Washington Field Office since July 1, 1943. Prior to that time, during the period covered by this report, he was Special Agent in Charge of the Boston Field Office. He presents a good personal appearance, dresses neatly and has a pleasant, friendly personality. He is possessed of initiative, resourcefulness, force and aggressiveness.

ASAC HENNRICH is an excellent dictator. He is an excellent automobile driver. While I have not observed him testifying as a witness during the period of his assignment at this office, I have, during past years, observed him on the witness stand and I consider him qualified as an excellent witness. He is proficient in the use of all Bureau firearms, and is qualified to handle firearms training. In the past, I have participated in raids with him and consider him well qualified to handle dangerous assignments. This Agent has not participated in any physical surveillances since being assigned here. He is a good typist and has some shorthand ability but does not use it at this time. He is an excellent report writer and organizes his facts in a logical manner. He has had little opportunity to write reports due to the fact that he has been acting in a supervisory capacity in this office. He has made good contacts with law enforcement officials and business men in this area, particularly in connection with a talk which he gave before the District Truckers Association which has resulted in numerous Theft from Interstate Shipment cases being referred to this office. He is qualified to organize and initiate all types of investigations.

Agent HENNRICH is supervisor of the No. One Squad in the Washington Field Office and handles the supervision of all general investigative matters except Fraud Against the Government, Court of Claims, War Risk Insurance, Antitrust Laws, Bankruptcy, Mail Frauds and Federal Reserve Act matters. In handling the administration of this desk, he has accepted responsibilities readily and has discharged his duties with a minimum amount of supervision. He is well qualified to handle supervisory, administrative and executive matters. He is sincerely interested in his work and is loyal to the Bureau.

I rate his efficiency as Excellent.

SAC HOTTEL:

This agent presents a good physical appearance, possesses a most pleasing personality, is neat and conservative in his dress. He possesses a lot of initiative, is resourceful, aggressive, and has a great deal of force. He follows through on all his work to a logical conclusion. He possesses administrative ability. He is an excellent dictator, organises his work in a businesslike manner, and follows through. He is a qualified automobile driver, accepts and handles responsibility on his own initiative, is an excellent witness, and is qualified in the use of Bureau firearms. Due to his physical makeup he could be used on a dangerous assignment and he could handle any physical surveillance. He can operate a typewriter. He has made numerous contacts which have been very helpful to this office. I consider him and excellent employee.

INSPECTOR EGAN:

Mr. Hennrich informed me he appreciated the Director's bringing him back to Washington and when his wife recovers he will inform the Director and will be ready to go anyplace needed. He has only a fair appearance in my opinion. He is intelligent, aggressive, but I do not believe he is qualified to properly handle the personnel assigned to him. When I dictated a memorandum repartible the fact that he had not properly informed agents of their shorts him before writing a memorandum on the agents for the inspectors, he resented the fact year much and his attitude was not good. In fact, he went into a great deal of detail to explain his position. It was felt during the time he was making his answer that he was using extremely poor judgment or was not telling the truth. After his memorandum was written I gave it back to him and the Agent in Charge and told him to think it over. I had obtained, in the meantime, copies of all memoranda regarding Agent Bishop which did not in any way justify the position taken by Hennrich. Some time later on the Agent in Charge had a talk with him and brought back an answer to the memorandum stating we were correct and Hennrich had not properly informed the agent. Acting Agent in Charge Hennrich was again contacted and asked

ASSISTANT SPECIAL AGENT IN CHARGE

if he were satisfied with the explanation made in answer to the memorandum. He stated he was thoroughly in accord with it. However, I think this clearly demonstrates the lack of judgment on the part of this official. I think there is no question but that he is interested, but he has a tendency to rub personnel the wrong way. I do not consider him an average Assistant SAC.

PERSONAL AND COMPRESENTAL

Mr. Carl E. Hemrich Federal Bureau of Investigation 1435-37 K Street, N. W. Washington, D. C.

Dear Sir:

Your failure to apprise Agent personnel of derogatory information concerning their ability has been brought to my attention by Inspector Egan. As you are undoubtedly aware, the Bureau policy requires that delinquencies be brought to the attention of the employee concerned. Unless an employee is advised of his shortcowings, he cannot take the necessary corrective steps. Mr. Egan stated that when this matter was brought to your attention you advised him that your comments were based upon memoranda which you had prepared on the Agent and which you maintained in your desk. A review of these memoranda failed to ministantiate your position. I am informed that you later admitted that the Taspector was correct and that you were wrong. This is a serious reflection upon your judgment and I am surprised that an Agent of your experience would assume such an unjustifiable position. You are instructed in your future dealings with personnel to bring to the attention of the employee all recorded delinquencies and any derogatory statements which you feel are necessary for the development of the Agent and the best interests of the Eureau.

I trust that there will be no recurrence of an incident of this nature. Should you be guilty of similar develotions in the future, it will be necessary to take stringent administrative action.

Yery truly yours,

John Edgar Roever

I have carefully reviewed the memoranda which have been submitted in connection with this matter. complainant, is obviously a psychopathic case. Investigation was initiated as a result of her complaining about her husband and the fact that he engaged in indecent activities, possessed obscene pictures and participated in the acts which were photographed, and originally made available to the Agents information which resulted in the obtaining of the photographs for evidentiary purposes, even going so far as to identify the individuals in the photographs and placing her name on the backs of the photographs as evidence of the identification. As soon as she learned that she could cash in on her husband's being in the Army, she tried to stop the investigation by obtaining the return of the photographs and, in an effort to secure the return of the photographs, wanted to trade the Agents information as to the identity of the photographer who is alleged to have made the photographs.

It is my recommendation that no action be taken in connection with the complaint which was made by since there appears to be none indicated from the very nature of her complaint.

RE: IWU, ITOM
In accordance with your instructions that an additional memorandum be submitted, clearing up the complaint which was made against Agents CLOW and BISHOP by as set forth in my memorandum to you dated March 13, 1944, the following is submitted:
While indicated at the inception of the interview that she wanted to complain against the Agents, she definitely stated during the interview that she had no complaint against Agent BISHOP.
With reference to Agent CLOW, the complaint which she made against him was that he would not return the obscene pictures to her and that he would not promise her that her husband would not be prosecuted, that he had told her the next allotment check from her husband would be held up and that he would be fired from the Army. These complaints regarding Agent CLOW were clearly set out in Paragraph 3 of my memorandum of March 13, 1944. As pointed out in that memorandum, was "highly emotional, entirely irrational and although I sincerely tried to allay her fears and quiet her to a point where the conversation could be conducted in a logical manner, it was not possible to do so."
The information regarding my interview with was not forwarded to the Bureau for the reason that I considered the complaint to be psychopathic, as I indicated to you when I discussed this matter with you.
Shortly after my conversation with I received a telephone call from SA C. A. HARDISON, of the Bureau, in which he informed me that had called the Bureau, that she was irrational at the time she called the Bureau, that he could not make heads or tails of what she had to say, except that it was something about wanting some obscene pictures returned to her. I furnished him with the information which was set forth in my memorandum of March 13, 1944.
Through inadvertence, a memorandum was not prepared for the file, setting forth this conversation with Agent HARDISON.

The interview on March 11, 1944, lasted approximately two and one-quarter hours as Agents were signed in the office at 5:30 P. M. The facts given in a previous memo are basic. and frankly given. Other parts of the interview were taken up with expressions of fear of her mother-in-law and her husband's friends, and she repeated many times her desire to have the obscene pictures returned to her and the matter so far as her husband was concerned dropped so it would not come to the attention of the Army authorities.	
An extremely friendly effort on the part of both the writer and Agent BISHOP was made to convince that she should aid the FBI and give the identity and location of the photographer and the location of in spite of the inability of the writer to make her the bargain proposed. The writer cannot enlarge upon the bargain. As explained, it was put forth several times by and was turned down. She expressed fear that her husband would be discharged from the Army as a result of information previously given by her. The writer merely stated clearly that such a bargain could not be entered into as any information of interest to the Army would be turned over and that the pictures were property of the United States Government and had been given not by her but by Mr. Icenhower to the writer.] b6 b7c

Various questions were asked of with regard to identification of certain persons who have figured in instant matter. These queries were made in a courteous manner and at no time was there any display of anger by the Agents or interview consumed about 21 hours. About midway of the interview, expressed disappointment over the fact that her husband would probably be discharged from the Army because of the information which she had previously furnished in regard to her husband. She requested that the Agents return to her certain pictures that she had made available to Agent CLOW which portrayed her husband in certain unnatural sex acts. She asked if the Agents would return these pictures if she furnished certain additional information in regard to the case, concerning which questions had previously been propounded of her, and also if the Agents would refrain from arranging to secure the discharge of her husband from the Army. was informed in an even, polite, but decisive manner that the Agents were not free to enter into any "bargain" and that it would be necessary that the report to be submitted in this matter be made available to Army authorities for their consideration. It was further pointed out that the Agents would not recommend to Army officials that her husband be discharged from the Army or that he be retained in the Army and that the information would be simply made availabe to them for such action as might be deemed appropriate. Interstate Transportation of Obscene Matter. Bureau File #47-31235.

CONCERNING THE HANDLING OF THE CAPTIONED INVESTIGATION

INTRODUCTORY:

During the recent inspection of the Washington Field Office Inspector Egan reviewed the captioned file which is a case of Washington origin and submitted a memorandum dated March 31, 1944 pointing out that the information in the Washington Field Office file indicates that the wife of the subject in this case had made certain complaints and allegations against the Agents investigating it and that this matter had not been brought to the attention of the Bureau. The Inspector further pointed out a number of apparent errors or questionable items in the handling of this investigation which he desired cleared up by appropriate memoranda from the Agents concerned. The nature of these will appear below. The memoranda have all been submitted and the purpose of the present memorandum is to determine what, if any action, should be taken against the Bureau employees.

BACKGROUND OF CASE AND COMMENTS OF INSPECTOR:

· · · · · · · · · · · · · · · · · · ·
Active investigation of this case was opened by the Washington Field Office in January, 1944 upon a complaint from the Assistant Adjutant General to
the effect that the subject was impersonating an Army officer; Agent Clow interviewed
at her Washington residence, in the course of
which the wife advised that her husband was handling obscene material including by
photographs for which he posed and that he was sending the same through the mail
and some of it was also being distributed by other persons at the Pentagon Building.
She stated she had turned over a number of these obscene photographs to the Assist-
ant Corporation Counsel of the Juvenile Court. Agent Clow obtained these photo-
and opporation comment of the district own of the machine and them to the machine of Tohomstown
graphs from the Corporation Counsel, forwarded them to the Technical Laboratory,
and continued investigation along the lines of Interstate Transportation of Obscene
matter.
On March 11, 1944, according to the fife, was again inter-
viewed at her request, this time by Agent Clow and Former Agent Bishop, the
interview taking place in a Bureau car away from her home, lasting approximately
two and one-half hours, and at the termination of it. was discharged
from the car two blocks from her home. It appears that her purpose in having the
Agents contact her on this occasion was in an effort to secure the return of the
WMANA ARMAA NAM AN AND ALCOHOLOGO CONTRACTOR

photographs from the Agents, stop further action against her husband because she feared he would be discharged from the Army, and it appears that she was now favorable to her husband because she had received her first Army allotment check whereas at the time of the first interview, she was vindicative because she felt that her husband was not going to make the allotment check available to her. She tried to compromise with the Agents by promising to make available to them the names of the photographer and other posers if they would give up the photographs. The Agents refused and would not bargain with her. On March 12, 194 telephoned the Washington Field Office, stating that she wanted to complain regarding one of the Bureau Agents, as a consequence of which arrangements were made for her to appear in the office and she was interviewed by ASAC Hennrich in the presence of another Agent. She wanted to secure the return of the pictures. Upon being refused this request, she then requested to be permitted to erase her name from the back as having identified certain characters in the pictures and this was refused. Inspector Egan further commented that in questioning ASAC Hennrich about this, Mr. Hennrich told him that after____ interview at the b6 office, he had received a telephone call from Special Agent Supervisor Charles b7C A. Hardison at the Seat of Government informing him that had called the Bureau and reiterated her complaint against Agent Clow and ASAC Hennrich stated that he had not made any memorandum of this call from the Supervisor. Inspector Egan felt that this matter had not been conducted properly and he outlined certain specific deficiencies as follows: (1) ASAC Hennrich failed to list the charges made by this woman against Agent Clow; (2) Memoranda submitted by Agent Clow and Former Agent Bishop in the file are not satisfactory; (3) It does not appear why this woman was interviewed in an automobile and why she was let out two blocks from her home instead of being interviewed in the field office or at her home; (4) ASAC Hennrich should explain why he did not submit a memorandum to the Bureau relative to this complaint and why he did not submit a memorandum for the file regarding his talk with Supervisor Hardison at the Bureau. ANSWERS SUBMITTED TO THE INSPECTOR'S QUESTIONS: was interviewed in (1) Regarding the question as to why a Bureau car and why at the termination of the interview she was let out of the car two blocks from her home, additional memoranda submitted by Agent Clow indicated that this was done specifically at request because her mother-in-law was at her home so that she could not be interviewed there and she was afraid to come to the office lest she be discovered and she left her apartment under pretext. Further, she insisted upon being let out of the car two blocks from her home at a point designated by her lest her mother-in-law might see her. b7C (2) Regarding ASAC Hennrich's explanation for not reporting this matter

to the Bureau, particularly regarding the charges made against Agent Clow, a

at the inception of the interview that she wanted to complain about the Agents who

memorandum submitted by ASAC Hennrich indicates that although

interviewed her, she definitely stated during the course of the interview that she had no complaint to make against Former Agent Bishop and with respect to Agent Clow, the substance of her complaint was that he would not return the obscene pictures to her and would not promise her that her husband would not be prosecuted and he told her the next allotment check would probably be held up and her husband fired from the Army. Mr. Hennrich advised that in view of this complaint, he obtained further information from Agents Clow and Bishop but did not forward the information to the Bureau because he considered the complainant to be psychopathic. In this connection, he alluded to the comments which he had incorporated in his original memorandum of the interview to the effect that this individual was "highly emotional, entirely irrational, and although he sincerely tried to allay her fears and quiet her to the point where the conversation could be conducted in a logical manner, it was not possible to do so."

It appears that Agent Hardison felt that any action to be taken in this matter would be carried forward by the Washington Field Office, and he apparently relied upon telephonically furnishing the information to Mr. Hennrich as discharging his responsibility in the matter.

(3) Regarding ASAC Hennrich's failure to submit a memorandum for the file of Supervisor Hardison's telephone call, ASAC Hennrich explained that inasmuch as shortly prior to his conversation with Agent Hardison he himself had interviewed regarding the same matter and had submitted a memorandum dated March 13, 1944 reporting this interview and that it was through inadvertence that he did not prepare a subsequent memorandum setting forth his conversation with Agent Hardison.

CONCLUSIONS:

- (1) From a review of the facts, it is clear that the Inspector's points in connection with the handling of this matter were well taken and there is no question but what the Washington Field Office file should have reflected more complete information from the Agents' answers to the questions raised by the Inspector, and that the information should have been furnished to the Bureau with respect to the complaints lodged against Agent Clow by
- (2) It is felt that Agent Clow was not guilty of any wrongdoing and the only complaint lodged against him by was the fact that he persisted in performing his duty as a Special Agent and would not bargain or compromise with her at the sacrifice of his responsibilities.
 - (3) Former Agent Bishop appears to be in no way involved.
- (4) Although it appears that ASAC Hennrich was derelict in not reporting the administrative angle of this matter to the Bureau and in not submitting a memorandum of Agent Hardison's telephone call for the file, it is believed that he has been fully impressed with the necessity for doing this in the future that no further action is necessary against him.

(5) Although Agent Hardison should have referred a memorandum of his telephone conversation to the Administrative Division so that it could be followed, he has since been transferred from the Seat of Government to the Field and it is felt that no action should be taken in so far as he is concerned.

RECOMMENDATION:

It is recommended that no further action be taken in this matter and that the incident be considered closed in line with the foregoing conclusions.

Mr. Hennrich is an Assistant Special Agent in Charge and as such holds a key position as designated by the Review Committee of the war Manpower Commission within the meaning of Executive Order 9309. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforceall those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

Dear Sire

The Bureau has had an opportunity of reviewing the information submitted regarding the improper manner in which a most important physical surveillance was handled by the Eashington Division on June 16, 1944.

In view of the importance and very delicate nature of this assignment, it is extremely difficult to understand why you as acting Special Agent in Charge did not personally see to it that clear and specific instructions were issued and carried out in this instance. It is hoped you will be guided accordingly in the future and that it will not be necessary to call such a matter to your attention again.

RE: AUTOMATIC PROMOTION-

Mr. Hennrich entered on duty 10/7/35, was reallocated to CAF-13, \$5600 on 3/16/41, and on 6/1/43 was reduced to CAF-12, \$5200 per annum in view of his assignment as ASAC of the Washington Field Office. He requested assignment to the Washington Field Office in view of his wife's health. He is eligible for a \$200 increase under the provisions of the Uniform Promotion Act as of 7/1/44.

On 10/4/43, 12/29/43 and 3/10/44 he was considered for an automatic increase but was passed over pending an inspection of the Washington Field Office. During an inspection of the Washington Field Office in March and April, 1944, Inspector Egan said Mr. Hennrich had a tendency to rub personnel the wrong way and he was not considered an average Assistant SAC. By letter dated 4/28/44 he was censured for his failure to apprise Agent personnel of derogatory information concerning their ability. By letter dated 6/21/44 he was censured for the improper manner in which a most improtant physical surveillance was handled by the Washington Division on 6/16/44.

On. 3/31/43 Mr. Glavin gave him a rating of EXCELLENT and on 3/31/44 SAC Hottel rated him EXCELLENT.

RECOMMENDATION: It is recommended that he not be afforded a \$200 increase under the provisions of the Uniform Promotion Act effective 7/1/44.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund subsequent to August 31, 1944, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

Dear Mr. Hoover:

I am attaching part of the meeting notice of the Cosmopolitan Club which refers to the very interesting talk that your Mr. Hendrich gave to our Club recently.

You are to be congratulated not only for the fine work that the Bureau has been doing but also on having such men as Carl Hendrich, who are not only efficient in their work but who are thoroughly capable of representing the Bureau before meetings such as ours.

Mr. Hendrich was exceedingly interesting. He held his audience well and after the meeting was over many of them gathered around to tell him how much they enjoyed his talk.

Please accept our sincere thanks for sending Mr. Hendrich. His talk will be remembered for quite a while.

Dear Mr.

Hennrich:

The Bureau is in receipt of the report of the physical examination afforded you at the United States

Naval Hospital, Bethesda, Maryland, on January 12, 1945.
This report reflects the following physical defects:

llone.

The Board of Examining Physicians makes the following recommendations:

Vaccination for sm llpox Inoculation for typhoid Inoculation for tetanus

It reports that you are capable of performing strenuous physical exertion, and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

CARL E. HENNRICH, ASSISTANT SPECIAL AGENT

SAC HOTTEL:

This Agent is qualified to organize and initiate all types of investigation. He is the Assistant SAC in this office and performs his duties with a minimum amount of supervision. He is qualified to handle firearms training, has an above average amount of initiative, has made excellent contacts with law enforcement officials and businessmen, and is an excellent Government witness. He is well qualified to handle supervisory, administrative and executive matters.

INSPECTOR EGAN:

This man has made a remarkable improvement in the past year since the last inspection in my opinion. He is an extremely hard worker, interested and willing and I think that he is capable of handling a small office as SAC. However, he states that he wants at this time to remain in Washington. He is far above average as a supervisor.

Dear Mr. Herryicht

The light has reported your suggestion that a distinctive color be provided for the copies of reports retained at a field office. The Bureau has given consideration to a similar suggestion in previous years and has also considered this suggestion on its merits at this time.

Although it is believed that there would be some slight advantage in this procedure in reviewing voluminous files, it was believed to be an unnecessary step in most instances and would also call for the preparation of a new form or at least the report form on special colored paper, which would increase the number of items of supplies which are maintained in a field office. Further, the unavailability of different types of colored paper at this time would make the suggestion almost impractical.

I do desire to express to you sy appreciation, however, for your suggestion and for your thoughtfulness in substituing It.

Sincerely yours,

co - SAC, Washington Field

DISTINCTIVE COLOR FIELD OFFICE REPORTS

In discussing matters at the Mashington Field Office with ASAC Hennrich he suggested that the Bureau consider having a distinctive color for the copies of reports retained by a Field Office. In this way, he stated, it would be far easier and quicker to review a case because then you would be able to pick out the Field Office reports by their color instead of thumbing through each and every report contained in a file.

ASAC Hennrich was advised that this would be called to the attention of the Bureau for its consideration.

CARL E. HENNRICH Assistant Special Agent in Charge

Agent Hennrich has been acting in the capacity of Assistant Agent in Charge of this Division since July, 1943, and handles the duties incidental to this assignment in an extremely efficient and thorough manner. He presents a very good personal appearance, is mature, and makes a good impression upon first meeting. He has a considerable amount of initiative, resourcefulness, and is aggressive and forceful.

He has been rated as an excellent dictator, has typing ability, and a knowledge of shorthand. He is a qualified automobile driver, is an excellent Government witness, and has made and maintained many excellent contacts with law enforcement officials and businessmen in this area. He is an approved Bureau speaker and has satisfactorily handled some speaking assignments during the recent past. His firearms' ability is above average, and he is qualified to supervise firearms' training. Due to this ability and his physical makeup, I believe him well qualified to lead raids and dangerous assignments. He could handle any physical surveillance. He is able to organize, initiate, and carry through all types of investigations. He appears to be keenly interested in the work of the Bureau, is loyal, and handles personnel and administrative matters in a fair and judicious manner. He is definitely possessed of supervisory, administrative and executive ability.

Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 30, 1945, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MEMBERSEN) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

SUBJECT: CARL E. HENNRICH

Assistant SAC

Washington Field Office

Assistant SAC Carl E. Hennrich entered on duty as a fingerprint man on February 3, 1934 and as an Agent on October 7, 1935. He served as SAC at Richmond, Norfolk and Boston from August 14, 1940 until July 19, 1943 when he was transferred to the Washington Field Office as Assistant SAC. This transfer was at his request due to the serious illness of his wife. He is an excellent man and has done a very good job as Assistant SAC of the Washington Field Office. He also has recently with Ur. Donegan been handling the Silvermaster case. There is no question but that he is of SAC calibre.

It was necessary to demote Hennrich from CAF 13 to CAF 12 when he was transferred to Vashington and he is presently in the latter grade at \$6020 per annum. In view of his responsibilities, I recommend that he be promoted from Grade CAF 12 to Grade CAF 13 at \$6230 per annum. This will place him in the same rade as SAC

Hottel; however, Hottel receives \$6860 per annum.

Dear Mr. Hennrich:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on November 1, 1945.

This report reflects that you have a functional gastro-intestinal dyspepsia.

The Board of Examining Physicians of the United States Naval Hospital recommends inoculation for smallpox, typhoid, and tetanus. Management of gastro-intestinal dyspepsia by internist is recommended.

It reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

John Edgar Hoover Birector

CIRCULAR NO. 3959

TO ALL EMPLOYEES:

Subject: Affidavit regarding membership in organizations which assert the right to strike against the Government.

Appropriation bills for the fiscal year 1947 provide that no part of the appropriation shall be used to pay the salary or wages of any person who engages in a strike against the Government of the United States or who is a member of an organization of Government employees that asserts the right to strike against the Government of the United States. It is provided that for the purpose of this legislation an affidavit shall be considered prima facie evidence that the person making the affidavit has not contrary to the provisions of this law engaged in a strike against the Government of the United States and is not a member of an organization of Government employees that asserts the right to strike against the Government of the United States.

All employees must execute the affidavit on the other side of this circular. When you have signed the affidavit it should be returned promptly to your immediate supervisor who will forward/it through regular channels (for noting against payroll records) to the Administrative Assistant to the Attorney General.

Certifying Officers shall not release salary checks until this affidavit has been prepared and forwarded.

CARL E. HENNRICH Assistant Special Agent in Charge Annual Efficiency Report

ASAC HENNRICH makes a very good personal appearance, has a great deal of poise and confidence, and meets any type of person with ease. He has made many excellent contacts with law enforcement officials and businessmen, is an approved Bureau speaker, and is experienced in handling speaking assignments. He has a large amount of initiative and resourcefulness, and can be as forceful and aggressive as the occasion demands. He is qualified to supervise firearms' training, is an excellent Government witness, and could lead any raid or dangerous assignment.

He handles the various duties incidental to his desk in a thoroughly efficient manner, and can be relied upon to carry through any task to the best possible conclusion. He is extremely interested in the work of the Bureau, has the ability to handle the men under him in a judicious manner, and has the respect of those working for him.

The manner in which he handles his work is indicative of his supervisory, administrative, and executive ability.

CARL E. HENNRICH ASSISTANT SPECIAL AGENT IN CHARGE ANNUAL EFFICIENCY REPORT

Mr. Hennrich handles the duties of Assistant SAC and those incidental to his supervision of the Criminal Squad in a highly efficient manner. He has a great deal of initiative, is resourceful, and as forceful and as aggressive as the occasion demands. He has the ability to exact work from those under him without appearing officious, and has the admiration and respect of the Agents on his squad.

He is considered an excellent dictator, has appeared as a Government witness on numerous occasions, and is qualified in all the Bureau firearms. He is qualified to act as firearms' instructor and could handle any dangerous assignment. He is familiar with the operation of the typewriter but has no knowledge of shorthand. He is an approved Bureau speaker and is experienced in handling speaking engagements. He has made and maintained excellent contacts with local businessmen.

He makes a very good personal appearance, and makes a good impression upon others because of the poise and confidence in his approach. He is able to handle a large volume of work efficiently and expeditiously, and he works well under pressure.

He definitely possesses supervisory, administrative, and executive ability.

Dear Sin

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 15, 1947, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK --MANUS-SEEKR) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary: for: F. B. I. Agents! Insurance Fund:

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to February 15, 1948, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY DEDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

SAC GUY HOTTEL:

ASAC Hennrich handles all his assignments in a thoroughly efficient manner. He is possessed of a great deal of force and aggressiveness, maintains the confidence and respect of those working under him, and has made and maintained excellent contacts with businessmen around Washington. He handles the duties of the SAC's desk, in the SAC's absence, in an efficient fashion, and definitely demonstrates that he has supervisory, administrative and executive ability.

Adjective Rating: Excellent.

INSPECTOR GURNEA:

ASAC Hennrich presents an average appearance, likewise has an average personality. He is industrious, very conscientious and is particularly well informed on the activities of the office. Hennrich is somewhat of a disciplinarian and expects personnel under him to produce. Hennrich is a capable Assistant Agent in Charge.

Doar Mr. Hennrich:

The Bureau is in receipt of the report of the physical exemination afforded you at the United States Naval Hospital, Bethesda, Haryland, on January 14, 1948.

For your information, the electrocardiogram afforded you in this connection shows ventricular premature beets, 4r "repular irregularity" of the pulse; however, the report was within normal limits.

It is also noted that the x-rays of the upper gastro-intestinal tract efforded you on January 23, 1948, were essentially normal. The medical examiner recommends abstinence from tobacco.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours

STANDARD FORM NO. 64

Office Memorandum • United States Government

: MR. TOLSON

FROM : J. P. MOHR

SUBJECT: CARL E. HENNRICH

Assistant SAC

Washington Field Division

DATE: 2/24/48

SAC Hottel has recommended that Mr. Hennrich be promoted to Grade CAF 14, \$8179.50 per annum.

There is attached a permanent brief of Mr. Hennrich's file. However, it is to be noted that he entered on duty in a clerical capacity on February 3, 1934 and as a Special Agent on October 7, 1935. He is presently in Grade CAF 13, \$7341.60 per annum.

Mr. Hennrich is 38, married, has two children and is a legal resident of Arlington, Virginia. He has an LL.B. Degree and his office of preference is Washington, D. C. Mr. Hennrich was for three years assigned to the Identification Division in a supervisory capacity, was SAC at Richmond, Virginia, Norfolk, Virginia and was designated SAC at Boston on February 24, 1943. He was removed as SAC at Boston and assigned to the Washington Field Office as Assistant SAC on July 19, 1943 at his specific request due to his wife's mental illness. There is no indication in his file that he has advised the Bureau he is available for assignment wherever and whenever his services are needed.

It is true that the Washington Field Office at the present time has increased in size tremendously and that the responsibilities have likewise increased. It is to be further pointed out that at the present time there are only two Assistant SAC's who are in Grade CAF 14 and they are Assistant SAC Belmont and Assistant SAC Whelan in the New York Office. However, the SAC of the New York Office is in Grade CAF 15. There is no logical reason for promoting Mr. Hennrich to Grade CAF 14 and not take similar action with respect to the Assistant SAC of some of the other larger offices of the Bureau.

RECOMMENDATION

6 MAR 6

It is recommended that no action be taken to reallocate Assistant SAC Hennrich of the Washington Field Office to Grade CA at this time. Mr. Glavin concurs in this recommendation:

Assistant Special Agent in Charge
Annual Efficiency Report

ASAC Hennrich is supervisor of the Criminal Squad and handles all the duties incidental to his position in a highly efficient manner. He is definitely possessed of administrative, supervisory and executive ability, and can handle the most involved assignment logically and without loss of time or effort. He maintains the respect and confidence of the men working under him, and has the ability to exact work from his Agents without appearing officious.

He is a qualified firearms' instructor and can organize and lead any raid or dangerous assignment. He is considered an excellent dictator, has been successful in maintaining friendly relations with the law enforcement officials in this District, and has made and maintained excellent contacts with local businessmen.

He makes an excellent personal appearance, is possessed of poise and confidence, and makes a good impression upon others. He handles a large volume of work efficiently and expeditiously.

He is entitled to a rating of EXCELLENT.

Ret Amerylsers in Vashington Field

Dear Siri

Unless adviced to the contrary, the following supervisory changes are being made and will be adopted in this office:

Due to the fact that the Loyalty invistigations have faller off, and this squad has approximately 500 cases, it is believed that Supervisor Fred Hall can handle this squad with the aid of a reader from time to time, numely 4. C. Hayden.

The M Squad in this office, known as the Applicant Squad, has approximately IAI Agents and 14 Special Employers handling approximately ESSI cases. This aquad usually closes between three and five thousand cases per menth, and a resimitely 150 r ports are sent out each day. In view of the tremendous increase in the number of cases on this squad, it is my opinion that this squad will need two supervisors, and I have transfered Supervisor V. O. Hyan to head this squad, to be assisted by Supervisor T. H. Strong. From time to time, it is to be need they will need an additional reader and when such is the case, a seasoned light from this squad will be utilized to headle this assignment.

The Mussian-Communist Equal will now be supervised by K. T. Delavigne, and the assistant supervisor will be J. O. Cavadine. Due to the increased amount of work on this squad in the yest six menths, I have as igned an additional eight men to this squad. In view of SAC Letter \$180, dated Cotober 7, 1948, I am watching the work of this squad wary closely in order that these matters will receive preferred attention in this office. It is possible that additional agents will be assigned to this squad in the future.

ATAO Henrich will remain in charge of the Al Equal, commonly known as the Original Equal, and Supervisor R. H. Newby will remain in charge of the technic 1 plants and the handling of theliaison with the Pelephone, Cable and Jost Office departments.

Yery truly yours,

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 31, 1949, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY CREEK)—the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

Dear Hr. Hennricht

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Rospital, Bethesda, Maryland, on January 20, 1950.

This report reflects that you have no disqualifying physical defects and that the electrocardiogram was within normal limits.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

CARL E. HENNRICH Assistant Special Agent in Charge Annual and Transfer Efficiency Report

This efficiency report will serve as both an Annual and a Transfer Report, inasmuch as ASAC HENNRICH was transferred to the Security Division of the Bureau on February 27, 1950.

ASAC HENNRICH dresses neatly and in good taste, presents an excellent personal appearance and has a very friendly and likeable personality. He makes a good impression upon those with whom he comes in contact. He has been Supervisor of the Criminal Squad and has handled the duties incidental to this desk in a very efficient manner. He maintained the confidence and respect of all Agents working under him.

He is a qualified firearms instructor and could organize and lead any raid or dangerous assignment. He is considered an excellent dictator, an excellent speaker and has been most successful in maintaining contacts with local law enforcement officials. He makes a very good witness in court. He could handle the most involved case, and he has a high degree of initiative and force.

The manner in which he discharges his duties indicates that he is possessed of supervisory, administrative and executive ability. He is available for special and general assignment.

I consider ASAC HEMNRICH as being entitled to a rating of Excellent.

regarding a murder in Texas. Sergeant further stated that the Park Police had wired the Sheriff at Amarillo, Texas (actually
it was the Chief of Police at Amarillo, Texas) who had said there was
such a murder. Serosant furnished no other names than that

such a murder. Sergeant furnished no other names than that of and the name of "Tex" Thornton was not mentioned. Sergeant stated that the Park Police was going to pick up
and question her and inquired of Supervisor as
to whether or not the FBI wanted to participate in the questioning.
Supervisor after personally checking the files of the Wash-
ington Field Office on the name of without finding any
reference or pending investigation, informed Sergeant
that there did not appear to be any TBI interest in the case at
that time.
Supervisor indicated that since he had found no reference to the name of or any information reflecting
reference to the name of or any information reflecting
that the Field Office had a pending investigation on her, and since
Sergeant had also indicated that the boman might
be a mental case, he did not feel that any further dotion should he
taken at that time. He then prepared a complaint form. This
complaint form was on ASAC Hennrich's desk before 9:30 a.m. on the

Thile in SAC Hottel's Office, a telephone call was received

case. However, a discussion of the case with SAC Alden

SAC Hottel at about 9:30 a.m. from SAC Alden at Dallas concerning

handled by ASAC Hennrich of the Washington Field Office. SAC in advised that the Dallas Division had received information from

Sid Harper, the Chief of Police at Amerillo, Texas, at about 9:00 p.m. on February 7, 1950, that the Amerillo Police Department had received a telegram from the Park Police on the night of February 6, 1950, which asked of a man named Thornton had been murdered in Amarillo. Marper stated that he answered yes to this wire from the Park Police by telegram on Tuesday, February 7, 1950. It is noted that Chief Harper of the Amarillo Police Department furnished the aforementioned information to Special Agent William R. Jenkins at Amarillo, Texas, at about 9:00 p.m. on February 7, 1950, at which time Special Agent Jenkins was packing, preparatory to catching the night train to Dallas. Agent Jenkins caught the 9:45 p.m. train, arriving in Dallas the following morning, Tednesday, February 8, 1950, at 7:30 a.m. (8:30 a.m. Fashington D.C. time). He immediately notified SAC Alden, who stated he made the oall to the Fashington Field Office at about 8:45 a.m. (9:45 a.m. Washington D.C. time) on February 8, 1950. Chief Harper had also advised Special Agent Jenkins that a few minutes before he called Agent Jenkins, he, Harper, had received a telephone call from Chief Raspberry of the Park Police, Nachington, D.C. Chief Rampberry whated that his denartment had a woman in and who stated that a man custody who gave the name of named Thornton had been killed and that was the one who had killed Thornton. h6 h7C

Immediately after receiving this call from SAC Alden.

ASAC Hennrich was advised by Special Agent that had just gotten through talking with U. 3. Commissioner Lawrence who advised that the Park Police had the woman in his office to arraign her as a fugitive from justice. He inquired as to whether the Bureau was interested in the matter under UFAP. ASAC Hennrich immediately dispatched Special Agents Thomas Curry and to the Commissioner's Office with instructions to interview the woman; to determine if she was involved in the ITSMY and murder in Texas; to get a signed statement from her and if she was involved, to get her arraigned.

From that time until about noon, the Special Agents were in frequent contact telephonically with ASAC Hennrich of the Field Office and ASAC Hennrich was in frequent contact telephonically with the Bureau for the purpose of definitely determining that; the woman was actually involved in the case and that her alleged confession to the Park Police was in fact bona fied. It was deemed necessary to be absolutely certain <u>of this fact since the Park Police had</u> previously committed the _woman to Gallinger Nospital for examination and also in the call of Sergeant to Superior at 8:55 p.m. on February 7, 1950, it had been indicated that she might be a mental case. Likewise, during this time, to Supervisor consideration was given to actually withholding the arraignment of bac woman until after comparison could be had with latent fingerprints which had been developed at the scene of the nurder. * hookswever, it was decided to arraign the woman on the basis

of her confession to the Agents and she was arraigned at approximately 12 o'alock noon on the charge of ITSHY.

In the meantime, at about 11:30 a.m. on February 8, 1950, because of the improbability of a substantial bond on the ITSMY
charge and the probability that the local police department would be filing charges against the we wan as a fugitive for murder in
19248. AUAU HENNYION DOLLAR THE DAILOR Office and in the cheene as
SAC Alden, talked with ASAC ASAC Hennrich recommended to ASAC that if it was considered advisable, UFAP charges should be filed in Dallas. ** approximately 1:00 p.m., ASAC
called ASAC Hennrich and informed Hennrich that UFAP charges had been filed at 13:10 p.m. that date, February 8, 1950. ASAC Hennrich
thereupon immediately instructed Special Agents Thomas Curry and to arraign the woman on the UFAP charge.
The boman was thereafter arraigned on the UTAP charge at approximately 3:00 p.m. The woman was not arraigned on the UTAP above.
the UTAP charge prior to 3:30 p.m. because from the time of her arraignment on the ITSMY charge at noon and 3:00 p.m., the was being
fed and examined by a physician.

In this connection, it is noted that right from the outset of the Agents' contact with the subject, they had informed ASAC Hennrich as to her exhausted condition and the fact that she had apparently been questioned all of the previous night, February 7, 1950, by the Park Police. Although the Agents did talk to her in order to obtain sufficient information to arraign her on the ITSMY charge, they questioned the advisability of interrogating her further after her arraignment at noon on the ITSMY charge. The Agents so informed ASAC Hennrich in their telephonic conversations with Hennrich during the morning. ASAC Hennrich likewise questioned the advisability of theroughly interrogating the woman in view of her condition and instructed the Agents at approximately noon to see to it that she was examined by a competent physician and that they should abide by the advice of the physician as to whether any further interrogation should be made.

Accordingly, after she had been examined by the physician and following her arreignment on the UFAP charge at 3:00 p.m. and with the expressed approval of the physician, the Agents questioned the subject extensively regarding her husband's associates, his taken whereabouts, his relatives, at actera. This interrogation of the charm subject lasted from approximately 3:00 p.m. to between 5:00 and 5:30 p.m. when the Agents returned to the Field Office.

Tt is noted that the Agents had, in addition to being in harbo__frequent contact telephonically with ASAC Hennrich during the morning, how__ben in frequent contact with him telephonically during the early tele. Roompart of the afternoon up to approximately 3:00 p.m. when they began has __beir extensive questioning of the subject. At approximately 3:30 p.m., candy__only.

ASAC Pennrich had to leave the Field Office to interview Judge Holtwoff in connection with the Snags Levis jury tampering case. During ASAC Hennrich's absence, there was delivered to the Field Office around 4:00 p.m. to Hr. Hennrich's attention from the Bureau, photographs of one which had been taken by the Captain of the Port, Debroit, Michigan, in 1942.

Upon ASAC Hennrich's return to the Field Office shortly ofter 5:00 p.m., he observed the photographs on his desk. It is also noted that at noon on that same day, Agents of the Field Office had obtained from the Park Police, two photographs which the Park Police had secured from the subject. The subject had indicated that the photographs were of her husband. Although the photographs obtained from the subject appeared to be the same individual reflected in the Bursau photographs of since it was not known definitely that the two individuals were the same, the Agents, immediately after their return to the Field Office which was approximately 5:15 p.m., were instructed to procede to the fail and to exhibit the dureau's photographs to the subject for identification. The Agents did this and the subject identified the fureau's photographs as being photographs of her husband.

During the course of this contact with the subject, the
Agents interrogated her further and again returned to the Office at
approximately 7:00 p.m. At that time ASAC Hennrich was advised
by the Agents that the <u>sub-leat had requested that the Agenta get a</u>
message to one Private who, the subject had advised, was
a Waring stationed at the Naval Installation near merican
University. The Agents at that time informed ASAC Hennrich that

SAC Hottel has advised that during the thorough interrogation of the subject which it is noted lasted from approximately 3:00 p.m. to 5:00 p.m. and from 5:30 p.m. to 7:00 p.m. on February 8, 1950, she furnished information regarding relatives of her husband in Michigan in addition to his various activities and associates while she was with him. The subject also indicated that she had last seen her husband in Tampa, Florida in November of However, at no time did she ever give any suggestion or indication as to where she expected her husband might be located. It was further noted by SAC Hottel that information obtained by the Park Police through the interrogation of likewise failed to reflect any information concerning the possible location of her husband. The Agents of the Field Office not only obtained a copy of the confession the subject had given to the Park Police, but had also interviewed the police officers who had interrogated The Police Officers likewise indicated that they had obtained no information from the subject as to where her

SAC Nottel has also advised that he has been entirely familiar with this case since it was first brought to his attention at approximately 9:30 a.m. on the morning of February 8, 1950. He also advised that right at that time he issued specific instructions to ASAC Hennrich that this case was to receive expeditious attention and that there were to be no slip-ups. SAC Hottel did not feel that PSAC Reporton had been derellet in this matter. SAC Nottel stated that ASAC Hennrich from the first moment that he learned of the case, acted promptly and efficiently and continuously in conferring with the Agents in following the developments through and in keeping SAC Nottel continuously informed concerning any and all developments. SAC Nottel pointed but that the information developed from the subject consisted of names and addresses of relatives and associates of her husband, and when she had last seen him, but there was no indication and nothing specific was developed either by the Bureau Agents or the Park Police as to the whereaboute of the subject's husband. In view ther of, SAC Hottel did not feel that there was any undue delay in deferring the trongmittal of this information to the Petroit and other Field Divisions until after the interview with Private had eliminated him us the subject's husband. SAC Fottel felt that ASAC Hennrich had handled this natter in a satisfactory manner and he recommended no administrative action against him.

SAC Hottel was at fault because it was his personal responsibility to insure that the information received by his office in this case and the investigation of the case was handled efficiently and promptly which, as indicated above, was not cone in this instance.

Special Agent Villiam R. Jenkins of the Dallas Division was derelict because it is felt that the information he obtained from the Chief of the Amarillo Police Department at 9:00 p.m. on February 7, 1950 which indicated that a suspect in the case he had been working on extensively was in custody, should have been inacdiately and telephonically communicated to his Special Agent In Charge instead of watting until the following norming at the time of his arrival in the Dallas Division at 7:45 a.m. (D:45 a.m. Washington D.C. time).

FUGITIVE AT AL ITSMV UPAP - NURDER

In accordance with Bureau instructions, there is set out below the chronological record of events in the investigation of this matter by the MFO.

The first information whatever regarding this matter coming to the attention of the field office was a call from the Park Police on the late evening of February 7th at which time the Park Police informed that they intended to pick up a woman named who they thought might be a mental case who had furnished them with information regarding a murder in Texas; that they had wired the Sheriff in Texas who had said there was such a murder and that they were going to pick her up and question her. They wanted to know if the F. B. I. wanted to participate in the questioning. They were informed there appeared to be no F. B. I. interest in the case after checking the files of the field office and the Fugitive Index of the Bureau. No other name was given except

b6 b7C

On the morning of February 8th, at about 9:30, SAC ALDEN called from Dallas and advised of the ITSMV Case there and that they had received information from Texas authorities that the Park Police in Washington were holding a suspect or had questioned a suspect in commection with the case. Immediately, at approximately 10:00, upon receipt of this eall, U. S. Commissioner LAWRENCE called the NFO and informed that the Park Police had the woman in his office to arraign her as a fugitive from justice. He made inquiry as to whether the Bureau were interested in the matter under UPAP. Agents were immediately dispatched to the Commissioner's Office with instructions to interview the woman; determine if she was involved in the ITSMV and murder in Texas; and if so, to arraign her.

From that time until about Moon, numerous telephone calls between the Agents handling the interrogation and ASAC HENNRICH were had with the Bureau - determining definitely she was involved in the case and that her

CH; smg 26-10709 alleged confession to the Park Police was in fact bona fide; it being noted that the Park Police had previously had her committed to Gallinger Hospital for examination and their call to the NFO on the evening of February 7th had indicated that she might be a mental case. During this time consideration was given to actually withholding her arraignment until after comparison could be had with latent fingerprints which had been developed at the scene of the marder. However, it was decided to arraign her on the basis of her confession furnished to the Agents and she was arraigned at approximately Noon on the charge of ITSMV. In the meantime, because of the improbability of a substantial bend on the ITSMV charge and the probability that the local Police Department would be filing charges as a fugitive for murder in Texas, a call was made to the Dallas Office with the recommendation that if considered advisable, UFAP charges be filed in Dallas.

At approximately 1:00 P. N., the Dallas Office informed that such charges had been filed. The Agents were them instructed to arranged to have her arranged on this charge.

made overtures to the office as to the exhausted condition of the subject the fact she had been questioned all night by the Park Police; and they questioned the advisability of interviewing her further after the ITSMV arraignment. They were instructed to see to it she was examined by a competent physician and they should abide by the advice of the physician as to whether further interrogation should be made. Very little interrogation of the subject was accomplished following her arraignment for ITSMV and her further arraignment for UFAP at approximately three o'clock due to the fact that she was being fed and examined by a physician during this period. Following her arraignment on UFAP, she was questioned extensively with the approval of the physician regarding associates at cetera. The Agents returned to the office between 5:00 and 5:30 P. M.

In the meantime, WFO had examined a fingerprint dard on which

the interview and of the fact that she had requested they get a message

MEMORANDUM FOR MR. TOISON MR. GLAVIN

Confirming oral instructions I desire that Mr. Glavin be detached for a period of ninety days as Assistant Director in Charge of the Administrative Division effective Monday, February 27, and initiate immediately a complete inspection of the Identification Division with the view of reducing personnel, streamlining its operations, and reducing its costs of operation. Mr. Tracy should be instructed that I expect the fullest cooperation and assistance from himself and his staff.

In Mr. Glavin's absence Mr. N. P. Callahan will act in charge of the Administrative Division.

SAC Guy Hottel is to be immediately placed upon probation for conduct unbecoming a representative of this Bureau. I have talked with Mr. Hottel and severely reprimanded him and told him that I will not again give him another chance. I told him there were entirely too many rumors circulating concerning his activities and while they may not be completely true, nevertheless, many of them were and he had not used the proper discretion in his conduct.

I desire that Mr. A. M. Belmont be transferred as Assistant Special Agent in Charge of the New York Field Division and designated as Inspector in Charge of the Security Division, effective Monday, February 27.

I desire that Mr. W. M. Thelan, the #2 man in the New York Office, be designated as Assistant Special Agent in Charge of the New York Field Division. effective February 27.

I desire that Mr. H. B. Fletcher, who has been acting in charge of the Security Division, be transferred to New York and designated #2 man in the New York Field Division in place of Mr. Whelan.

I desire that Mr. L. L. Laughlin of the Security Division be designated as #1 man in the Security Division, effective February 27.

I desire that Mr. C. E. Hemmich Assistant Special Agent in Charge of the Washington Field Office, be transferred from the Washington Field Office to the Security Division and designated #2 man, effective February 27.

I desire that Mr. B. C. Brown of the Training and Inspection Division be transferred to the Washington Field Office as Assistant Special Agent in Charge, effective February 27.

I have spoken to Mr. A. Rosen and expressed to him my complete displeasure of his administration of the Investigative Division and of my intention to transfer him as Assistant Director in Charge of that Division unless he can immediately take hold of that Division and bring about a more effective administration of it. Mr. Rosen assured me he believes he can do so and for the present he remains as Assistant Director of that Division.

Dear Stre

The Bureau has carefully considered the information submitted concerning your supervision of the investigative case during the entire day and activity in the evening of February B, 1950.

b6 b7C

In regard thereto, it is deemed necessary to specifically call your attention to the undus delay in the transmission to the Detroit and other Field Divisions of pertinent information which had been obtained as a result of the interview with the subject. It has been reported that the information in question, namely, the address of a relative in Munising, Michigan, where the subject's husband was subsequently apprehended, was obtained prior to 7:00 P.H., but was not furnished to the Détroit Division until after 2:00 A.d. on the morning of February 9, 1950.

There appears to be no reason why such a delay in the transmission of this information should have occurred and you are considered to have displayed a lack of judgment in this respect.

auty and was not available for interview until after 8:00 p.m. on February 8, 1950. On instructions of ASAC Hennrich the transmittal by teletype of the information obtained from the subject, which included the sister's address in Munising, Michigan, was delayed until after the interview with which was for the purpose of either identifying or eliminating him as the subject's husband. The Agents returned to the Field Office shortly after midnight, February 8,1950, after their interview with which eliminated him as the subject's husband. The teletype which contained the aforementioned information regarding the sister's address in Munising, Michigan was as previously indicated, did not leave the Field Office until about 2:00 a.m. February 9, 1950.

SAC Hottel did not feel that ASAC Hennrich had been derelict in his handling of this case since from its inception, Hennrich had acted promptly and efficiently and continuously in conferring with the Agents in following the developments through and in keeping SAC Hottel continuously and promptly informed concerning any and all developments. SAC Hottel also pointed out that the information developed from the subject consisted of names and addresses of relatives and associates of the subject's husband as well as when the subject had last seen her husband, but at no time was there any indication or was anything specifically furnished by the subject either to the Bureau Agents or to the Park Police as to the possible whereabouts of the subject's husband. In view thereof, SAC Hottel did not feel that there was any undue delay in deferring the transmittal of this information to the Detroit and other Field Divisions until after the interview with Private had eliminated him as the subject's husband.

RECOMMENDATIONS OF THE ADMINISTRATIVE DIVISION

It is felt that there is no justifiable reason why the information obtained as a result of the interrogation of the subject which included the sister's address in Munising, Michigan where the subject's hisband was subsequently apprehended, was not transmitted by teletype to the Detroit Division and other interested Divisions shortly after 7:00 p.m. February 8, 1950 instead of after 2:00 a.m. the following morning. There appears to be no reason why this information should have been held up pending the interview and elimination of as the subject's husband. It is recommended that a letter of censure be directed to ASAC Carl Hennrich of the Washington Field Office.

It is also recommended that a letter of censure be directed to SAC Hottel, who, it is felt, had the over-all responsibility to insure that the information received by his office in this case and the investigation of the case was handled efficiently and promptly which, as indicated above, was not done in this instance.

	DETAILS: b6 b7C
	At approximately 9:30 A. M., 2-8-50, ASAC Hennrich, Washington Field, communicated with Supervisor Frank Price, who was acting in the Investigative Division,
	at which time Mr. Hennrich stated that he had received a telephone call from the Dallas Office concerning the fact that one was in custody of the Park Police in Washington and that she had given a statement admitting her part in the
Section and sectio	murder of W. A. "Tex" Thornton at Amarillo, Texas, on or about 6-22-49. It was indicated that the Park Police had been in previous communication with the Bureau concerning
:	and her alleged efforts to surrender. 67-80005-802
1 5,	It was determined that Night Supervisor J. R. Hitt had received a telephone call at 3:45 A. M., 2-6-50, from U. S. Park Police, in which It was stated that a woman known to as a "screwball" had told him that the
+ -	lived with her and that was said to have reported that

Memo to Mr. Ladd The memorandum of SA Hitt dated 2-6-50 reached the Investigative Division at 1:00 P. M., 2-6-50. Inasmuch as it bore the caption Information Concerning, Deserter it was routed to the Deserter Desk for attention. The memorandum was checked by a clerical employee against the Deserter indices and marked "no record" whereupon it was routed to SA Deserter Desk. SA on noting that he had no record and that the subject had not been identified with a Bureau case, initialed same. The second memorandum of SA Hitt, dated 2-8-50, had not reached the Investigative Division at the time of the telephone call from ASAC Hennrich at approximately 9:30 A. M., 2-8-50, it being received in the Investigative Division at 11:20 A. M., February 8. Supervisor Frank Price on being advised by ASAC Hennrich of the facts furnished to Mr. Hennrich by the Dallas Office immediately contacted Supervisor M. C. Clements, Fugitive Desk, and inquired concerning this case which Clements immediately identified as a case he was supervising. Tickler copies of both memoranda of SA Hitt were obtained from Mr. Fletcher's Office. These were received at approximate ly 9:45 A. M. The Bureau's extreme interest in this case was made known to ASAC Hennrich. Communication was had with Mr. Hennrich at various times following the priginal call and throughout the day in connection with the developments as they occurred, including arraignment. Shortly after the original telephone call from ASAC Hennrich, Inspector J. J. McGuire advised that he had received press inquiries, at which time SA Clements was instructed to furnish tickler copies of memoranda concerning the case to Mr. McGuire for his assistance. This was done at approximately 10:00 A. M., 2-8-50. Upon his return to his own office, SA Clements telephonically communicated with Single Fingerprint Section, and requested that the fingerprints of concerning whom a deserter notice had been posted be checked against previously unidentified latents connected with the murder of Mr. Thornton and the theft of his was furnished such descriptive data concerning the car. At the same time, female subject as was then available in order that a search might be made for her prints for comparison. At the same time the Identification Division was requested to have their Liaison Representative get all available information from Army records concerning the alleged deserter. SA Clements communicated with the FBI Laboratory and advised of the Laboratory that handwriting of the famale subject would be available for comparison with the handwriting of previously by unknown female subject. At approximately 11:30 A. M. SA Clements advised the Office of Mr. Tamm, Identification Division that examination had been requested in the Single Fingerprint and it was requested that Section concerning FBI No. the Identification Division prepare the jacket, if possible, simultaneously in order that a wanted flyer might be issued.

Memo to Mr. Ladd Subsequently, Single Fingerprint Section, advised SA Clements that he had not been able to make an identification of the latent fingerprints with either subject. At that time stated that he had given the main jacket to other employees in order that they could prepare the jacket for a wanted flver. but that he had the master fingerprint card. SA Clements obtained from a listing of the dates and places of previous arrests of L As soon as the Identification Division advised of the information obtained from Army records, SA Clements prepared a teletype to Dallas, Detroit, Ios Angeles, Milwaukee, St. Louis and Washington Field, giving the background of the case to all offices and such information as was available to SA Clements from the record checks to provide leads for the apprehension of the fugitive. Specific instructions were given that all offices should act immediately. St. Louis was instructed to immediately check Army records for complete biographical and descriptive data and to sutel such information to the offices named and to the Bureau as well as to any other offices in which investigation should be conducted to locate and apprehend were instructed to attempt to apprehend on the basis of the information furnished therein and to sutel leads to any other offices. They were likewise instructed to attempt to obtain photographs and to forward same AMSD that date. All offices were instructed to expedite the handling of all the leads furnished as well as any others which might be received. As soon as this teletype was prepared SA Clements personally carried the teletype through for signatures and requested the teletype employees to transmit same urgently. The teletype room was likewise requested to cause a copy to be furnished personally to Mr. Hennrich in Washington Field immediately. A request having been previously made for a further check of the general indices, SA Clements obtained a 121 file which contained a reference to the subject. From a file review information was obtained concerning past residences of the subject and his mother in the Detroit Division and a second teletype was prepared for urgent transmission to Detroit. Night Supervisor initialed this second teletype without delay. It having been ascertained that a photograph of subject was available in his fingerprint jacket, copies were made of same and furnished to the Washington Field Office for transmittal to appropriate field divisions together with copies of photographs which had been obtained from the female subject. The Night Supervisor, BA was briefed as to the background of this case in order that he might be in a position to take appropriate action during his tour of duty.

DISCONTINUEANCE OF SURVEILLANCE

OF HENNIFICH

SAC Hottel has advised that at about 5:30 P. M. on February 20, 1950, information was received that a suspect in the bank robbery case entitled Unknown Subjects. Shepherd Park Branch, Hamilton National Bank, 2/17/50 - Bank Robbery, one was in a restaurant at 8th and K Streets, Northwest, with two unknown individuals. The captioned Agents were instructed to proceed to the restaurant and maintain a surveillance of and his two companions. The Agents were all personally instructed to conduct a discreet surveillance and under no circumstances, to be "made" but to endeavor to determine the identities of the unknown individuals. They were not specifically told to notify the office before discontinuing the surveillance, but SAC Hottel felt that good judgment would have dictated such action.

At approximately 9:00 P.W. that night, Agent Calabrene advised that the two unknown individuals were in a pool hall near 9th and New York Avenue. Worthwest, and they had not yet been identified by the Agents. Agent Calabrese at that time was instructed to continue the surveillance in a discreet menner in order that the identities of the two individuals might become known. The following day, SAC Hottel learned that the Agents had discontinued their surveillance at about 10:00 P.M. on February 20, 1950, due to the fact that they believed they were being "made". The Agents did not communicate with the Office to receive further instructions before discontinuing the surveillance but dropped it and proceeded home without advising the SAC or other supervisory official.

ACENTS! EXPLANATION

LO MAR LI BUT

Memoranda have been submitted by the four Agents in question in which they advised that after the two unknown men separated from the suspect b6 they proceeded to a peol room on 9th Street in an area frequented by gamblers, thieves and other criminal characters. The four Agents maintained their surveillance from outside the pool room and observed that the two men in whom they were interested left the pool room and proceeded to another establishment located nearby. They subsequently returned to the first pool room and made kseveral trips back and forth between the two places prior to the time the surweillance was discontinued. On these occasions, the men were observed to be scrutinizing the Bureau Agents who were seated in automobiles and in addition. other persons were observed to come out of the pool rooms, look over the Bureau cars and Agents, and then return inside.

Because of these activities, the Agents felt that their presence in the neighborhood was becoming the subject of suspicion and therefore they discontinued the surveillance shortly after 10:00 P.M.

With respect to their failure to contact the Special Agent in Charge before taking this action, Agent Blaszek has indicated that he realizes he should have done this, while Agent Calabrese states that it was his understanding of the instructions to them that the Agents should drop the surveillance if it appeared that they were being "made" and that when this seemed to be the case, he felt it was proper to discontinue without calling the Office. With regard to the same point, Agent stated that it appeared that the two individuals they were surveilling were well known in the area and that it would not be difficult to ascertain their identity in a discreet manner at a later time. He points out that this was accomplished within a short time on the following day. Agent stated that upon returning to the Office from the surveillance, it was his belief, gained from conversation with the other Agents, that Agent Blassek had informed the Agent to whom the bank robbery case was assigned of developments in the surveillance. However, he admits he did not hear Agent Blassek impart this information.

RECOMMENDATION OF SAC HOTTEL

receive letters of censure for their action in discontinuing the surveillance without obtaining the objective of the surveillance and without first contacting the Field Office for instructions. With respect to Agent the SAC points out that this Agent had been assigned to criminal work only about two weeks prior to the above incident and probably went along with the decision of the other Agents who had more experience on surveillance work without giving the matter additional thought. SAC Hottel further related that in making this recommendation he had taken into consideration the fact that these Agents had been working under heavy pressure and for long hours and that they were instructed that under no circumstances should they be "made".

b6

b7C

The SAC's recommendation with regard to Agent Blassek is set out later in this memorandum because of other difficulties in which he was involved.

IMPROPUR LANGUAGE BY AGENT BLASZEK TO ASAC HENNETCH

Mr. Hottel has transmitted to the Bureau a memorandu submitted by former ASAC Hemnrich setting out that on Tuesday evening, 2/21/50, Agent Blassek asked ASAC Hemnrich whether he could be excused from the bank robbery investigation that night in order to bowl with the Bureau's bowling team.

Mr. Hennrich told him that he would not excuse him for this purpose and when Agent Blassek appeared disappointed, suggested that if he cared to make the request of SAC Hottel when the latter returned from dinner at 7 o'clock, the ASAC would have no objection. At that point, Mr. Hennrich reminded Blassek that SAC Hottel had been critical of his discontinuing the surveillance the previous night and suggested that Blassek go out and identify the persons whom he had been assigned to identify on this surveillance.

At this point in the conversation which occurred in the Field Office just outside the Assistant SAC's Office, Blassek stated with apparent anger: "it's one thing to sit on your big a— in the office and say how a survivillance should be handled and it's another thing to get out on the street and do it." This remark was overheard by other employees and Mr. Hennrich advised Blaszek that he considered the statement disrespectful of SAC Hottel and of any Supervisor in the Bureau. When Mr. Hennrich re-entered his Office a few minutes later, Agent Blassek, in the presence of several other Agents, apoligized for his remark to ASAC Hennrich.

EXPLANATION OF AGENT BLASZEK

Agent Blassek has submitted a memorandum admitting that during the conversation with Mr. Hennrich he lost his temper for a minute and exclaimed that anyone could sit behind a deak and say after some event had occurred that the Agents should have done this or that and that the Agents on the surveillance were in a better position to decide whether or not a surveillance was being "made". Blassek explained that in makeing the remark he had no particular individual in mind but was merely speaking in general terms. He is aware that his remark could have been interpreted as referring to the SAC and he expresses his regret for the incident. In connection with it, however, he noted that the SAC had already voiced his displeasure in no uncertain terms about the discontinuance of the surveillance and had suggested that administrative action might be taken and therefore Agent Blassek felt that he would be appropriately panished for that matter and that further reference to the surveillance incident was not warranted.

FAILURE TO REPORT FOR WORK ON SUNDAY, FEBRUARY 26, 1950

SAC Hottel has advised that on Saturday, February 25, 1950, Agent Blaszek had been instructed to report to the office at 9:00 A.W. Sunday morning. However, Blaszek failed to appear and failed to advise the SAC or ASAC that he was not coming in and why. Blaszek had notes and information which were needed at a conference that morning and shortly after 9:00 A.M. when it was ascertained that he had not arrived at the office, a telephone call was made to his home. Agent Blaszek advised at that time that he had a more throat and for that reason had not reported for duty. However, shortly after noon that day he did come to the office at which time he was instructed

that his services would not be needed that day and that he could return home and would be relieved of all assignments on the bank robbery case.

EXPLANATION OF AGENT BLASZEK

Agent Blassek, in a separate memorandum has advised that he was instructed on Saturday to report to the Office for work at 9:00 A.M. Sunday, February 26, 1950, and that he fully intended to comply with these instructions and set his alarm clock for 7:00 A.M. During the night he became violently sick, necessitating several trips to the bathroom and he did not hear the alarm clock when it went off at 7:00 A.M. and remained asleep until 9:00 A.M. when the Field Office called. He related that he then advised the Agent calling that he had been sick during the night and was still feeling the effects of the illness and he requested that the office be advised that he would not be in to work for that reason.

Agent Blaszek states that he realizes that he should have called the office earlier and a dvised some supervisory official of his illness and inability to report for work. After giving considerable thought to the importance of the case on which he had been working he decided to report to the office and upon arriving there about 12:30 P.M. was informed that there was nothing for him to do at that time and that he was being relieved of work on the bank robbery case.

RECOMMENDATIONS OF SAC HOTTEL CONCERNING AGENT BLASZEK

Mr. Hottel has recommended that because of the action of Agent Blassek in the three matters mentioned above, that Blassek be suspended without pay for three days, placed on probation and transferred to another Field Division.

The SAC pointed out that in connection with these matters he knows that Agent Blassek had had sickness in his family, the entire family having had pink eye and the grippe and the Agent was somewhat worried because of this. In addition, from February 17 to February 25, Blassek had worked every day and put in a total of 562 hours overtime. However, he did not put in any more overtime than any of the other Agents working on the bank robbery case and the SAC had advised them in conference that in such a case it was expected that Agents would work under heavy pressure and would work extremely long hours and that this was necessary if a successful solution to the case was to be obtained at an early date.

RECOMMENDATIONS OF THE ADMINISTRATIVE DIVISION

l. It is recommended that Agents Calabrese, and be consured for their poor judgment in discontinuing the surveillance without first contacting a supervisory a supervisory official for instructions or authority to discontinue.

- 2. Because of the poor judgment exercised by Agent Blaszek in discontinuing the surveillance without first notifying his superior as well as his display of anger and use of improper language to ASAC Hennrich and his irresponsibility in not reporting to the Field Office on Sunday morning or advising the SAC of his illness, it is recommended:
 - (a). That he be severely consured for these three derelictions.
 - (b). That he be placed on probation for 90 days.
 - (c). That he be suspended without pay for two weeks.
 - (d). That he be transferred from the Washington Field Office.

Special Agents

Dear Sir:

C.E. HENNESCH!

On February 20, 1950, about 5'30 P.M., Special Agent ROHERT M.

FAUNTIEROY advised that in connection with the "UNSUBS, 3, Shepherd Park Branch, Hamilton National Bank, 2/17/50 — BANK ROBBERYM, He had a suspect, one under surveillance at the Defuxe Hestaurant, 8th and K Streets, N.W., and that he was contacting two additional individuals in the restaurant. Special Agent THOMAS J. JENKINS was instructed to send Special Agents BIASZEK, CALABRESE, to 8th and K Streets to contact Agent FAUNTIEROY on the surveillance of and to surveil the two unknown individuals and endeavor to identify them. They were instructed to conduct a discreet surveillance and under no circumstances be "made", but to endeavor to determine the identities of the unknown individuals.

At approximately 9:00 P.M., Special Agent CALABRESE telephonically advised that the two unknown individuals were in a pool hall near
9th and New York Avenue and they had not yet identified them. He was instructed to continue the surveillance in a discreet manner in order that
the identities of the two individuals might become known and that that
was the sole purpose of the surveillance. The following day I ascertained
that this surveillance was dropped at approximately 10:00 P.M. that night
due to the fact that the Agents believed that they were being "made".
The Agents failed to communicate with the office that evening to receive
further instructions whether to discontinue the surveillance, dropped the
surveillance and proceeded to their homes without advising the office.
I have obtained memoranda from the Agents, and copies, which are selfexplanatory, are enclosed herewith.

b6 b70 Director - P&C Re: Stanley T. Blassek, et al March 1, 1950 GH: MCP

The following day, after ascertaining that the surveillance had been discontinued without advising the office, I advised Special Agents BIASZEK and who had surveilled the unknown individuals in the pool hall, in no uncertain terms that the surveillance should not have been dropped without first consulting me, that I had been at the office that night until nearly midnight and, elthough I may have instructed them to withdraw from the surveillance, I in all probability would have sent other Agents to the scene to continue the surveillance and endeavor to identify the individuals.

On the following day, Tuesday, February 21, 1950; Special Agent BLASZER asked ASAC C. E. HENNRICH whether he could be excused from the investigation in order to bowl that evening. He was advised by HENNRICH that he would not be excused, at which time Agent BLASZER appeared to have lost his head and stated that "it's one thing to sit on your big a— in the office and say how a surveillance should be handled and it's another thing to get out on the street and do it". I have obtained memoranda from former ASAC HENNRICH and Agent BLASZER relative to this matter, which are self-explanatory, and copies of the memoranda are enclosed herewith.

On Saturday, February 25, 1950, Agent BLASZEK was instructed, through Special Agent LEO 1. PROSISE who was on a surveillance with Agent BLASZEK, that when they were relieved that evering they should report to the office the following morning at 9:00 A.M. The following morning Agent BLASZEK failed to report and failed to advise me or ASAC HENNRICH why he did not report. Agent BIASZEK had notes and information which were needed at a conference that morning and shortly after 900 clock, when it was ascertained that he had not arrived, I instructed Special Agent M.A. TAYLOR to call his home and find out why he had not reported at 9:00 A.M. Agent TAYLOR telephoned him in my presence and, after hanging up the phone, he advised me that Agent BIASZEK had a sore throat and that was the reason he did not report. However, shortly after 12 o'clock that day, he did report to the office for assignment, and he was instructed that he would not be needed that day and to return to his home, that he was being relieved of all assignments on the bank robbery case and that he should dictate what information he had the following morning. I have obtained a memorandum from Agent BLASZEE relative to this, which is self-explanatory and a copy of which is enclosed herewith.

Director - P & C Re: Stanley T. Plaszek, et al Warch 1, 1950 GH:MCP

In fairness to all Agents involved in this matter, I would like to call the Bureau's attention to the fact that all personnel working on this case had been working under heavy pressure and had been working extremely long hours. I realize that they were tired and that their nerves were somewhat frayed, particularly due to the fact that we were having very little success in obtaining good suspects and every lead possible was being run out in an endeavor to get a solution. As a matter of fact, I know that Agent BLASZYK had had sickness in his family, the entire family having had pink-eye and the grippe, and that he was somewhat worried about his family. Also, Agent BLASZFK, from February 17 to February 25, worked every day and but in a total of 562 hours overtime. However, he did not put in any more overtime than any of the other Agents working on this case, including myself and the ASAC. I so advised them in a conference one morning that in a bank robbery case or any case of importance such as this, it was expected that Agents would work under heavy pressure and work extremely long hours, and that only through this method could a successful solution to the case be obtained at an early date.

It is my recommendation that Agent MLASEK be suspended for a period of three days, placed on probation, and that he be transferred to another office. In all fairness to him, I think the facts as related above should be taken into consideration.

given letters of censure for discontinuing a surveillance without obtaining the objective of the surveillance, that is, identities of the individuals being surveilled, and for discontinuing the surveillance without getting instructions from the office. In all fairness to Agent I would like to say that he had only been on criminal work for about two weeks prior to the above incident, having worked on Applicant cases during his entire assignment to this office. However, he was formerly engaged in police work, and 't is believed that he probably went along with the decision of the other Agents who have had more experience on surveillance work without giving it any additional thought. I have also taken into consideration in this recommendation the fact that these Agents had been working under heavy pressure and long hours and the instructions which were given them that under no circumstances whould they be made, but should endeavor to determine the identities of the unknown individuals.

Deur Sir:

I have reviewed the memoranda submitted by the Security Division under dates of March 22 and March 24, 1950, in connection with the Owen Lattimore matter, for transmittal to the Department and I am deeply concerned with regard to the unsatisfactory manner in which these memoranda were prepared and reviewed.

Specifically, it is noted that the memorandum submitted under date of March 22, 1950, failed to include complete information contained in the Eureau's files. In addition, this memorandum set out a statement that was in effect a conclusion which, as you are well aware, is definitely contrary to Eureau policy. Lecause of the incompleteness of the aforementioned memorandum, it was necessary to submit a second memorandum to the Department dated March 24, 1950. This latter memorandum contained two glaring errors.

Inasmuch as you reviewed and approved both of the memoranda in question which emanated from your division and which obviously were unsatisfactorily prepared, you are considered to have been derelict in your failure to properly carry out the responsibilities expected of you.

It is imperative that much more thought and care le exercised in the handling of such matters in the future and should there of all parties are action against you.

SIXTY-DAY EFFICIENCY REPORT

PE: CARL E. HENNRICH
NUMBER TWO MAN SECURITY DIVISION
CHIEF, ESPIONAGE SECTION
GS-13; \$8000:00

Mr. Hennrich assumed the duties of Number Two Man in the Security Division and Chief of the Espionage Section on February 27, 1950.

Mr. Hennrich has shown a marked ability to assimilate the background required to properly supervise espionage matters. He has attacked the duties of his position in a highly aggressive manner and has assiduously applied himself with utter disregard for his personal convenience. He has consistently worked at night and over the week-ends and on several occasions throughout the night to handle the special problems arising in the Section.

Mr. Hennrich has readily shouldered responsibility and has demonstrated the ability to come to a prompt decision and immediately take action on the decision. He has given considerable attention to the proper organization of the Espionage Section. He has demonstrated the steadiness, good judgment and knowledge of Eureau policy which enables him to handle matters arising in the Division outside of the Espionage Section.

Mr. Hennrich received a letter of censure on March 30, 1950, relative to the unsatisfactory manner in which memoranda dated March 22 and March 24, 1950, were prepared for transmittal to the Department. Mr. Hennrich has taken this criticism to heart and has reflected by his attitude that he is constantly endeavoring to improve the work of his Section and to avoid errors. His attitude is excellent.

I feel that Mr. Hennrich has done an excellent job of orienting himself in his new position. He has applied himself in an outstanding manner and because of this, I am rating him Excellent despite the fact that it was necessary to criticize him on one occasion during the period.

OFFICE MEMORANDUM . UNITED STATES GOVERNMENT

TO : THE DIRECTOR

DATE: April 10, 1950

FROM : Mr. D. M. Ladd

SUBJECT: OWEN LATTIMORE

Espienage - R

LCARL E HENNRISH

PURPOSE:

To inform you that Special Agent Carl E. Hennrich assigned Supervisor Arthur Nerstrem to write the March 22, 1950, summary to the Attorney General in this case. He did not consult me as he had confidence in Nerstrem's ability to write the summary. Hennrich assures me he will consult me in the future where any doubts exist.

DETAILS:

On April 7, 1950, you inquired of Mr. Nichols as to who had assigned Special Agent Norstrom to write the March 22, 1950, summary to the Attorney General and as to why Norstrom was assigned since he had recently returned to Bureau. When advised by Mr. Michols that Special Agent Hennrich had assigned Norstrom, you inquired as to whether he had consulted with me and is not, why not.

Special Agent Hennrich assigned Supervisor Arthur Nerstrem to write the summary to the Attorney General in the Lattimore Case on the basis that this case was assigned to Nerstrem and there was no other agent available in the Espionage Section more familiar with it. Special Agent Robert Collier, who had previously had this case assigned to him was absent on sick leave. Agent Norstrem is a Supervisor in Grade 13. He had been doing excellent work. He has veen a Supervisor in the Bureau since February 27, 1949, with the exception of the period October 3, 1949, to January 23, 1950, when he was en loan to the Heuse of Representatives Committee on Appropriations. Special Agent Hennrich states that he did not consult me since he felt confident of Nerstrem's ability to handle the assignment and in the absence of doubt on his part, he considered the responsibility for making the assignment to be his.

Hennrich assures me that he will be alert to the importance of such assignments and see that they are properly made and will consult with me when any doubts arise in the future.

3-27, 1958 TO MR. A. H. BELMONT FROM SUBJECT: OWEN LATTIMORE ESPIONAGE - R Reference is made to your membrandum to the Director dated March 24, 1950, in this matter wherein it is reflected that the original memorandum dated March 22, 1950, furnished to the Attorney General was prepared by Supervisor Arthur J. Norstrom. Your memorandum dated March 24, sets forth the reasons why certain information was not included in the memorandum to the Department dated March 22, 1950. The Director stated, "I want specific recommendations from Ladd and Belmont as to disciplinary action." On page three of the summary memorandum on Owen Lattimore transmitted to Mr. Peyton Ford under dated of March 22, 1950, a statement is made, "It should be noted that other allegations along a similar vein have been received concerning Lattimore, but although an extensive investigation has been conducted between March, 1949, and the present date, during which time his activities have been closely followed, no tangible evidence has been uncovered to date to corroborate the allegations or to indicate that he is involved in espionage activity." This statement is in the nature of a conclusion and should not have been included in a summary memorandum to the Attorney General. It is also noted that two dates set forth in the supplementary memorandum to Mr. Peyton Ford, of the Department, dated March 22, 1950, were incorrect and needed changing. As mentioned to the Director in the memorandum of Mr. Nichols dated March 27, 1950, this was a typographical error and in accordance with the Director's instructions, the Attorney General and Mr. Ford are being advised by memorandum. FEDERAL BUREAUXOF IN ASTIGHTED RECOMMENDATION: It is recommended that a letter of censure be directed to Supervisor A. J. Norstrom for his failure to include complete information in the files in the original memorandum to the Department, and for inclusion of the above to mentioned statement which is, in effect, a conclusion, contrary to Bureau policy in such matters. The listing of the incorrect date likewise was a policy in such matters. The listing of the incorrect date likewise was a more failure to properly proofread the information in the supplementary memorandum 1/30/50 of March 24, 1950, against the original source material and this, of course, was the responsibility of Agent Norstrom. 9 agree - Bri I likewise recommend that a letter of censure be sent to me in x view of the fact that it is my over all responsibility to see that the Director's instructions are carried out properly and as I approved the memoranda - To Belmont - OR 2. as submitted. I concur in the above, and in view of the fact that I also AHB: tlc:mer reviewed and approved this memorandum, I would recommend that a letter of censure be directed to me. 2 8 D. M.

Office Memorandum . UNITED STATES GOVERNMENT CEX Hermich Laxarbone THE DIRECTOR FROM Security Divisio SUBJECT: OWEN LATTIMORE ESPIONAGE - R **PURPOSE** To obtain your authorization to transmit the attached memorandum to Peyton Ford containing supplemental information to that furnished him in a memorandum of March 22, 1950, in the above-captioned case. BACK GROUND The original memorandum of March 22, 1950, was prepared by Arthur J. Norstrom, the supervisor on the Chinese Communist desk. information contained in the supplemental memorandum referred to pertains to material that is contained in files at the Bureau. The memorandum to the Department of March 22, 1950, was prepared with the view of briefly furnishing pertinent information in our files bearing on the espionage allegations against Lattimore. The memorandum prepared for the Director on March 23, furnished additional information believed pertinent as a result of disclosures by Senator McCarthy, particularly his allegation that FBI agents had followed Soviet agents to Lattimore's home. In the month of the desire of the sound of The Brief being prepared will be in detail and as complete as Lec possible considering the voluminous nature of this file and its references. Specific items of information were not previously submitted to the Department for the following reasons: 67-149000-1077 The original memorandum of March 22, 1950, contained information to the effect that Dr. Jessup as Ambassador-at-Large for the State Department had written to Lattimore asking for Lattimore's personal views on the objectives of United States policy and methods to be employed in the Far East. Dr. Jessup's letter was in connection with his appointment as a member of the Advisory Committee to the State Department to review the situation in China and Central Asia. The letter was forwarded from Baltimore to Lattimore who was then at Bethel, Vermont, and had been obtained from a mail cover on all incoming and outgoing mail which gave us access to all of Lattimore's correspondence at that time. RECORDS SECTION

The correspondence between Lattimore, his father, and Maury Maverick, as well as the two references from the technical surveillances wherein Jessup's name was mentioned were regarded merely as further evidence that Jessup was then known to Lattimore and it was felt that this evidence added nothing to the information already furnished to the Department.

The original memorandum of March 22, 1950, to the Department pointed out that Lattimore had been a member of the Editorial Board of Amerasia and it was indicated that Philip F. Jarre, editor of Amerasia, had been convicted in connection with the Amerasia Case and that Roth, who had also been arrested in this matter, was a known associate of Lattimore and at least on one occasion was known to have spent the night at Lattimore's nome. The specific references to the surveillance of July 2, 1945, and the surveillances of June 2 and June 3, 1945, were contained in the Amerasia file and was developed as a result of a specific effort to obtain information relating to associates of Lattimore in connection with Senator McCartny's charge contained in the Washington "Evening Star" of Wednesday, March 22, 1950, that "FBI Agents trailed four Soviet spy suspects to contacts with an American they accused of heading an espionage ring." Inasmuch as Roth and Jaffe were already known to have been associates of Lattimore and information of that effect was included in the memorandum to the Department; no particular significance was attached to the information obtained from this surveillance until the time that Senator McCarthy's charges were made public. which were not known at the time that the memorandum to the Department was prapared. me hour to work for a

The reference relating to Anna Louise Strong was known but inasmuch as she has been widely publicated as an expert on the Far East who would nave normal contacts with Owen Lattimore because of their mutual interests in the problems of the Far East, the contact was not deemed to be of sufficient significance to include in the summary memorandum to the Department.

the fact that the information in this memorandum to the Department would in all probability reach persons in the Department who should have no knowledge of information obtained through The information relating to the naming of Owen Lattimore by Bersine as Americans working for the Soviets in China was originally included in the memorandum to the Department but was deleted because no significance was attached to including the name of the other individual insofar as the allegation on Lattimore was concerned. The references to the fact that Lattimore stayed over might on June 27, 1949, was inadvertently overlooked at the nome of In preparing this memorandum in question. ADDENDUM - March 24 195 A tickler copy of the memorandum to you dated March 23 with the additional data was furnished to Mr. Peyton Ford prior to the meeting this morning and he said that it would be read with the other memorandum. He left out the references to the technical and mail cover. After reading it he stated he could not see that this added anything to the memorandum originally furnished to the Attorney General. M. Dear Sir:

Reference is made to the information submitted by you concerning the handling of the case by your Office on February 7, 8, and 9, 1950.

The Bureau is unable to agree with your opinions that the Night Supervisor and Assistant Special Agent in Charge, Carl Hennrich were not derelict in this instance. As you will note from the communications addressed to and Mr. Hennrich, the former was considered to have been derelict because of his lack of alertness in not obtaining more complete information at the time he received a call from the U. S. Park Police inquiring as to whether the Bureau had any interest in the subject whom they had in custody. Mr. Hennrich was responsible for failing to see to it that there was no undue delay in the transmission of pertinent information to the Detroit as well as other Divisions on commection with this case. In addition, Night Clerk as you have indicated, was derelict because of an unnecessary delary on his part in the delivery of a teletype from the Field

delary on his part in the delivery of a teletype from the Field Division to the Bureau's Communications Section during the early morning of February 9, 1950.

Obviously it was your over-all responsibility to insure that information received by your Office in this case was afforded appropriate attention, and that the investigation of this case was handled efficiently and promptly which as indicated above; was not done in this instance.

It is expected that the delinquencies reflected in the handling of this matter will be afforded careful consideration by you in order that the necessary steps may be taken to prevent their recurrence.

Mr. Whitson entered on duty as a Special Agent on November 20, 1933 and is presently in GS-14, \$9000 per annum. It is 42, married and has two children. He has BA and LLB degrees and is a member of the Arizona State Bar. He is a legal resident of Arlington, Virginia; however, he originally comes from Tucson, Arizona. His office of preference is Washington, D. C.

Mr. Whitson was designated Chief of the Espionage Section of the Security Division on June 11, 1948 and was reallocated to Grade 14 on January 23, 1949. On March 24, 1949 he was censured and placed on probation as a result of the improper handling of the investigation of the espionage cases involving Gunther Stein and Agnes Smedley. It appears that these two cases suffered from lack of proper supervision in the Espionage Section and that the section failed to institute several necessary, basic investigative steps, failed to point out to the field the inadequacy of investigative coverage and neglected to follow on delays in the submission of investigative reports. One of Mr. Whitson's principal shortcomings in connection with these cases was his failure to adequately analyze the situation in his section and to request sufficient personnel to adequately supervise the investigations, permitting these cases to remain unassigned for supervision for extended periods of time.

In March 1949, Mr. Clear in evaluating the work of the Espionage Section in the Gunther Stein and Agnes Smedley cases, stated that Whitson was a walking encyclopedia of information about Communists, Russian spies and internal security matters and was probably the best informed at that time of any one individual on these subjects. Mr. Clegg felt that Whitson's greatest value to the Bureau was in the Espionage Section but not in the capacity of Chief of the Section because he felt he was not best suited for that type of work.

During the inspection of the Espionage Section in June 1949 by Inspector Gurnea, he stated that there had been a considerable number of administrative delinquencies discovered in the Espionage Section during the inspection.

On October 5. 1949, Mr. Cleag recommended that Whitson be removed from probation inasmuch as those items in the Espionage Section which had needed correction and improvement as reflected in the inspection had been corrected and a vast improvement had been shown in the section. By letter dated October 19, 1949, Mr. Whitson was

JPM: DW

commended for his work in the case involving the leaders of the Communist Party and was advised that he was being removed from probation and was being recommended for a meritorious increase in view of his work on that case. As a result of his work on the Communist Party case he was afforded a meritorious increase effective October 30, 1949.

Mr. Whitson was Chief of the Espionage Section at the time the Fuchs' case was developed and Fuchs was identified in September 1949.

however, the Director was not kept fully

informed of the Fuchs' case

Whitson as Chief of the Espionage Section most certainly should have sensed the importance of the case and the necessity of keeping the Director fully informed regarding it.

In February 1950, Mr. Whitson was dispatched to London in connection with the Fuchs' case and a letter of censure was addressed to him on February 11, 1950 in view of his failure to properly handle that assignment in several aspects. Whitson was derelict in failing to immediately make inquiry upon his arrival in London about the details of Dr. Fuchs' confession and to inquire concerning Fuchs' knowledge of any transmission of information he possessed concerning the hydrogen bomb. It was also felt that Whitson was lacking in alertness and initiative in failing to promptly advise the Bureau by telephone of the developments which occurred during Dr. Fuchs' arraignment.

At the present time a letter of commendation is being prepared to Mr. Whitson for his work in the Hiss case.

OBSERVATIONS

I am inclined to agree with Mr. Clegg that Whitson has a tremendous value to the Bureau in his knowledge of security and espianage matters but that he is not qualified to handle the duties of Chief of such an important section of the Bureau as the Espianage Section. I feel that Mr. Whitson can render extremely valuable service to the Bureau through assignment to the Espianage Section as a Supervisor of individual cases where his knowledge can be utilized in the supervisor of individual cases as well as being made available to other Supervisors in the Section.

Mr. Whitson returned from his special assignment on the evening of March 12, 1950. Prior to Mr. Whitson's return, in view of the handling of the work in the Espionage Section it was necessary to designate Mr. C. E. Hennrich as #2 Man of the Security Division with the specific assignment as Chief of the Espionage Section.

It is not being recommended that Mr. Whitson's grade and salary be changed at this time since it is noted he is presently in GS-14,

\$9000 per annum and if he is demoted to Grade GS-13 and placed in the top of that grade, \$8600 per annum, it would not be possible for him to receive additional advancement in salary.

RECOMMENDATION

It is recommended that no action be taken in Mr. Whitson's case since he has been reassigned to general supervisory duties in the Espionage Section and that he be permitted to remain in GS-14, \$9000 per annum.

Reference is made to the sixty-day efficiency report of the above employee which reflects that he has applied himself as Chief of the Espionage Section in an outstanding manner.

Mr. Hennrich became a Special Agent on October 7, 1935. Since August 1940, he has occupied responsible positions in the Bureau as Special Agent in Charge or Assistant Special Agent in Charge, and since February 27, 1950, has been designated Number Two Man in the Security Division. As far back as February, 1948, he was recommended and considered for CAF-14. At that time he was Assistant Special Agent in Charge of the Washington Field Office and was not reallocated.

I believe that the responsibilities of the Hennrich's present position warrant his reallocation to Grade (1344. This man is definitely 3 Bureau-minded and is looking out for the Bureau's interests. There we he is fully capable of handling his present assignment. II. MAY 24 1950

You are advised that the Excellent efficiency report submitted on Mr. Hennrich on February 27, 1950, by his former Special Agent in Charge, which was a transfer report, and his 1950 annual efficiency report have been reduced to Very Good. This reduction has been made in view of the administrative action taken against Mr. Hennrich on the dates of February 24, 1950, and March 30, 1950, for improper work performance. Similarly, the Excellent 60-day efficiency report which you submitted on Mr. Hennrich under date of April 27, 1950, is likewise being reduced to Very Good because of the administrative action taken against him on March 30, 1950, which was during the 60-day period.

You should advise Mr. Hennrich accordingly. addition, more care should be exercised by you in your future preparation and evaluation of efficiency ratings which are submitted on employees under your supervision.

RE: REALLOCATION AND EFFICIENCY REPORT

b6

b7C

This employee entered on duty 2-3-34 as a Clerk, was appointed to the position of Special Agent, CAF-9, \$3200 per annum on 10-7-35, was reallocated to Grade CAF-13, \$6230 per annum on 1-14-46, and as the result of 3 basic salary increases and 2 Uniform Promotions, his present salary is \$8000 per annum. He is being considered for reallocation to Grade GS-14.

On 2-27-50 SAC Hottel rated him EXCELLING and said he dressed meatly and in good. taste, presented an excellent personal appearance of had, a very friendly and 26 likeable personality. He made a good impression from those with whom he came in contact; he had been Supervisor of the ordinal Squad and had Randled the duties incidental to this desk in a very effect at manner; he raintained they confidence and respect of all Agents working under him. He was a qualified firearms instructor and could organize and lead any raid or dangerous assignment he was considered an excellent dictator, an excellent speaker, and had been most successful in maintaining contacts with local law enforcement officials; he made a very good witness in court; he could handle the most involved case, and he had a high degree of initiative and force. The manner in which he discharged his duties indicated that he was possessed of supervisory, administrative and executive ability. He was available for special and general assignment. The 2-27-50 efficiency report submitted on this Agent covered the period 4-1-49 to 2-27-50 and was to serve as the 1950 annual efficiency report as well as a transfer report, from ASAC at the Washington Field Office to Number 2 Man in the Security Division.

On 3-10-50 a memorandum was submitted considering whether or not the 2-27-50 rating should be reduced in view of the letter sent to Mr. Hemrich on 2-24-50; however, since his entire record, otherwise appeared to have been entirely satisfactory it was recommended and approved that his rating not be reduced.

By letter dated 3-30-50 he was advised that the memoranda submitted by the Security Division under dates of March 22 and March 24, 1950, in connection with the Owen

Memor to Mr. Kelmont 6/8/50 JEE/9V

Lattimore matter, for transmittal to the Department, had been reviewed and the Director was deeply concerned with regard to the unsatisfactory manner in which those memoranda were prepared and reviewed. Specifically, it was noted that the memorandum submitted under date of 3-22-50, failed to include complete information contained in the Bureau's files; in addition, this memorandum set out a statement that was in effect a conclusion which, as Hennrich was aware, was definitely contrary to Bureau policy. Because of the incompleteness of the aforementioned memorandum, it was necessary to submit a second memorandum to the Department dated 3-24-50, this latter memorandum contained 2 glaring errors (2 dates set forth in the memorandum to the Department were incorrect and needed changing - typographical errors). He was advised that inasmuch as he reviewed and approved both of the memorandal in question which emanated from his division and which obviously were unsatisfactorily prepared, he was considered to have been derelict in his failure to properly carry out the responsibilities expected of him, and it was imperative that more thought and care be exercised in the handling of such matters in the future - should there be a recurrence, it might be necessary to take more severe administrative action against him.

On 4-27-50 Mr. Belmont submitted a 60-day efficiency report, covering the period from 2-27-50 to 4-27-50 and said he had shown a marked ability to assimilate the background required to properly supervise espionage matters. He had attacked the duties of his position in a highly aggressive manner and had assiduously applied himself with utter disregard for his personal convenience. He had consistently worked at night and over the week-ends and on several occasions throughout the night to handle the special problems arising in the Section. He had readily shouldered responsibility and had demonstrated the ability to come to a prompt decision and immediately take action on the decision. He had given considerable attention to the proper organization of the Espionage Section; he had demonstrated the steadiness, good judgment and knowledge of Bureau policy which enabled him to handle matters arising in the Division outside of the Espionage Section. He had received a letter of censure on 3-30-50 relative to the unsatisfactory manner in which memoranda dated March 22 and March 24, 1950, were prepared for transmittal to the Department. He had taken this criticism to heart and had reflected by his attitude that he was constantly endeavoring to improve the work of his Section and to avoid errors. His attitude was excellent. It was felt that he had done an excellent job of orienting himself in his new position. He had applied himself in an outstanding manner and because of this, Mr. Belmont advised that he was rating him Excellent despite the fact that it was necessary to criticize him on one occasion during the period.

In a memorandum to Mr. Ladd dated 5-19-50, Mr. Belmont recommended that he be considered for promotion to Grade GS-14. It was noted that he had been recommended and considered for such promotion in February, 1948; however, he was ASAC of the Washington Field Office at that time and was not reallocated.

RECOMENDATION: It is noted that the transfer report which was submitted as of 2-27-50 covered the period from 4-1-49 to 2-27-50. When this report was considered on 3-10-50 the further action of 3-30-50 had not as yet been taken against Hennrich. However, since the policy followed by the Bureau is to consider 3-31-50 as the end of the annual rating period and in view of the additional action taken against Mr. Hennrich on 3-30-50, it is-recommended that his consolidated rating for the entire annual rating period from 4-1-49 to 3-31-50 be considered as Very Good.

With reference to the 60 day efficiency report of 4-27-50 this is not an official report but merely an administrative report to permit the Bureau to see how Mr. Hennrich has been handling his new job after he has been on it two months. I see no objection to the fact that the period covered in the annual rating and 60 day rating overlap. It is recommended in view of the administrative action taken against Hennrich during the 60 day period that his 60 day rating likewise be reduced to Very Good.

It is further recommended in view of the administrative action taken against Mr. Hennrich during the past few months that he not be favorably considered for reallocation at this time but that he be reconsidered in July. Mr. Belmont should be advised in accordance with the above and told to so inform Mr. Hennrich.

FROM : H. L. Edwards

SUBJECT: Letters of Commendation and

Meritorious Increases in Salary HARRY GOLD: ESPIONAGE - R Case.

By memorandum to Mr. Ladd dated 6-8-50 Mr. Belmont, has and Richard Brennam recommended that Special Agents be afforded meritorious increases in salary for their outstanding work on the captioned case. Mr. Belmont also recommended that Asststant Director H. H. XClegg. Special Agents Robert J. XLamphere. Ernest

J. Yvan Loon, and Norris Harzenstein be commended by letter for their work on this case. Mr. Ladd concurred.

Mr. Belmont also advised that he would recommend that SACM Cornelius be sent a letter of commendation on this case in view of the fact he has given it his personal attention throughout, had handled the necessary contacts with Judge McGranery, the defense attorneys and USA Gleason in a very commendable manner, but for the fact that it was necessary to send him a letter criticizing the failure to send additional Agents to Gold's home to complete the search the day of his Aside from this, Mr. Belmont advised, SAC Cornelius has handled the case in an excellent manner and has shown full recognition of the importance of the case and the necessity of keeping the Bureau advised. 61-155653

By way of background on the work of SAs Richard Brennan, Mr. Belmont advised that they were assigned to inter view Gold in Philadelphia. They conducted the interview with tenacity and skill, patiently and thoroughly going over his account of his activities for several days. Adroit questioning during the search of his premises on 5-22-50 resulted in his confession of his involvement with Fuchs. They continued to interview Gold since the fitting and have gained his confidence to the point where he is continuing to furnish valuable information regarding espionage activities in the United States with which he is acquainted. PERMANENT BRIEFS OF THEIR PERSONNEL FILES ARE ATTACHED.

Mr. Belmont has also strongly recommended that a letter of commendation be directed to Mr. C. E. XHennrich for his outstanding work on this case, and to SACYScheidt.

It is pointed out that SA E. J. Van Loon, who has been recommended for a letter of commendation, was placed on probation on 2-24-50 for the unsatisfactory preparation of a memorandum for the Director concerning Emil Julius Ruchs as it was apparent he was negligent in his failure to clearly indicate in the memorandum that information

regarding Fuch's arrival in the United States and his subsequent activities had been in the Bureau's possession. Van Loon was also ordered transferred from the Security Division to Philadelphia; however, this transfer was cancelled in view of his previous excellent record. A PERMANENT BRIEF OF HIS FILE IS ATTACHED.

wiston of the investigation looking toward the identification of Gold. His enthusiasm and confidence in the successful outcome of the investigation and his research and analysis, resulting finally in his recommendation that effort be concentrated on Abraham Brothman and his associates, including Gold, resulted in the identification of Gold as Fuch's American espionage contact.

RECOMMENDATIONS:

1. It is recommended that SAs and Richard Brennan be afforded meritorious increases in salary for their outstanding work on this case. If you approve, the necessary papers are attached.

2. It is recommended that letters of commendation go forward to Assistant Director H. H. Clegg, SAs Robert J. Lamphere,

and Norris Harzenstein. If you

approve, the appropriate letters are attached.

3. It is recommended that SAC Cornelius not be commended by letter in view of the criticism he has received on this case.

If is recommended that SA Ernest J. Van Loon be removed from probation for his splendid work on this case and that he be advised by letter the reason for his removal at this time.

5. It is recommended that letters of commendation be directed to SAC Scheidt, Mr., A. H. Belmont, and C. E. Hennrich for their splendid work on this case. If you approve, appropriate letters are attached.

Office Memorandum UNITED STATES GOVERNMENT to : MR. GLAVIN DATE: 5-10-50 FROM : H. L. EDWARDS SUBJECT: SA EDGAR O SECURITY DIVISION CARL Hennrich has submitted an Excellent 1950 annual efficiency report on Supervisor Clayton who is assigned to the Espionage Section. In connection with the report comment was made that on July 1, 1949 Clayton was censured and placed on probation. This action was taken because of his failure to give sufficiently close supervision to the case entitled Ludmila Victor Nekrassoff, was, Espionage-R, in which investigation nearly a year elapsed between the dates of the Bureau's instructions to the Baltimore office to initiate the investigation and the submission of the first investigative report by that office. Supervisor Clayton was removed from probation on October 13, 1949. OTHER COMMENTS IN EFFICIENCY REPORT It was stated that Clayton has demonstrated that he is a very competent Bureau supervisor. He knows Bureau policies thoroughly and applies them with sound judgment. He exercises initiative, proceeds with a minimum of supervision and is willing to accept and discharge responsibility. He is a conscientious and thorough worker and takes great pride in his work and in doing a difficult job well. He has the necessary force and aggressiveness to discharge his responsibilities and has definite and excellent possibilities for further development, his attitude toward his work is most commendable and he has voluntarily a far above average amoun of his time to promote the work on his desk. On December 9, 1949 he was afforded a uniform promotion and at the same time commended for his outstanding devotion to duty in applying himself to the work on his desk in the Security Division. 4 MAY 28 1950: RECOMMENDATION FEDERAL D... In view of the fact that Supervisor Clayton was censured and placed on probation during the current rating period and remained in a probationary status until October 13, 1949 it is recommended that his rat ing be required to Very Good. In the event this recommendation should be approved Ir Belmont should be instructed to inform Supervisor Clayton of the reduction in the rating and the reason for it. JIC: cr

CARL E. HENNRICH
SPECIAL AGENT
NUMBER TWO MAN
SECURITY INVESTIGATIVE DIVISION
(SECTION CHIEF, ESPIONAGE SECTION)

Mr. Hennrich has continued to administer the Espionage Section of the Security Division in a highly effective manner. He is constantly on the alert to improve the efficiency of operations and to bring the work into a current condition. The Espionage Section is handling an increasing number of highly important matters, many of which necessarily must be worked on a "special" basis and which require extremely close supervision. As reflected by the breaking of several highly important espionage cases in the last two months, this Section is producing gratifying results, in no small part due to the administration of Mr. Hennrich.

Mr. Hennrich is designated Number Two Man in the Security Investigative Division and has shown himself entirely capable of handling policy matters affecting the Security Division when acting in charge in the absence of the Inspector in Charge and the Number One Man. His responsibilities are heavy and he meets them in a highly aggressive fashion. He has made himself willingly available for the Bureau's work on a twenty-four hour basis, regardless of his personal convenience and devotes a great deal of time to his duties beyond the regular working day.

His work has been excellent and he is so rated.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Chief Clerk of the FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Chief Clerk of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000. SUBJECT: CARL E. HENNRICH

Number 2 Man to the Inspector in Charge

Security Division

RE: REALLOCATION OR UPA PROMOTION

This employee entered on duty 2-3-34 as a Clerk, was appointed to the position of Special Agent, CAF-9, \$3200 per annum on 10-7-35, was reallocated to Grade CAF-13, \$6230 per annum on 1-14-46, and as the result of three basic increases and two Uniform Promotions, his present salary is \$8000 per annum. He is being considered for reallocation to GS-14. He is also eligible for a Uniform Promotion effective 8-6-50.

On 3-31-49 SAC Hottel rated him EXCELLENT.

During an Inspection of the Washington Field Office in September, 1949, Inspector Harbo said he was well qualified for his present assignment. He definitely had supervisory, executive and administrative ability. He was self-confident and aggressive and got along well with the personnel. He was alert and was doing a very satisfactory joke He was well qualified to handle the office in the absence of the SAC.

It was noted that on 2-24-50 a letter was sent to him introduction withhis supervision of the investigative activity in the case.
His attention was specifically called to the delay in the transmission to
the Detroit and other Field Divisons of pertinent information which had been
obtained as a result of the interview with the subject. It had been reported that the information in question, namely, the address of a relative in
Munsing, Michigan, where the subject's husband was subsequently apprehended,
was obtained prior to 7:00 p.m. on 2-8-50, but was not furnished to the
Detroit Office until after 2:00 a.m. on 2-9-50.

On 2-27-50 SAC Hottel mted him EXCELLENT. This report covered the period from 4-1-49 to 2-27-50 and was to serve as the 1950 annual efficiency report as well as a transfer report, from ASAC at the Washington Field Office to Number 2 Man in the Security Division. On 3-10-50 a memorandum was submitted considering whether or not the 2-27-50 rating should be reduced in view of the letter sent to Mr. Hennrich on 2-24-50; however, since his entire record, otherwise appeared to have been entirely satisfactory it was recommended and approved that his rating not be reduced.

By letter dated 3-10-50 he was advised that the memorandum submitted by the Security Division under dates of March 22 and March 24, 1950, in connection with the Owen Lattimore matter, for transmittal to the Department, had been reviewed and the Director was deeply concerned with regard to the unsatisfactory manner in which those memoranda were prepared and reviewed. Specifically, it was noted that the memorandum submitted under date of 3-22-50,//

b6 b7C failed to include complete information contained in the Bureau's files; in addition, this memorandum set out a statement that was in effect a conclusion which, as Hennrich was aware, was definitely contrary to Bureau policy. Because of the incompleteness of the aforementioned memorandum, it was necessary to submit a second memorandum to the Department dated 3-24-50, this latter memorandum contained 2 glaring errors (2 dates set forth in the memorandum to the Department were incorrect and needed changing - typographical errors). He was advised that inasmuch as he reviewed and approved both of the memoranda in question which emanated from his division and which obviously were unsatisfactorily prepared, he was considered to have been derelict in his failure to properly carry out the responsibilities expected of him, and it was imperative that more thought and care be exercised in the handling of such matters in the future - should there be a recurrence, it might be necessary to take more severe administrative action against him.

On 4-27-50 Mr. Belmont submitted a 60-day efficiency report, covering the period from 2-27-50 to 4-27-50 and said he had shown a marked ability to assimilate the background required to properly supervise espionage matters. He had attacked the duties of his position in a highly aggressive manner and had assiduously applied himself with utter disregard for his personal convenience. He had consistently worked at night and over the week-ends and on several occasions throughout the night to handle the special problems arising in the Section. He had readily shouldered responsibility and had demonstrated the ability to come to a prompt decision and immediately take action on the decision. He had given considerable attention to the proper organization of the Espionage Section; he had demonstrated the steadiness, good judgment and knowledge of Bureau policy which enabled him to handle matters arising in the Division outside the Espionage Section. /He had received a letter of censure on 3-30-50 relative to the unsatisfactory manner in which memoranda dated March 22 and March 24, were prepared for transmittal to the Department. He had taken this criticism to heart and had reflected by his attitude that he was constantly endeavoring to improve the work of his Section and to avoid errors. His attitude was excellent. It was felt that he had done an excellent job of orienting himself in his new position. He had applied himself in an outstanding manner and because of this, Mr. Belmont advised that he was rating him Excellent despite the fact that it was necessary to criticize him on one occasion during the period.

In a memorandum to Mr. Ladd dated 5-19-50, Mr. Belmont recommended that he be considered for promotion to Grade GS-14. It was noted that he had been recommended and considered for such promotion in February, 1948, however, he was ASAC of the Washington Field at that time and was not reallocated.

By memorandum dated 5-29-50 he was considered for reallocation to Grade GS-14, but in view of the administrative action taken against, him, it was recommended that he be passed over for reallocation at that time and reconsidered at a later date.

It was noted that the transfer report which was submitted as of 2-27-50 covered the period from 4-1-49 to 2-27-50. When this report was considered

on 3-10-50 the further action of 3-30-50 had not as yet been taken against Hennrich. However, since the policy followed by the Bureau was to consider 3-31-50 as the end of the annual rating period and in view of the additional action taken against Mr. Hennrich on 3-30-50, it was recommended that his consolidated rating for the entire annual rating period from 4-1-49 to 3-31-50 be considered as Very Good. With reference to the 60 day efficiency report of 4-27-50, which was not an official report but merely an administrative report to permit the Bureau to see how Mr. Hennrich was handling was his new job after he had been on it two months. It was recommended that in view of the administrative action taken against him during the 60 day period that his 60 day rating likewise be reduced to Very Good. In both the above instances it was approved that the ratings be reduced to Very Good.

By letter dated 5-25-50 it was pointed out to him that the Bureau had reviewed the 1950 annual report submitted on Special Agent Supervisor Edgar R. Clayton in which he was rated Excellent. It was noted that during the period covered by this report Agent Clayton was censured and placed on probation because of the unsatisfactory manner in which he supervised an espionage case. Thereafter he remained in a probationary status during a considerable portion of the rating period. In view of this the Excellent rating afforded Agent Clayton was being reduced to Very Good. It was further pointed out to him that it was obvious that he did not give adequate attention to his adjective rating, in connection with the preparation of such reports in the future, greater care must be exercised so there might be no recurrences of this nature.

By letter dated 6-5-50 he was commended by the Director for the highly efficient services performed by him in connection with the identification and apprehension of Harry Gold, the subject of a vitally important Espionage case.

On 7-25-50 Mr. Belmont rated him EXCELLENT and said he continued to administer the Espionage Section of the Security Division in a highly effective manner.) He was constantly on the alert to improve the efficiency of operations and to bring the work into a current condition. The Espionage Section was handling an increasing number of highly important matters, many of which require extremely close supervision. As reflected by the breaking of several highly important espionage cases in the last two months, this Section was producing gratifying results, in no small part due to the administration of Mr. Hennrich. He was designated Number Two Man in the Security Investigative Division and had shown himself entirely capable of handling policy matters affecting the Security Division when acting in charge in the absence of the Inspector in Charge and the Number One Man. His responsibilities were heavy and he met them in a highly aggressive fashion. He had made himself willingly available for the Bureau's work on a twenty-four hour basis, regardless of his personal convenience and devoted a great deal of time to his duties beyond the regular working day. His work had been excellent.

By separate memorandum dated 7-25-50, Mr. Belmont said that he believed that the responsibilities of Mr. Hennrich's position and the excellent manner in which he had carried out his duties warranted his consideration at this time for promotion to Grade GS-14.

'Hedwards

RECOMMENDATION: It is recommended that he be reallocated to Grade GS-14, \$8800 per annum, effective 8-6-50.

INSPECTOR BELMONT:

Mr. Hennrich is Section Chief of the Espionage Section of the Security Investigative Division and is also Number Two Man in the Division. He took over this position at the end of February of this year. In spite of the fact that he had not been handling security or espionage work for some time, he acquired a thorough working knowledge of the section in a very short time and he now has an intimate knowledge of security work. He is a very hard worker who applies himself along practical lines to get results. He has done an excellent job of organization in the Espionage Section in spite of the numerous specials and heavy volume of work in the section. He pays attention to detail, yet is always driving to get results. I feel that he has done an outstanding job in the time that he has been head of the section. He is rated Excellent.

INSPECTOR HARBO:

Generally, I concur with the comments of Mr. Belmont. Section Chief Hennrich is mature and experienced, aggressive and hard working, and has done a very good job of organizing and supervising the work of the Espionage Section. Several major special cases have been handled by this section since March 1950 and in recent months the backlog of delinquent work has been substantially reduced. I consider Mr. Hennrich definitely above average as an administrative official.

SUBJECT: PERSONNEL - ADVANCEMENT

In accordance with the instructions contained in SAC Letter No. 56, Series 1950, dated August 11, 1950, regarding "Personnel - Advancement," the following comments are submitted regarding personnel assigned to the Security-Investigative Division for consideration on a long-range basis for development as administrators and executives in the Bureau. In this connection, while it is understood that all personnel assigned to the Security Division are being considered for long-range development, comments are made only by the personnel who have indicated through their work that they are definitely above average as material for advancement along the lines indicated in referenced SAC Letter.

I am not commenting on Inspector Leo Laughlin, or on the Unit Chiefs of the various sections, namely, Messrs. Carl Hennrich, Victor Keay, Fred Baumgardner, and Charles Stanley, inasmuch as their designation and continued assignment to their present positions clearly reflects that they are highly capable and are ready for consideration for any advancement or change of assignment for which the Bureau may consider them.

Likewise, I have not listed the Number One Men in the four sections, namely, William A. Branigan. Espionage Section, Nathaniel R. Johnson, Loyalty Section, Internal Security Section, and Orrin H. Bartlett, Correlation-Liaison Section. These supervisors at the present time hold positions equivalent to that of Assistant Special Agent in Charge and each of them merits consideration for further advancement. Particularly, with reference to Nathaniel R. Johnson, it is my opinion that he is entirely capable of handling a small office as Special Agent in Charge at the present time.

The following are listed in accordance with the instructions in referenced SAC Letter:

GEORGE H. SCATTERDAY

Mr. Scatterday supervises Communist front organizations. He also relieves in the handling of mail in the Office of the Assistant to the Director. He is considerably above average, has an excellent over-all know-ledge of Bureau policy, has above-average judgment, and is a well-rounded mature Bureau employee who meets people well and creates the impression that he is capable of handling any situation which might arise. He handles a large

volume of work and has prepared involved and highly important memoranda for the Director on the motion picture industry and various front groups. Mr. Scatterday makes an excellent personal appearance, dresses neatly and has a friendly disposition. He makes friends easily, is an enthusiastic employee, and is definitely interested in advancing in the Bureau's work. Mr. Scatterday has excellent possibilities as a potential SAC. He is available for assignment anywhere the Bureau may desire to send him.

DONALD E. MOORE

Mr. Moore is assigned to the Internal Security Section as a supervisor on the Special Memoranda Desk. He is Number Two Man in the Section and assists in handling correspondence. On the occasions that he has acted in charge of the Section, he has handled himself well and has demonstrated that he possesses administrative ability. He is tall, well built and presents an excellent judgment, and his general all-round ability is considerably above the average of a Bureau supervisor. Mr. Moore is available for assignment anywhere. His prospects for development as an SAC on a long-range basis are excellent.

ELBERT T. TURNER

Mr. Turner is a supervisor in the Espionage Section of the Security Division. He has demonstrated outstanding administrative ability. In his assignments he uses exceptionally good judgment and he is thoroughly acquainted with Bureau policy. He is a hard worker, is ambitious, and has a forceful and direct approach. He has handled a number of complicated matters with excellent results. He presents an excellent personal appearance. I believe he is a good prospect for development as an SAC. Mr. Turner is available for assignment anywhere the Bureau might desire to send him.

EMORY M. GREGG

Mr. Gregg has been assigned to the Espionage Section of the Security Division. He has demonstrated administrative ability in the handling of his assignments and has shown the ability to organize his work. He has performed his duties in a highly commendable manner. At this time I feel that I would be remiss if I did not again recommend Mr. Hennrich for reallocation to Grade GS-14. He has carried out his duties and fesponsibilities in an excellent manner. I feel that the position he holds and the manner in which he performs his responsibilities nost definitely warrant such reallocation. Mr. Hennrich is a hard driving worker and the Bureau's best interests are always upper rost in his mind. He is thoroughly loyal to the Bureau. On the hasis of his performance, I have no hesitancy in recommending reallocation to GS-14 for Mr. Hennrich.

FROM: H. L. Edwards

SUBJECT: CARL E. HENNRICH

Number 2 Man to the Inspector in Charge

Security Division

RE: REALLOCATION OR UPA PROMOTION

DATE: December 16.

This employee entered on duty 2-3-34 as a Clerk, was appointed to the position of Special Agent, CAF-9, \$3200 per annum, on 10-7-35, was reallocated to Grade CAF-13, \$6230 per annum, on 1-14-46, and as the result of three basic increases and two Uniform Promotions, his present salary is \$8000 per annum. He is being considered for reallocation to Grade GS-14. He is also being considered for a Uniform Promotion, it being noted he was first eligible for this promotion 8-6-50.

He was censured on 2-24-50 in connection with his supervision of the investigative activity in the case; on 3-30-50, in connection with the unsatisfactory preparation of memoranda submitted by the Security Division in the Owen Lattimore matter; and on 5-25-50, for not giving adequate attention to his adjective rating of an Agent on an efficiency report.

On 3-31-49 SAC Hottel_rated_him_EXCELLENT; on 2-27-50 SAC Hottel rated him EXCELLENT; and on 4-27-50 Mr. Belmont rated him EXCELLENT. The latter two ratings were subsequently reduced to Very Good in view of the administrative action taken against him during the rating period. In 7-25-50 Mr. Belmont rated him EXCELLENT.

By letter of 6-5-50 he was commended by the Visetor for the highly efficient services performed by him in connection with the identification and apprehension of Harry Gold, the subject of a vitally important Espionage-case.

He was considered for reallocation to Grade GS-14 in February, 1948, while he was ASAC of the Washington Field Office; on 5-29-50; and non 8-9-50, but was passed over on all occasions to be reconsidered at a latery date.

During the inspection of the Espionage Section, Security Division, in October, 1950, Inspector Harbo concurred generally with the commentation of the Espionage that Hennrich had acquired a thorough working knowledge contains section and a very short time and now had an intimate knowledge of security work, in spite of the fact that he had not been handling security or espionage, work for some time prior to his assuming duties as Section Chief of the Espionage Section and Number Two Man in the Division. He was a hard worker who applied himself along practical lines to get resulter, he had done an excellent job of organization in the Espionage Section in spite of other numerous specials and heavy. volume of work in the section. He was felt he had help one an outstanding job in the time that he had been head of the section. He was rated Excellent. Inspector Harbo added that he was mature and experienced, aggressive and hard working, and he had done a very good job of organizing and supervising the work of the Espionage Section. Several major special cases had been handled by this

section since March, 1950, and in recent months the backlog of delinquent work had been substantially reduced. He considered Mr. Hennrich definitely above average as an administrative official.

By memorandum dated 12-6-50, Mr. Belmont again recommended him for reallocation to Grade GS-14, stating that he felt the position Mr. Hennrich held and the manner in which he performed his responsibilities most definitely warranted such reallocation.

It is noted that the average daily overtime worked by Mr. Hennrich during October was 2 hours and 26 minutes while the Security Division average for that month was 1 hour and 2 minutes. In November, he worked a daily average overtime of 3 hours and 15 minutes, while the Division average was 2 hours, 15 minutes.

RECOMMENDATION: It is recommended that he be reallocated to Grade GS-14, \$8800 per annum, effective 12-24-50.

#### ANNUAL REPORT

RE: CARL E. HENNRICH
NUMBER TWO MAN - SECURITY DIVISION
CHIEF, ESPIONAGE SECTION

Mr. Hennrich is Number Two Man of the Security Division and is directly in charge of the Espionage Section. In this position he supervises the activities of forty-five Supervisors and some of the most important cases of the Division.

Mr. Hennrich is a hard-driving, highly capable executive and administrator. He is aggressive in his approach to his work and is constantly seeking to get the maximum production from his Section. He has a thorough knowledge of the cases assigned to the Espionage Section and a thorough general over-all knowledge of Bureau policy, as a result of which he has functioned very capably when he has been in charge of the Security Division in the absence of the Inspector in Charge and the Number One Man.

Mr. Hennrich has the ability to make prompt and accurate decisions and his judgment has been uniformly good. I have noted that in dealing with the field offices, both telephonically and in person, he has shown the ability to make up his mind and give prompt and accurate decisions. He is a hard worker and pays attention to detail.

On May 25, 1950, Mr. Hennrich was criticized for rating a Supervisor excellent, despite the fact that the Supervisor had been censured. On June 8, 1950, Mr. Hennrich was commended by the Director in connection with the Harry Gold case.

Mr. Hennrich has done a highly commendable job as Number Two Man of the Security Division and Chief of the Espionage Section. He is definitely above average as an executive and administrator. He is rated SATISFACTORY.

THE DIRECTOR TO

D. M. LADD FROM

SPECIAL AGENT PERSONNEL -SUBJECT:

Reference is made to SAC Letter #29, Series 1951, dated March 27, 1951, subsection C, entitled "Special Agent Personnel -Advancement." In accordance with the instructions contained therein, the following comments are submitted regarding personnel assigned to the Security Investigative Division for consideration on a long-range basis for development as administrators and executives in the Bureau.

While it is understood that all supervisory personnel assigned to this Division are being considered for development on a long-range basis, at this time comments are being made only on those individuals whose work reflects that they are definitely above average as material for advancement along the lines indicated in referenced SAC Letter.

I am not submitting comments on Inspector Leo Laughlin or the various Section Chiefs, namely, Messrs. [Carl Hennrich,] Victor Keay, Fred Baumgardner, and Charles Stanley, inasmuch as their continued assignment in their present positions definitely reflects. that they are highly capable and merit consideration for any advancement or change of assignment for which the Bureau may desire to consider them.

Also, I will not comment on the Number One Men in the four sections of this Division, namely, Joseph L. Schmit, Internal Security Section, William A. Branigan, Espionage Section, Earl E. Riley, Loyalty Section, and John S. Ammarell, Correlation-Liaison Section. At the present time these men occupy a position equivalent to that of an Assistant Special Agent in Charge and each of them merits consideration for further advancement.

The following are listed in accordance with the instructions set out in referenced SAC Letter and are available for general or special assignment wherever the Bureau may desire to utilize their 15 JUL 26 1951 services:

#### George H. Scatterday

Mr. Scatterday is presently assigned to the Communist Front Desk in the Internal Security Section. He also assists in handling

mail in the office of the Assistant to the Director. He has all the necessary qualifications to operate in an administrative position. Mr. Scatterday makes an excellent appearance, dresses well, and has a friendly disposition. He is one of the best Supervisors in the Internal Security Section. He has a well-rounded knowledge of Bureau policy, is a tireless worker, prepares excellent memoranda, has the ability to handle personnel, and exercises good judgment at all times. Mr. Scatterday has had extensive investigative and supervisory experience. He is capable of handling additional responsibility and is definitely SAC material on a long-term basis.

is a very intelligent, capable Agent who has demonstrated an unusual capacity for analysis work and for handling complicated problems. He has executive ability and is one of the top prospects in the Correlation-Liaison Section for development.

| Can be considered SAC material on a long-range basis.

b7C

#### Robert J. Lamphere

Mr. Lamphere has been assigned in the Security Division since September 1, 1947. He has done an outstanding job in the supervision of the complex espionage investigations assigned to him. He has a practical approach and the ability to organize and supervise his work using sound judgment. Mr. Lamphere presents a very good personal appearance, is highly intelligent and is an excellent conversationalist. He has the ability to make contacts among all types of people. Mr. Lamphere has the capability for future development as a Special Agent in Charge.

#### Donald E. Moore

Mr. Moore is considered Number Two Man in the Internal Security Section and presently assists in the administration of the Section. As such, he handles policy matters, issues instructions to Supervisors, makes decisions and frequently has acted in the capacity of Section Chief in the absence of both the Section Chief and Number One Man. Mr. Moore is a tall, well built individual, has an excellent personal appearance, meets people well, and has the ability to handle personnel. He has the necessary qualifications of a Bureau administrator, either at the Seat of Government or in the field. He has had extensive field experience, is a good contact man and has an excellent attitude. His general over-all ability as a Supervisor is outstanding. Mr. Moore is definitely potential SAC material.

#### Charles M. Noone

Mr. Noone is presently assigned as Supervisor in Charge of the Correlation Unit. He has considerable executive ability and has had experience as a Supervisor in the New York Office. He is serious, makes an excellent appearance, and is a good administrator. Mr. Noone should be considered on a long-range basis for development as an ASAC and SAC.

#### Sterling B. Donahoe

Mr. Donahoe entered on duty with the Bureau on January 6, 1941. He has been in the Security Division since June 20, 1949. He is one of the outstanding Agents in the Security Division. He has far better than average ability and has the necessary desire for advancement. He has demonstrated in his assignments that he has outstanding executive ability. Mr. Donahoe is intelligent, presents an excellent personal appearance, can make contacts with all types of individuals, and is adaptable to all situations. Based on his performance, he definitely has the capability for immediately handling the duties of an ASAC, and with further development the functions of an SAC.

#### Hugh J. Pharies

Mr. Pharies is an experienced, well-rounded Bureau employee. He makes a rugged, excellent personal appearance, and has an excellent personality. He has been assigned to the Loyalty Section, Security Division, since April 30, 1948, and has handled all phases of the Loyalty Program. He would be particularly adept in the cultivation of proper relationship with police or business officials. He has considerable poise and self-confidence and has clearly demonstrated that he has administrative ability. Prior to his assignment to the Loyalty Section, Mr. Pharies had considerable field experience, both as an investigator and as a supervisor. He is an intelligent, capable Bureau supervisor, and is thoroughly capable of handling additional responsibilities. Mr. Pharies would have no difficulty whatsoever in handling the duties of an ASAC at this time and is good material for development on a long-range basis as an SAC.

#### Elbert T. Turner

Mr. Turner has been assigned to the Security Division since March 29, 1946. He is above average in personal appearance and intelligence. Throughout his Bureau service he has demonstrated the ability to use sound judgment. He can also make contacts among all

types of persons and is adaptable to all situations. In his current assignment, Mr. Turner has demonstrated outstanding administrative ability and I feel that he is perfectly capable of discharging the duties of an ASAC at the present time and has capability for further development as an SAC.

#### Calvin B. Howard

Mr. Howard is presently assigned to the Internal Security Section, supervising work on the Communist Front Desk. He has also assisted in approving correspondence in the office of the Number One Man of the Section. He presents an excellent personal appearance, is intelligent, knows Bureau policy, exercises good judgment, and has an enthusiastic approach to his work. He is well liked by his fellow employees, is a good contact man, and has all the necessary qualifications to act in the capacity of ASAC. Mr. Howard is definitely potential SAC material.

#### Cornelius A. Moynihan

Mr. Moynihan unquestionably has executive and administrative ability. He has served as Night Supervisor of the Security Division and is doing his job well. He has had experience in the New York Office as a supervisor. Mr. Moynihan is potential SAC material.

#### O. Eugene Coleman

Mr. Coleman has been assigned to the Loyalty Section since April 3, 1948. He presents a very businesslike appearance, has a most likable personality, and is a serious, loyal Bureau employee. He has an excellent grasp of Bureau policies and has definitely been an excellent supervisor throughout his assignment in the Loyalty Section. Through Coleman's excellent knowledge of the Loyalty Program, he has been able to assist in all phases of this work. It is noted that prior to Coleman's assignment to the Loyalty Section he had considerable experience in the investigative field, as well as supervisory experience in the Chicago and Savannah Divisions. He is a competent, logical-thinking Bureau employee who would have no difficulty in handling responsibilities of an ASAC at this time and is good material for long-range consideration for development as an SAC.

#### W. Raymond Wannall, Jr.

Mr. Wannall entered on duty on July 27, 1942, and has been assigned to the Security Division since July 24, 1947. He is a considerably above-average Eureau supervisor. His personal appearance

is excellent and his personality commendable. From my observations he is the type of individual who can make contacts among all types of persons and is adaptable to all situations. Mr. Wannall's work is definitely superior and I consider him to have the capabilities for immediate advancement as an ASAC and with development as an SAC.

#### James F. Bland

Mr. Bland is performing supervisory duties on the Communist Front Desk in the Internal Security Section. He has had a wide variety of field experience, both as an investigator and supervisor. He makes an excellent appearance, meets people well, and is well liked by his fellow employees. Mr. Bland voluntarily performs long overtime duty and definitely has potentialities for development as SAC material.

#### Leo C. Nulty

Mr. Nulty makes an excellent personal appearance. He is friendly, sincere and obviously intelligent and has demonstrated good judgment in handling his assignments. From my observations of him, I know that he has the ability to make contacts among all types of persons and is adaptable to all situations. In addition, Mr. Nulty served for a number of years, as ASAC in the Salt Lake City Division, by reason of which he has valuable experience. By reason of his performance, he has demonstrated that he has the capability for additional responsibility as ASAC or SAC.

is a very capable supervisor. He has a facility for handling complicated memoranda. He has an outstanding background of knowledge of internal security problems and in fact was a supervisor on these matters in the Baltimore Division. He has a facility for organizing memoranda, for handling souads working on large projects, and for preparing memoranda. has executive ability and can be considered on a long-range basis as SAC material.

#### Robert H. Egan

Mr. Egan has been assigned to the Loyalty Section as a supervisor since March 26, 1948. He has done an outstanding job. He presents a very businesslike appearance, has a serious approach to his work and is one of the most thorough supervisors in the Loyalty

Section. He is considerably above average in his ability to supervise loyalty cases. He has an excellent background in both investigative and supervisory work, having served as a field supervisor in the Los Angeles Office prior to assignment to the Seat of Government. Mr. Egan is a solid, well-rounded, conscientious Bureau employee and could operate very successfully as an ASAC. He is excellent material for development on a long-range basis as an SAC.

#### Paul L. Cox

Mr. Cox is currently assigned to the Security Index Unit, Internal Security Section, where he is handling policy matters in connection with the Detcom Program. He has had supervisory experience, both in the field and at the Seat of Government. Mr. Cox makes an excellent, mature personal appearance, has the ability to make contacts among all types of people, and has indicated an ability to handle personnel. He performs an unusually high amount of overtime duty without regard to his personal convenience. He has an excellent knowledge of over-all Bureau policy and is definitely interested in advancing himself in the Bureau's work. Mr. Cox is ASAC material at this time and has all the potentialities for development as an SAC.

#### Arthur J. Marchessault

Mr. Marchessault has been assigned to the Security Division since April 3, 1949. He has an excellent personal appearance and an engaging cooperative personality. He is very intelligent and in the discharge of his responsibilities in this Division has shown excellent judgment. He had valuable experience as ASAC in the Detroit Office and is ambitious to advance in the Bureau's service. He definitely has the ability to make contacts among all types of persons, is enthusiastic and promotes high morale. Because of his past outstanding performance and his present capabilities, Mr. Marchessault should be regarded for future development as an SAC.

#### Meffert W. Kuhrtz

Mr. Kuhrtz presently represents the Bureau in committee work, that is, coordinating committees involving other Government agencies. He is a sound, conscientious Agent. He has had training as a supervisor in the New York Office. His judgment is good and I think he is capable of handling the more complicated problems of the Bureau. Mr. Kuhrtz is ASAC material and has the potential for future development as an SAC.

#### Wayne W. Klemp

Mr. Klemp is an experienced Dureau Agent who has had extensive field and supervisory experience. He is currently performing supervisory duties in the Special Memoranda Unit of the Internal Security Section. He is a tall individual, makes an excellent personal appearance, has the ability to get along with people, and is a good contact man. Mr. Klemp exercises excellent judgment, knows Bureau policy, and has performed his supervisory duties in an outstanding manner. He has the ability to get to the bottom of a problem with a minimum effort, makes excellent decisions and is a well-rounded Bureau Supervisor. Mr. Klemp possesses the necessary qualifications for development as an SAC on a long-range basis.

#### Edward S. Sanders

Mr. Sanders is the Secretary of the Interdepartmental Intelligence Conference and a liaison representative. He has been commended by the other members of the IIC for his excellent work as Secretary. He does excellent contact work and has acquired a good knowledge of Bureau policy. Mr. Sanders is ASAC material and has potentialities for development as an SAC on a long-range basis.

A GI series reveals the esophagus, stomach and duodenum to be normal. Films at 1,3 and 6 hours show normal progression with the head of the meal in the signoid at the end of 6 hours. There is also some barium in the descending colon at the end of three hours. This may be due to the presence of old barium in the colon. A film of the chest shows complete obliteration of the right cardiophrenic angle by apparent thickened pleura. It is difficult to ascertain the exact significance of this and a thorough workup should be done to determine its possible etiology. There are scattered shadows of calcification in both hilar regions and some apical pleural thickening in the right apex.

#### PERSONAL AND COMPTOR TIAL

Mr. Carl E. Hennrich Federal Bureau of Investigation Washington, D. C.

Dear Mr. Hennrich:

The Bureau has reviewed the results of the physical examination afforded you at the United States Naval Hospital, Bethesda, Haryland.

The gastro-intestinal series afforded you in this connection were essentially negative and the examiner believes you have a probable subacute gastro-duodenties. It is understood that you have been advised concerning the appropriate treatment for this condition.

The chest x-ray also afforded you in connection with this examination revealed no evidence of active pulmonary disease and the electrocardiogram was normal.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely gours,

De sy fine the second

Ur. Carl E. Hennrich Federal Bursau of Investigation Washington, D. C.

Dear Mr. Hennrichs

I have reviewed the information submitted with respect to the procedure which has been followed in the Espionage Unit in regard to the listing of delinquent items and communications, and it is obvious that the supervision afforded in this connection has been inadequate and that appropriate measures have not been taken in the past to insure that matters being handled in that unit are closely and appropriately followed.

As Chief of the Tspionage Unit, it is your responsibility to see to it that such matters are properly handled and receive appropriate attention so as to prevent any undue delay such as recently occurred in connection with the acknowledgment of a communication from another government agency. |You are expected to immediately take the necessary steps to insure that there is no recurrence of such a delinquency on the part of personnel under your supervision and that the handling of all correspondence in the Repionage Unit is afforded close and adequate supervision. If you should fail to do this, it may be necessary to take further administrative action.

Pursuant to memoranda approving Grade GS-15 for the three captioned employees, there is attached the necessary action promoting these three men to Grade GS-15 on the field rolls.

All of these men had been in Grade GS-14 on the field rolls and unless advised to the contrary, no action will be taken to prepare formal job descriptions for them in an effort to have their positions formally classified on the Departmental rolls in Grade GS-15. In the event this is approved, they will consequently be treated in the same category as other Agent Supervisors at the Seat of Government who are carried on the field rolls.

In the event this procedure is approved, we will handle similar cases in that manner in the future.

#### PURPOSE:

To advise that it was my responsibility to check on the prompt handling of delinquent matters and, specifically, the delay in the handling of the CIA letter which was the subject of a memorandum dated November 3, 1951. To set forth how such checks will be maintained in the future,

#### DETAILS:

ا درس الم

Tolson Ladd Clegg

Glavin Nichola Mr. Tolson has requested that the specific responsibility be fixed for checking to see that the delinquent CIA letter (which was the subject of a memorandum in this case dated November 3, 1951) was promptly handled.

By memorandum dated November 6, 1951, you were advised that heretofore delinquent items were listed collectively, with the oldest date being indicated. The individual items have not been listed and for that reason, as individual items, have not been called specifically to my attention. Some of the items listed collectively called for answers; others required file reviews and analysis on the basis of other active investigation. The evaluation as to the priority to be given a particular piece of mail is primarily that of the Supervisors. The Supervisors have been so informed. The over-all delinquency in the Espionage Unit has been a matter of continuing concern. It has been the subject of repeated discussions at conferences. The necessity for the prompt handling of mail requiring answers also has been discussed. Delinquency matters, generally, have been delegated to Mr. W. A. Branigan, the No. One Man in the Espionage Unit, for handling, although he has not been specifically instructed to check all the individual items nor to check physically the Supervisor's workboxes periodically to insure that communications are properly evaluated in so far as priority in handling is concerned. The responsibility, thus, is mine in not having done so.

OEHILL ...

All they was

In my memorandum of November 6 I pointed out that instructions have now been issued requiring each Supervisor to itemize delinquent "outside" communications. This itemization will reflect the date of the communication and the estimated date of handling. I have issued instructions to the four Supervisors-in-Charge of the various groups in the Ispianege Unit to check personally on these delinquent items to insure that they do receive prompt handling and, in addition, to check the workhowse of the Supervisors periodically to insure that proper evaluation of the priority to be given the handling of such communications is being made.

It is regretted that the delay in handling the communication in question occurred.

#### ACTION:

I shall follow carefully the supervision of the Espionage Unit delinquency.

#### ADDENDUM - November 8, 1951

I recommend that a letter of censure be directed to Mr. C. E. Hennrich.

REALLOCATION

Mr. Hennrich is presently in Grade GS-14, \$9600 per annum. He with Mr. Laughlin shares the #1 Man responsibilities of the Domestic Intelligence Division and acts alternately with Mr. Laughlin on Mr. Belmont's desk during his absence. I feel that Mr. Hennrich's position is of such importance to the Bureau that it should be allocated at this time to Grade GS-15.

There is attached a permanent brief of Mr. Hennrich's file which reflects he entered on duty in a clerical capacity on February 3, 1934 and was appointed to the position of Special Agent on October 7, 1935. He is 42 years of age, married and has two children. He is a legal resident of Arlington, Virginia and Washington, D. C. is his office of preference. He has a Bachelor of Laws Degree. He has had extensive experience as an ASAC and SAC and has been assigned to the Domestic Intelligence Division since February 27, 1950.

#### RECOMMENDATION

I recommend that Mr. Hennrich be reallocated-to-Grade GS-15, \$10,800 per annum.

### SPECIAL AGENT PERSONNEL - ADVANCEMENT DOMESTIC INTELLIGENCE DIVISION

Pursuant to instructions contained in SAC Letter #121 dated December 20, 1951, Series 1951, there are listed hereinafter Supervisors in the Domestic Intelligence Division recommended for consideration on a long-range basis for development as administrators and executives in the Bureau.

There are, of course, a number of Supervisors recently transferred to this Division on whom I am not yet able to render comment. While all Supervisors in the Division are being considered for development on a long-range basis, the names listed below are those who at this time appear to merit current consideration on the basis of their work to date. I am not including comments on the Section Chiefs, Mr. L. L. Laughlin and Mr. C. E. Hennrich, and my Number One Man, Mr. W. Y. Cleveland; nor on the Unit Chiefs, Messrs. Keay, Baumgardner, Stanley and Branigan, inasmuch as their present assignment reflects that they are definitely capable of assuming responsibility and have the requirements for further advancement.

In addition, I am not listing the Number One Men of the four units, namely, Joseph L. Schmit, John S. Ammarell, O. Eugene Coleman and Sterling B. Donahoe. These men likewise carry considerable responsibility and the fact that they have been designated in their present positions is clear indication that they have the personality and characteristics which merit further consideration for advancement in the Bureau.

With this understanding, the following Supervisors are listed in order with brief comment as to each:

#### WAYNE W. KLEMP

3

, ,

Mr. Klemp has had extensive field and supervisory experience and he is currently performing supervisory duties in the Special Memoranda Unit of the Internal Security Unit.

Michael He makes an excellent personal appearance and has the ability below to get along with people. He exercises excellent judgment,

knows Bureau policy, and has performed his supervisory duties in an outstanding manner. He is considered as a good contact man. He is able to get to the bottom of a problem with a minimum of effort, makes excellent decisions, and is a well-rounded Bureau supervisor. He is available for transfer at any time and possesses the necessary qualifications for development as an SAC on a long-range basis.

#### JOHN F. DESMOND

Mr. Desmond has been a Supervisor since July 31, 1951, and is presently assigned to the Special Memoranda Desk of the Correlation-Liaison Unit. He previously had two years experience as ASAC at Anchorage. Mr. Desmond has had a wide background of experience in the Bureau and his work reflects this. He is an earnest, conscientious Agent who does well with any job assigned to him. He is available for assignment wherever the Bureau desires. Mr. Desmond is ASAC material and has the potential for development as an SAC on a long-range basis.

#### CALVIN B. HOWARD

Mr. Howard is presently assigned as Number Two Man in the Internal Security Unit. In this capacity he approves correspondence and acts as Number One Man when the latter is absent. On occasion he has also acted as Chief of the Unit. Ar. Howard has exercised good judgment in handling his present assignment. He handles policy matters, issues instructions to Supervisors, and makes decisions involving the various security cases which are supervised in the Internal Security Unit. He possesses the necessary qualifications to operate as a Bureau administrator, either at the Seat of Government or in the field. He is available for general or special assignment, has an excellent attitude towards his work, and his over-all ability as a Supervisor is entirely satisfactory. He has the potential for development as an ASAC and as an SAC on a long-range basis.

is presently performing supervisory duties on the Sabotage Desk in the Internal Security Unit. He handles

sabotage matters, labor infiltration cases, and violations of the Labor Management Relations Act and the Federal Train Treck Statute.

also acts as relief supervisor in the office of Mr. D. M. Ladd, the Assistant to the Director, where he has performed in a most satisfactory manner. He makes an excellent personal appearance, is able to handle personnel, is tactful, and is an alert, intelligent Bureau Supervisor desirous of advancing himself in the Bureau's service.

handles a large volume of work. He has developed rapidly in the Bureau's service, is able to meet people well, is a good contact man, and is a tireless worker. At this time he could perform successfully as an ASAC and has all the necessary qualifications for development as an SAC. He is available for assignment wherever the.

Bureau desires to utilize his services.

#### JAMES F. BLAND

Ur. Bland is assigned to supervisory duties on the Communist Front Desk in the Internal Security Unit. He has had varied experience in the field, both as an investigator and supervisor. He has a good knowledge of security work. His memoranda are clear, concise and accurate. He exercises good judgment and has indicated that he also definitely possesses administrative ability. Mr. Bland makes an excellent personal appearance, has the ability to meet people well, and is well liked by his fellow workers. He is available for general or special assignment at any time; he performs an unusual amount of overtime; and he has all the necessary qualifications for development as an SAC.

#### V. RAYMOND TANNALL. JR

Mr. Jannall has been assigned to the Domestic Intelligence Division since July 24, 1947. He is definitely above average in administrative ability and has been designated as a Supervisor in Charge in the Espionage Unit. Mr. Jannall has an excellent knowledge of Bureau policies and procedures. His judgment is sound and he possesses the capabilities for advancement as an ASAC, and with further development, as an SAC. He is available for assignment wherever the Bureau desires to send him.

#### ROBERT J. LAMPHERE

Intelligence Division since September 1, 1947. He has an extensive background in espionage work, displays a well-rounded knowledge of Bureau policies and procedures, and is a tireless worker. He is Supervisor in Charge of a group handling very complex investigations and has demonstrated a definite ability to organize and supervise his own work, as well as that of others. Mr. Lamphere makes a very good personal impression and utilizes a high degree of intelligence and sound judgment in the supervision of his work. He has done an outstanding job and has the capability for further development as a Special Agent in Charge. He is available for assignment wherever the Bureau desires his services.

#### ROBERT H. EGAN

Mr. Egan has been a Special Igent since May 12, 1951, and has been assigned to the Loyalty Unit as a Supervisor since March 26, 1948. He presents a very businesslike appearance, has a most serious approach and outlook toward his work, and has done an outstanding job as a Supervisor. He is a valuable, well-rounded, experienced Bureau employee. One of Egan's greatest assets is his ability to handle a large volume of work, yet he retains the facility of analyzing each set of facts. He is well above average as a Supervisor in the Loyalty Unit and could operate very successfully as an ASAC. His attitude, conscientiousness and loyalty to the Bureau are excellent. He is excellent material for development on a long-range basis as an SAC. He is available for assignment anywhere the Bureau desires his services.

#### ELBERT T. TURNER

Mr. Turner has been assigned to the Domestic Intelligence Division since March 29, 1946. He has had extensive supervisory experience in the field and at the Bureau. He is at present time

Supervisor in Charge of a group handling complex espionage matters. Ur. Turner has the exceptional ability to recognize, accept and discharge responsibility. He exercises sound judgment, has a keen, analytical mind, and utilizes a well-rounded knowledge of Bureau policies and procedures to get things done. He is definitely capable of handling the duties of an ASAC and I feel he is definitely potential SAC material. Ur. Turner is available for assignment wherever the Bureau may desire his services.

#### ARTHUR J. MARCHESSAULT

Ur. Marchessault has been assigned to the Domestic Intelligence Division since April 3, 1949. He was previously assigned as ASAC in the Detroit Office. He presents an excellent appearance, is adaptable to all types of contact work, and exhibits a high degree of enthusiasm in his work. He has shown excellent judgment in discharging his responsibilities. Because of his background and present capabilities, he should be considered for further development as an SAC. Mr. Marchessault is available for assignment wherever the Bureau may need his services.

Jecurity Unit, where he supervises the following type cases:
Jeutrality Matters, Sedition, Violations of Federal Injunctions,
Treason and related statutes. He is also supervising the cases
of three of the seven Communist fugitives. In addition, he
is supervising a special harboring case which is being worked
up against the individuals who assisted Gus Hall, one of the
Communist fugitives, in his attempted escape through Mexico.
is an aggressive, resourceful supervisor who uses
initiative and good judgment in handling his current assignments.
We has a thorough knowledge of Bureau policy and has the ability
to arrive at logical conclusions in connection with the problems

#### J. WRIGHT BROWN

Mr. Brown has been a Supervisor at the Bureau since June 28, 1950, and is now Supervisor in Charge of the Special Temoranda Desk. He was previously a field office supervisor in the Los Angeles Division. He acts as the Number Two Man in the Correlation-Liaison Unit. He has exhibited considerable executive ability, is adaptable, and is available to serve wherever his services are needed. Mr. Brown could function as an ASAC and is potential material for development as an SAC on a long-range basis.

has been a Special Agent since August 10, 1942, and has been assigned to the Loyalty Unit as a Supervisor since February 25, 1948. He presents a very favorable personal appearance, has a very good personality, and is the type of Bureau representative who would make excellent contacts with outside officials. He is one of the Loyalty Unit supervisors who have done an excellent job throughout the very difficult Loyalty Program and his work has materially assisted in the thinks logically, handling of this Program. analyzes material thoroughly and his instructions to the field have been clear and succinct. He definitely has the ability to operate on his own initiative and carries out his responsibilities with very little supervision. He has had considerable experience both in the investigative field and as a Bureau supervisor and would have no difficulty in handling the position of ASAC. is loyal and conscientious and has definitely demonstrated

Δ

administrative and supervisory ability. He should be considered on a long-range basis for development as an SAC.

is available for assignment wherever the Bureau may desire to utilize his services.

b6 b7C

#### LOUIS G. TURNER

Mr. Turner has been a Supervisor since February 26, 1951, and is presently Supervisor in Charge of the squad working on requests received from the McCarran Committee. He is a very personable Agent who has shown a facility for organizing and handling a squad of this type. He seems to have a sound knowledge of Bureau policies, is able to get along with other personnel, and can initiate needed action. Mr. Turner is ASAC material and has the potential for development as an SAC on a long-range basis. He is available for assignment wherever his services are desired by the Bureau.

#### SAN J. PAPICH

Ur. Papich has been a Supervisor since January 7, 1950, and is presently assigned to the Foreign Liaison Desk in the Correlation-Liaison Unit. He has previously represented the Bureau successfully as a Legal Attache. Hr. Papich has considerable initiative, good jugment and is an excellent candidate for the position of Legal Attache because of his language ability, previous experience, and known ability. He would also make a good ASAC. Mr. Papich possesses potentialities for further development as an SAC. He is available for assignment wherever the Bureau desires to use his services.

#### EIMER F. EURICH

Mr. Amrich has been assigned to the Domestic Intelligence Division since May 22, 1950. He entered on duty with the Bureau

on September 24, 1934, and has a broad background of investigative and supervisory experience. He is presently supervising complex espionage investigations and has handled a number of cases which have been successfully prosecuted. He exhibits an intense enthusiasm in the work of the Bureau. Mr. Emrich's record shows that he is a good contact man. On the basis of his capabilities, it is believed that he could definitely function as an ASAC, and with further development as an SAC. He is available for assignment wherever the Bureau may desire to utilize his services.

#### EDWARD B. REDDY

Mr. Reddy is currently assigned to the supervision of Smith Act cases in the Internal Security Unit. In this connection, he is supervising a number of cases which are being considered for prosecution under the Smith Act. His supervision of these cases reflects careful planning and thought, deep enthusiasm and interest, and he is considered to be one of the better Supervisors in the Unit at this time. In his day-to-day handling of the work which crosses his desk, Mr. Reddy has consistently exhibited sound judgment. He accepts responsibility readily and requires a minimum of supervision. He was a good personal appearance, has a warm personality, makes friends easily, and is well liked by his fellow employees. Mr. Reddy is available for transfer at any time and possesses the necessary qualifications for development as an ASAC and SAC on a long-range basis.

#### CARROLL DOYLE

Mr. Doyle is presently assigned to the Internal Security Unit where he is handling matters involving the Plant Informant and American Legion Contact Rograms. He has also had considerable experience in the Special Memoranda Unit. He has a broad knowledge of Bureau policy, is intelligent, and is regarded as one of the better supervisors in the Unit. He makes a neat

appearance, is alert and forceful in manner. Ur. Doyle is an enthusiastic, tireless worker and is a clear and logical thinker. He is available for transfer at any time, has had considerable experience in police contact work, and has also assisted in inspections. At this time he could perform successfully as an ASAC in a small office and his potentialities for development as an SAC are good.

#### DOUGLAS M. BROWN

Tr. Brown has been a supervisor since June 10, 1931, at the Bureau and is presently Supervisor-in-Charge of the Correlation Desk, Correlation-Liaison Unit. He makes a good appearance and a good impression, and seems to be unusually adept in the training and handling of clerical personnel. Hr. Brown is a good administrator and has a sound knowledge of Bureau policies. He is available for assignment anywhere in the Bureau. Mr. Brown could function as an ASAC and is potential material for the position of SAC on a long-range basis.

#### MEFFERT W. KUHRTZ

Mr. Kuhrtz presently represents the Bureau in committee work, that is, coordinating committees involving other Government agencies. He is a sound, sincere, conscientious Agent. He has had training as a supervisor in the New York Office. His judgment is good and I think he is capable of handling the more complicated problems of the Bureau. Mr. Kuhrtz is ASAC material and has the potential for future development as an SAC. He is available for assignment wherever the Bureau may desire his services.

#### S. WESLEY REYNOLDS

Mr. Reynolds' outstanding characteristic is his facility for contact work and his broad knowledge of Bureau policies and procedures. He can represent the Bureau in

excellent fashion at the highest levels in other agencies or in private industry. He would be an asset to any office. Hr. Reynolds is ASAC and SAC material on a long-range basis. He is available for assignment wherever the Bureau may desire his services.

PERSONAL AND CONFIDENTIAL

Mr. Carl E. Wennrich Federal Bureau of Investigation Washington, D. C.

Dear Mr. Hennrich:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on January 28, 1952.

This report reflects that you have slight hemorrhoids; however, the examiner made no recommendation in this regard.

For your information, the electrocardiogram afforded you was found to be normal.

The Board of Examining Physicians of the United States Navel Hospital reports that you are capable of strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

John Edgar Hooger Director —

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Chief Clerk of the FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Chief Clerk of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000. CARL E. HENNRICH
INSPECTOR
SECURITY SECTION
DOMESTIC INTELLIGENCE DIVISION

Mr. Hennrich is Inspector in charge of the Security Section of the Domestic Intelligence Division. In this capacity he administers the Espionage and Internal Security Units. Both of these Units are extremely important as they are responsible for the initiation and supervision of the Bureau's activities and tremendous responsibilities in the security field.

Because of the international situation during the past year it has been necessary for the Bureau to evaluate its security coverage constantly and to initiate and carry through a number of additional programs to insure that our responsibilities are met.

Mr. Hennrich is a hard-driving, thoroughly experienced executive with a thorough knowledge of Bureau policy. He has been of great value in accelerating the pace of the security program during the past year. He has a practical, down-to-earth approach and the ability to make prompt decisions. This is an essential quality in his present position as he is constantly dealing with problems arising in the field which require sound and prompt decisions.

On November 16, 1951, Mr. Hennrich was censured relative to inadequate supervision of delinquent items and communications in the Espionage Unit.

In the absence of the Assistant Director, Mr. Hennrich, alternately with Mr. Laughlin, assumes the duties of the head of the Division. During the instances that he has performed in this capacity he has done so in a highly creditable manner. I have never seen Mr. Hennrich shirk a responsibility; rather, he seeks and shoulders responsibility. He can always be depended on. He is thoroughly loyal to the Bureau.

He is rated Satisfactory.

Q 4.

#### Addendum - H. L. Edwards/fsb - 4/22/52

On 4/21/52, I talked to Assistant Director Belmont to ask him whether he had evaluated the plus mark on Item 7 in the light of the censure of 11/16/51, and he informed me that it had been taken into consideration, and he nevertheless felt that Mr. Hennrich's job requires the exercise of judgment to such a great extent that the one instance for which he was censured does not detract from the fact that he is outstanding in judgment. Accordingly, the plus will stand.

Re: VOLUNTARY ADDITIONAL WITHHOLDING TAXES

Dear Sir:

By letter dated March 15, 1952, I requested that Five Dollars (\$5.00) over and above the amount determined by my exemptions to be the proper withholding be withheld from each of my salary checks. I hereby request that this amount be increased from Five Dollars (\$5.00) to Fifteen Dollars (\$15.00) to be withheld from each of my salary checks.

If, at the end of one year, I desire this practice discontinued, the Bureau will be advised.

ASSISTANT DIRECTOR A. H. BELMONT

Mr. Hennrich was Chief of the Espionage Unit from February, 1950 until October, 1951, at which time he was made Chief of the Security Section. He is directly responsible for the handling of the highly important investigative cases in the espionage and security field. He is a sound thinker, knows Bureau policy, is a direct actionist, and makes the many important decisions required of him promptly and soundly. He is a thoroughly qualified and experienced Bureau official who can be depended on at all times to protect the Bureau's interests and to attack his work with vigor and enthusiasm.

Dear Kr. Hennrich:

I want to express my displeasure for your failure to see to it that there were adequate security regulations in force and that responsibility for challenging unauthorized persons entering various rooms under your supervision existed in order that there would be no doubt as to the responsibilities of each employee.

A security check of certain rooms assigned to the Domestic Intelligence Division was made on November 6, 1952, and the results indicated security weaknesses. I am holding you personally accountable for the security of those areas under your supervision and if other weaknesses become apparent in the future severe administrative action will result.

SUBJECT: SECURITY OF OFFICES

(C.F. Hannich)

Purpose of Objective: To have a clerical employee, giving outward appearance of a Bureau messenger, but without badge or building pass, by using only a messenger cart which can be obtained by outsiders, test security of offices assigned to the FBI in the Justice Building.

Instructions Issued to Clerical Employee: For the captioned test,

a clerk assigned to the Training & Inspection Division,
was selected. has never been a messenger, has never worked in
the Files Section, and it was felt that he would not be too well known.
He entered on duty in February 1951 and from that date to October 1951
was assigned to the Training & Inspection Division and physically located
at the Identification Division. From October 1951 until the present
date, he has been physically located in the Justice Building. His
duties have never taken him to the Domestic Intelligence Division or to
Mr. Tolson's Office. He has no responsibilities regarding the picking up
of files and outgoing mail. was specifically instructed to obtain
a messenger card and go in several offices at random and attempt to pick
up files or outgoing mail.

Results of Test - Room 1732: At approximately 3:50 PM, 11-6-52.

entered Room 1732 of the Domestic Intelligence Division. He pulled a messenger cart in behind him. He looked around and saw no outgoing mail in any of the boxes narked "outgoing". He then departed with his cart. Two minutes later returned to Room 1732, pulling his cart in behind him. He noticed a stack of files on a table to the left upon entering the door. He proceeded to load approximately 16 of these files in his cart. None of the occupants in the room spoke to He did not recognize anyone nor did he speak to anyone. He departed this office without being challenged. It is noted that the files he obtained from this room contained information concerning the Communist Party in San Francisco, District #13, and two files, each which concerned matters of an Internal Security and Espionage nature.

Mr. Belmont'sraxplanation: Expression indicated that Agent Supervisors were in Room 1732 at the L. F. Kurtz, and procured the files. Clerical Employees were also present. He stated that the supervisors were engrossed in their work and did not observe enter the room inasmuch as Locate Clerks are constantly coming in and out of the room. He observed to enter the room and knew him claimed that to be a Bureau employee. Subsequently, an attempt was made by occupants on Extension 441. Upon being informed of this room to contact was on a "Special" for the Training & Inspection Division, a message was left for him to make certain that the files which he took from Room 1732 were recharged in accordance with prevailing

however, indicates he does not know regulations. that he was a member of the FBI RA Dramatics Club and she might have known him by attending some of this club's presentations. claims that she recognized Evaluation: employee; therefore, no challenge was made. The fact still remains, had no identification or badge of any kind and that however, that he was allowed to pick up the files and leave. It is not felt that the Agent Supervisors or the clerical occupants of Room 1732 should be censured; however, it is quite apparent that these occupants have not been given the proper instructions regarding security precautions . Mr. Belmont states that he has continually alerted personnel of his division regarding security matters. However, that no specific individual is charged with responsibility of security in each room. at one time knew to be a Bureau Regardless of whether employee or not, there is no reason to believe that she definitely knew lack of a badge or him to be a Bureau employee at this time. other identification confirms this fact. It therefore appears that employees of the Domestic Intelligence Division have not been given adequate instructions concerning security. It is felt that any employees without a badge or proper identification should be challenged any time regardless of whether they were formerly known to be Bureau employees. 1. That the attached letters of censure be forwarded RECOMMENDATION: to Assistant to the Director, Ladd, Assistant Director Belmont, Section Chief Hennrich, and Unit Chief

2. That the attached letter to Bureau officials regarding security of offices be forwarded.

PERSONAL & CONFIDENTIAL

Mr. Carl E. Hennrich Federal Bureau of Investigation Washington, D. C.

#### Dear Mr. Hennrich:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on January 27, 1953.

This report reflects that you have no disqualifying physical defects.

The electrocardiogram afforded you in this connection was within normal limits.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

John Edgar Hoover

INFORMATION CONCERNING STATUS OF BUREAU POSITIONS IN GRADE GS-16

Pursuant to your request the following information is submitted concerning the Grade GS-16 positions approved for the Bureau. You will recall that Grade GS-16 is one of the so-called super grades and has a base salary of \$12,000 per annum. All of the Grade 16 positions which the Bureau now has resulted from creation of the same and approval in our Appropriation Bill for the fiscal year ending June 30, 1953.

## I. TOTAL NUMBER OF GRADE GS-16 POSITIONS IN THE BUREAU, INCLUDING VACANCIES

The Bureau recieved approval for 20 positions in Grade GS-16

II. DISTRIBUTION OF GS-16 POSITIONS AS BETWEEN FIELD AND SEAT OF GOVERNMENT

The Senate Report on our Appropriation Bill stated that 10 of the Grade GS-16 positions are for the Executive Assistants at the Washington headquarters and the remaining 10 are for the SACs of the Clarger field offices.

## III. INFORMATION REGARDING GS-16 POSITIONS FILLED AND THOSE VACANT

### (a). Seat of Government

Mr. Carl E. Hennrich Federal Bureau of Investigation Washington, D. C.

Dear Ur. Hennrichs

My attention has been called to the failure of the Espionage Section to properly handle the matter involving infiltration of the United Nations by subversive American citizens. In this instance, lists containing names of American employees of the United Nations were submitted to the Bureau by another government agency in January and October 1952, respectively, but these lists failed to reflect adequate information for name check purposes. This inadequacy was not called to the attention of the submitting agency at the times these lists were furnished and the failure to see that this was done has remaited in the Bureau's being placed in a most disadvantageous position.

It is expected that the appropriate steps will be taken to see to it that there is no recurrence of such a failure on the part of you and personnel under your supervision to preperly handle and follow through on matters of this nature so that there will be no further occasion for such a delinquency to be called to your attention.

Yery truly yours,

CARL E. HENNRICH
INSPECTOR IN CHARGE
SECURITY BRANCH
DOMESTIC INTELLIGENCE DIVISION
GS-16; \$12,000

Mr. Hennrich is Inspector in Charge of the Security Branch of the Domestic Intelligence Division. Under him come the Internal Security and Espionage Sections which cover all of the security investigative work of the Bureau with the exception of the loyalty investigations. This requires the supervision of a heavy volume of work, and in addition, some of the most important cases handled by the Bureau.

In the absence of the Assistant Director, either Mr. Hennrich or Mr. Laughlin takes charge of the Domestic Intelligence Division. In those instances where Mr. Hennrich has been placed in charge he has shown himself entirely capable of handling the job with excellent results. Mr. Hennrich approaches his work aggressively and meets the numerous problems which face him in his position head on until a satisfactory solution is reached. He readily shoulders responsibility and I have yet to find him other than ready, willing and able to represent the Bureau in any field of responsibility. It has been necessary to assign to him special cases on several occasions because of the need for prompt and accurate handling. On those occasions he has done an excellent job.

Mr. Hennrich is a hard-driving executive who insists that the employees in his branch produce. He is thoroughly experienced, has excellent judgment, and a broad knowledge of Bureau policy. He is particularly adept at meeting and handling problems arising daily from the field where a prompt, accurate decision is necessary.

for failure to see that there were adequate security regulations in force in the various rooms under his supervision. He was criticized on February 16, 1953, for failure to afford closer supervision to a Supervisor of the Espionage Section. He was criticized on February 26, 1953, for failure of the Espionage Section to properly handle a list of subversive American citizens in the United Nations.

On July 15, 1952, Mr. Hennrich was promoted to GS-16 as Inspector in Charge of the Security Branch.

I have considerable respect for and confidence in Mr. Hennrich as a Bureau executive. He has a positive approach to his work, has the Bureau's interests in mind at all times, and regards the many problems facing him in his position as a challenge. He is rated SATISFACTORY.

## Office Memorandum . UNITED STATES GOVERNMENT

TO : MR. TOLSON

DATE: 2/16/53

FROM : H. H. CLEGG AND THE

SUBJECT: INFILTRATION OF UNITED NATIONS BY SUBVERSIVE AMERICAN CITIZENS; - INTERNAL SECURITY - R

BACKGROUND: Survey on captioned matter, results of which are set forth in attached memo to Mr. Tolson from Mr. Clegg dated 1/28/53, revealed briefly that:

1) Espionage Section opened control file in December 1950 to follow infiltration of UN by subversive Americans. It wrote State Department on 10/11/51 to obtain list of American employees of UN in order to search same against our files. State furnished lists and other data on 1/9/52 but same was incomplete and inadequate for proper search and thus none was made. Espionage Section, however, did not advise State that the data furnished was inadequate for our purposes. Espionage Section wrote Justice Department on 4/26/52 and suggested latter obtain better lists from State. Justice Department wrote State to this end on 6/9/52. State Department answered Justice Department on 7/29/52, referred to the data it had furnished on 1/9/52 and declared FBI undertook to correlate this material. Actually, as noted, we had not used lists because they could not be properly searched.

2) In letter to Attorney General of 12/24/52 State Department advised it had furnished FBI with additional list of American employees of WN. This list was compiled of names of employees of the United Nations Educational Scientific and Cultural Organization (UNESCO). State declared it understood FBI was continuing name check operations on basis of data submitted. This UNESCO list was furnished us on 16724/52 and in memo of transmittal State also declared that it was anticipated it might be possible to furnish in the near future an alphabetical list with identifying data. The UNESCO list was not searched by us because it was incomplete. It was initialed for file by formet SA Joseph G. Fellner who resigned on 12/31/52. Espion ce Section did not advise State of the inadequacy of this UNESCO list until its letter of 12/30/52.

The ponclusion drown by the above survey was that we should have advised State Department directly in writing in both January and October that the lists were inadequate for our purposes:

RESPONSIBILITY: The failure to properly handle those lists on both occasions was direct responsibility of former SA Fellner. The line of responsibility in the Esplopage Section runs from supervising agent to Section Chief M. A. Branigan to Inspector C. E. Hennrich to Assistant Director A. H. Belmont.

TOF W. Messrs. Brantoan, Hennrich and Belmont vere interviewed congerning their personal knowledge of lists in question and the

failure to advise State Department directly in writing after receipt concerning their inadequacy. They advised in substance as follows:

- 1. They knew of the material received in January inasmuch as it had been routed through them prior to being sent to SA Fellner for handling. They were not cognizant at the time that State had not been advised lists were inadequate for proper search. They were not consulted by the supervisor in that regard.
- 2. They were not personally cognizant of receipt of the UNESCO list in October. They had not been consulted concerning it at the time by the supervisor. It is noted that the only initials appearing on the transmittal memo are those of SA Fellner.

Hessrs. Branigan, Hennrich and Belmont have advised that in the light of subsequent developments, we would have been in a better position had we timely advised State after receipt that the material furnished was unacceptable and could not be used.

#### RECOMMENDATION:

That letters of censure be given Messrs. Branigan, Hennrich and Belmont for the failure of the Espionage Section to handle this matter properly and for their not having followed more closely the work of former SA Fellner in this matter.

Reference is made to the attached memorandum dated February 4, 1953 from Mr. Relmont to Mr. Ladd in which Mr. Relmont reviews Special Agent Supervisor Wacks' contacts with of the Department in connection with the Owen Lattimore Espionage - R and Perjury investigation. Mr. Belmont concludes that Mr. Wacks' actions in connection with his contacts with had been correct with one exception, namely that although Wacks did record such information as _____furnished in 19 memoranda, he did not make b6 sufficient record of other matters which came up between him and b7C with the result that Wacks did not have a written record to fall back on at this time. Ur. Relmont pointed out that Supervisor Facks recognized this defect as pointed out in a memorandum prepared by Wacks dated February 4, 1953. Mr. Belmont recommended a letter of censure for Supervisor lacks for his failure to properly record his conversations with _____ The Director requested that I review this entire matter and let him have a memorandum as to my recommendations for disciplinary action. I feel that acks committed a grievous error in not properly recording all of his contacts and conversations with think that Mr. Jacks should be disciplined for this failure. feel, however, that Wacks' superiors should likewise be disciplined in connection with this matter since they were aware that Wacks was __in connection with such an important investigation dealing with as the Owen Lattimore case. I think Kr. Ladd should likewise be censured for his failure to adequately sense this situation and insure that Wacks was properly briefed and was handling the contact in a proper manner.

In the event you agree with these recommendations, the Administrative Division will prepare the necessary letters.

Wr. Carl F. Hennrich Federal Bureau of Investigation Tashington, D. C.

Dear Mr. Hennrich:

I have carefully reviewed the results of the inquiry into the failure of the Boston Division to handle an investigative lead in the Joseph Woodrow Zeinberg case until nearly two months after it had been received in that office and after the subject had been tried and acquitted and I note that there was an admitted failure on the part of a Special Agent Supervisor in the Security Branch of the Domestic Intelligence Division to properly follow upon the Roston Office and see to it that the investigation was completed and reported within the deadline which had been fixed.

As Inspector in Charge of the Security Branch it was your responsibility to have made certain that your subordinates were carrying out their duties in an efficient manner and the dereliction in this case indicates that you failed to do this. I must insist that immediate measures be adopted by you to prevent any recurrence.

Very truly yours,

J. Edgar Hoover

of the Administrative Division has requested that explanations be obtained from Messrs.
Belmont, Branigan, and Hennrich as to "what they were doing to supervise the case at the time." He was referring to the failure on the part of the Boston Office to meet the Bureau's deadline in connection with the interview of

The request for the interview had been set out in a Los Angeles report dated January 20, 1953, and was not covered by Boston until March 20, 1953, even though the Bureau had, on January 28, given Boston a deadline of February 10, 1953, to cover all investigative leads and submit reports to the Bureau. A memorandum has previously been prepared, fixing responsibility at the Seat of Government on the Supervisor of the case, James E. McMahon.

Mr. Branigan states that throughout the entire Weinberg investigation, he was in close contact with Supervisor McMahon as to the developments and progress in the case. regular check was made with Mr. McMahon concerning the outstanding leads and the progress which was being made for completion. Mr. Branigan states that he did not, of course, see the Los Angeles report of January 20 setting out the specific lead and had no knowledge of the specific lead in question. Mr. Branigan had impressed upon Supervisor McMahon on numerous occasions the importance of the case from the Bureau's viewpoint. Branigan had discussed with McMahon the following of the leads to insure that the field was covering them, and he knew that McMahon had set up a system for following the leads to insure that they would be covered.

You will recall that on very frequent occasions you conferred with various Departmental officials regarding the case, together with myself, and, on occasions, Mr. Branigan was present during these conferences, as was also Supervisor McMahon. The importance of the case was well recognized in the

Domestic Intelligence Division and on a number of occasions particular problems were discussed in detail by you with myself, Branigan and McMahon, and on other occasions I had numerous discussions with Branigan and McMahon.

The report of January 20, 1953, carrying the specific lead for Boston was not brought to my attention and, of course, was never brought to your specific attention, it being the specific responsibility of the Supervisor of the case (Mr. McMahon), in so far as the Seat of Government was concerned, to handle the administrative details of seeing to it that the various leads were covered.

Mr. Branigan, of course, recognizes his overall responsibility in connection with the work in the Espionage Section, and I, too, recognize my responsibility, in so far as the Security Branch of the Domestic Intelligence Division is concerned, for the proper functioning of all phases of its work.

## ACTION:

If you concur, this memorandum should be forwarded to Mr. Cavanaugh of the Administrative Division, who is handling this matter.

Office Memorandum . UNITED STATES GOVERNMENT DATE: April 6, 1953 MR GLAVIN TO H. L. Edwards FROM JOSEPH WOODROW WEINBERG SUBJECT; INTERNAL SECURITY - R PERJURY : luvolvement of Domestie Intelligence personnel SYNOPSIS: The Boston Office on 3/20/53 interviewed who stated she had attended Communist Party meetings with Teinberg during 1940 and 1941. The lead to interview was set out in Los Angeles report dated 1/20/53. Weinberg was tried for perjury beginning on 2/24/53 and was acquitted on 3/5/53. One count on which he was tried alleged he had lied when he denied under oath that he was would a member of the Communist Party and the testimony of have been pertinent to this count. Bureau letter of 1/28/53 to San Francisco, with copies to other offices including Boston, instructed all outstanding investigation must be completed and reported to the Bureau by 2/10/53. Also, the Los Angeles Office failed to designate a copy of its report for San Francisco although a lead was set out for San Francisco. This omission was discovered at the Bureau on 3/20/53 and instructions have been issued to have San Francisco handle its lead immediately. The results of the interview of have been given the Criminal Division. 149000 - 1747 Responsibility of the Domestic Intelligence Division - Supervisor James F McMahon supervised the case in the Domestic Intelligence Division reviewed the Los Angeles report, and entered the lead for the Boston Office on work sheets he was maintaining to assist him in following the case. He directed a letter to the field, including Boston, instructing them to cover all leads and report them by 2/10/53 but he otherwise failed to follow to insure that the Boston lead was covered. He also failed to note that Los Angeles had not designated copies of its report for San Francisco. SA McMahon offers no alibifor his oversight and expresses deep and sincere regret for any resulting embarrassment. He points out it was not caused by any lack of interest or unwillingness on his part to do a good job and throughout the entire investigation he sincerely tried to adequately supervise the otter of consum T propa Attachmentcc - Mr. Belmont LL Mr. Clegg JIC:cmw imr

case. He pointed out that an estimated one thousand individuals were interviewed during the course of the investigation and because of its extensiveness and the pace necessary to complete it, the investigation was conducted under considerable pressure; also the Bureau had no prior indication that was a Communist Party member or even a Communist sympathizer. Inspector Hennrich pointed out that McMahon made a genuine effort to supervise the case, working long and hard hours, and his overtime for February was 3 hours and 47 minutes and for January, 2 hours and 28 minutes a day.

Separate memoranda are being submitted with respect to the responsibility in other divisions in this case.

#### RECOMMENDATIONS:

The Domestic Intelligence Division recommends that Supervisor James E. McMahon be censured and placed on probation for his failure to have followed further on the coverage of the Boston lead. The Administrative Division concurs.

The Administrative Division further recommends that letters of censure be directed to Section Chief Branigan, Inspector Hennrich, and Assistant Director Belmont in view of their over-all responsibility for the proper supervision of this case.

On 1/28/53 Supervisor James E. McMahon of the Domestic Intelligence Division, who was supervising the Weinberg case, directed a letter to San Francisco, with copies for other interested offices, including Boston. This letter instructed that all outstanding investigation was to be completed and the reports submitted to arrive at the Eureau by 2/10/53. This letter referenced two recent reports prepared in the San Francisco and San Diego Divisions as well as the report of SA Patterson dated 1/20/53 at Los Angeles.

With the exception of the instruction fixing the deadline, the letter otherwise dealt exclusively with instructions for investigation to be conducted at the San Francisco and San Diego Divisions for the purpose of fixing the whereabouts of Weinberg during the Summer of 1941. No mention was made in the letter of the Los Angeles lead directed to the Boston Office.

# PESPONSIBILITY OF THE DOMESTIC INTELLIGENCE DIVISION:

The Weinberg case was supervised at the Seat of Government by SA Supervisor James E. McMahon. Inasmuch as the trial was handled in Washington by an attorney of the Criminal Division together with a representative of the U.S. Attorney's Office, it was necessary to maintain close liaison with the Criminal Division and developments in the case were being closely followed at the Seat of Government.

Supervisor McMahon reviewed the report of Agent Patterson dated 1/20/53 at Los Angeles and entered the lead for the Boston Office on work sheets which he was maintaining in order to assist him in following the case. In the course of supervising the case, McMahon caused the letter of 1/28/53 to be directed to the Sam Francisco Office, with copies to other offices including Boston, and this letter made reference to the Los Angeles report. The letter instructed that all offices were to immediately complete all outstanding investigation and submit the results in report form to reach the Bureau no later than 2/10/53. It is also noted that along with the report of 1/20/53 the Los Angeles Office had furnished the Boston Division a copy of a prior Bureau letter of 12/15/52 which pointed out the necessity for immediately conducting investigation as the subject's trial was at that time scheduled to begin on 2/23/53.

While Agent McMahon was giving close attention to the supervision of this case, he did fail to note that the Boston Office had not met the deadline and subsequently did not even submit its report prior to Weinberg's trial. In addition, the failure of the Los Angeles Office to designate copies of the report for San Francisco was not detected by Supervisor McMahon until 2/20/53 after the receipt of the Boston information at which time McMahon noted the Los Angeles omission and called it to the attention of Mr. Hennrich.

SA McMahon states that he has no desire to alibi for not further following Boston to see that the lead was covered prior to the trial. The error was an oversight and most certainly was not caused by any lack of interest or unwillingness on his part to attempt to do a good job. McMahon said he deeply and most sincerely regrets any embarrassment that may occur as a result of this failure. mentions the fact that this case involved a most extensive investigation running from 1944 and practically every conceivable investigative technique was utilized and hundreds of leads developed as a result. In preparing the case for prosecution, McMahon estimates one thousand individuals were interviewed, including one hundred known Communist Party members. Because of the wide scope of the investigation and pace that was necessary, the investigation was conducted under considerable pressure. Throughout the entire investigation, McMahon says he sincerely tried to adequately supervise the case and discharge his responsibilities. He also says that the Bureau had no previous was a Communist Party member or even a information that Communist sympathizer.

Section Chief William A. Branigan of the Espionage Section states that throughout the entire reinberg investigation, he was in close contact with Supervisor McMahon as to the developments and progress in the case. A regular check was made with McMahon concerning the outstanding leads and the progress which was being made for completion. Mr. Branigan states he did not, of course, see the Los Angeles report of 1/20/53 setting out the specific lead for Boston and had no knowledge of that specific lead. Branigan had impressed upon Supervisor McMahon on numerous occasions the importance of the case from the Bureau's viewpoint and he had discussed with McMahon the following of leads to insure that the field was covering them. Branigan knew that McMahon had set up a system for following the leads in order to insure that they would be covered.

was well recognized in the Domestic Intelligence Division and on a number of occasions particular problems were discussed in detail by Mr. Belmont, Mr. Hennrich, Mr. Branigan, and Supervisor McMahon and on other occasions Mr. Hennrich had numerous discussions with Branigan and McMahon. The Los Angeles report carrying the specific lead for Boston was not brought to Mr. Hennrich's attention or to Mr. Belmont's attention, it being the responsibility of the supervisor insofar as the Seat of Government is concerned to handle the administrative details of seeing to it that the various leads were covered. Messrs. Belmont, Hennrich, and Branigan all recognize the responsibility for the proper functioning of all phases of the work in their respective parts of the Domestic Intelligence Division.

The recommendations of the Administrative Division are set out at the conclusion of the synopsis.

SUBJECT: SENATOR ROBERT C. HENDRICKSON (Republican - New Jersey)

On the evening of April 5, 1953, Commander Willard Nyburg, who is my next door neighbor and who is a son-in-law of Senator Robert C. Hendrickson (Republican -New Jersey), told me that while he was in Woodbury, New Jersey over the week end, Senator Hendrickson had told him he was thinking of making an approach to the Director in an effort to obtain the services of one or two law-trained Agents of the FBI to be used on some special committee assignment. (For your information, preliminary inquiry has established that Senator Hendrickson is a member of the Armed Services Committee, the Judiciary Committee, and the Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws of the Committee on the Judiciary. This Subcommittee is known as the Jenner Committee - old McCarran Committee.) The Senator indicated that this assignment would be for a period of approximately two years and his idea was that he might be able to get the Bureau to temporarily detach personnel who could be used on such an assignment. Senator indicated he would be interested in my services in this connection and specifically asked Nyburg to mention this matter to me. I informed Commander Nyburg I was not interested in such an assignment.

It is noted that Nyburg did not know any details as to what the assignment was or as to what the committee was to which the Senator referred. Nyburg said that since the Senator had not mentioned them, he did not make inquiry. He said the Senator did indicate that these positions would pay around \$10,000 a year. Nyburg stated he was sure the Senator would want to talk with me regarding this matter and indicated he would undoubtedly be in touch with me by next Sunday (April 12).

In this connection, Ry acquaintance with senator

Hendrickson results from his frequent visits to his daughter and son-in-law, who, as indicated above, are next door neighbors, and I often talk with him informally over the week ends.

NAME: CARL E. HENNRICH

INSPECTOR

EOD: February 3, 1934

GS-16

\$12,000

Assistant Director
Belmont:

Mr. Hennrich is in charge of the Security Branch of the Domestic Intelligence Division and thus has supervision of the Espionage and Internal Security Sections. He thus supervises the main bulk of the Bureau's work in the security field, including many complex and delicate investigations. He makes a good appearance, is a direct thinker who cuts through red tape to get results. His approach to problems is very decisive. He welcomes responsibility, is very capable of prompt decisions, and handles personnel in a forthright, decisive manner. He has a wide experience in many phases of Bureau work and is thoroughly grounded in Bureau policy. I rate him as a loyal, very capable executive, who aggressively meets his responsibilities, always looking to protect the Bureau's interests. On occasions he capably handles the Division in my absence.

By letter dated April 10, 1953, Mr. Hennrich was censured, in connection with the Joseph Woodrow Weinberg case, for not making certain his subordinates were carrying out their duties in an efficient manner, the Special Agent Supervisor having failed to properly follow a lead to the Field.

Mr. Hennrich received a letter of censure dated May 13, 1953, for deficiences manifested in the Security Branch in the investigation relating

b6 b7C,

Mr. Hennrich is rated Satisfactory.

INSPECTOR STEIN:

Hennrich has a very good personality, is a hard worker and has a good knowledge of Bureau policy. He accepts responsibility and does not hesitate in making decisions.
